Sydnor, Charles S. Gentlemen freeholders; political practices in Washington's Virginia. Chapel Hill, Published for the Institute of Early American History and Culture at Williamsburg, Va., by the University of North Carolina Press [1952] ix, 180 p. F230.S9

Bibliography: p. [145]-171.

Explaining the electoral process that brought to office men of quality, the author describes the electorate and the tactics of the candidates, emphasizes the sheriff's control of the polls, and explores the sources of power in the counties and the House of Burgesses. Sydnor concludes that the political system was well adapted to the social order in colonial Virginia. Since the political and economic interests of large and small planters nearly coincided, those who managed the largest holdings were usually best qualified for office.

Q11.P612, v. 46

"Essay on sources": p. 258-263.

Focusing on the colonial governors and their relationships with the House of Burgesses, the author describes the emergence of the assembly as the center of political power in the colony. Wertenbaker concludes that by the middle of the 18th century Virginia had become practically self-governing in internal affairs. During the first year of the Revolution, the struggle in Virginia was to preserve this liberty rather than to secure independence.

Raper, Charles L. North Carolina; a study in English colonial government. New York, Macmillan Co., 1904. xiii, 260 p.

JK99.N79R3

Bibliography: p. 252-254.

The author's thesis (Ph.D.), *North Carolina, Royal*

*Province, 1729-75: The Executive and the Legislature*, was submitted to Columbia University in 1902.

After a brief survey of the proprietary period, the author investigates the functioning of the royal government between 1728 and 1775, including such institutions as the governorship, council, and lower house, as well as the defensive, territorial, fiscal, and judicial systems. A series of constitutional disputes between the executive and lower house focused after 1773 upon the jurisdiction of the courts. In the absence of agreement, judicial authority expired, people became alarmed, a provincial congress was called, and the governor fled.

Contributed by John Bennett.

4752

[Glen, James] A description of South Carolina; containing many curious and interesting particulars relating to the civil, natural, and commercial history of that colony . . . To which is added, a very particular account of their rice-trade for twenty years, with their exports of raw silk and imports of British silk manufactures for twenty-five years. London, Printed for R. & J. Dodsley, 1761. viii, 110 p. F272.G55

Evidently based on a manuscript entitled *Answers From James Glen, Esq. Gov<sup>r</sup> of South Carolina, to the Queries From the Right Honourable The Lords Commissioners for Trade and Plantations*, first published in Plowden C. J. Weston's *Documents Connected With the History of South Carolina* (London, 1856), p. [61]-99.

Glen's *Description* has also been published, together with George Milligen's *A Short Description of the Province of South-Carolina* (London, Printed for J. Hinton, 1770), from copies in the collections of the University South Caroliniana Society and the South Caroliniana Library by the University of South Carolina Press (Columbia, 1951. F272.G55 1761a).

4753

Greene, Jack P., comp. The nature of colony constitutions; two pamphlets on the Wylkes Fund Controversy in South Carolina by Sir Egerton Leigh and Arthur Lee. Edited and with an introduction by Jack P. Greene. [Columbia, University of South Carolina Press, 1970] 232 p. (Tricentennial edition, no. 1) F272.G8

Includes bibliographic references.

Contents: Considerations on certain political transactions of the province of South Carolina, by E. Leigh.—*Answer to Considerations on Certain Political Transactions of the Province of South Carolina*, by A. Lee.

4754

Jones, Newton B. Records of the public treasurers of South Carolina, 1725-1776. Columbia, S.C., Dept. of Archives and History [1969]. 20 p. (South Carolina Archives microcopy no. 3) F272.J64

Includes bibliographic references.

Contains summary tables of income and expenditures.

4755

[Leigh, Sir Egerton, Bart.] Considerations on certain political transactions of the province of South Carolina: containing a view of the colony legislatures (under the description of that of Carolina in particular). With observations, shewing their resemblance to the British model. London, Printed for T. Cadell, 1774. 83 p.

AC901.M5, v. 630 Rare Bk. Coll.

The South Carolina Council refused to pass certain legislation favored by William Henry Drayton who registered his protest in the official *Gazette*. The printer, Thomas Powell, was arrested on the order of Sir Egerton Leigh, president of the council. Out of his action grew the controversy reviewed in the *Considerations* and the *Answer to Considerations on Certain Political Transactions of the Province of South Carolina*, supposedly written by Drayton but actually penned by Arthur Lee at the instigation of Henry Laurens (see entry 4753).

4756

Leigh, Sir Egerton, Bart. The man unmasked; or, The world undeceived, in the author of a late pamphlet, intitled, *Extracts From the Proceedings of the High Court of Vice-Admiralty in Charlestown, South-Carolina*, &c. With suitable remarks on that masterly performance. Charles-Town, Printed by Peter Timothy, 1769. 154, 44, 16 p.

F272.L53 Rare Bk. Coll.

Leigh contends that Henry Laurens wrote the *Extracts*.

4757

[Milligen, George] A short description of the province of South-Carolina, with an account of the air, weather, and diseases, at Charlestown. Written in the year 1763. London, Printed for J. Hinton, 1770. 96 p.

F272.M65 Rare Bk. Coll.

Manuscript note on verso of title page: "To James Glen Esq<sup>r</sup>, late governour of South-Carolina which greatly flourished under his administration, from his much obliged servant Geo: Milligen."

Reprinted, together with James Glen's *Description of South Carolina*, in Columbia by the University of South Carolina Press (1951).

4758

A Representation of facts, relative to the conduct of Daniel Moore, Esquire, collector of His Majesty's customs at Charles-Town, in South-Carolina, from the time of his arrival in March, 1767, to the time of his departure in September following. Transmitted by the merchants of Charles-Town to Charles Garth, Esquire, in London, agent for the Province of South-Carolina, and recommended in a letter from the honourable the Committee of Correspondence. Charles-Town, Printed by C. Crouch, 1767. vii, 43 p.

F272.B75

Bibliography: p. 161–177.

The author's thesis (Ph.D.), with the same title, was submitted to Harvard University in 1959.

To suppress the lawlessness that erupted after the Cherokee War of 1760–61, a group of ambitious backcountry property owners banded together as vigilantes. When these Regulators, after ridding the community of the worst elements, began punishing members of the lower class, another group of respectable citizens became Moderators, opposing the excesses of the vigilantes. The strife ceased when the Circuit Court Act of 1769 brought formal justice to the frontier. Brown concludes that the Regulator movement was neither a democratic uprising nor an attempt to overturn provincial authority, but was instead an effort to establish order by unlawful means.

Reprinted in New York by Russell & Russell (1969).

A chronological account that mainly treats political and constitutional developments but also contains separate chapters on social and economic conditions between 1765 and 1775, including such topics as agriculture, merchandising, medicine, religion, education, and amusement. Unlike northern colonies, South Carolina prospered under Britain's imperial policy after 1760. Discontent arose, however, when a party in Charleston led by Christopher Gadsden listened to the complaints of New Englanders. Gov. Thomas Boone's maladministration also incited a spirit of opposition among the people.

4772

Meriwether, Robert L. The expansion of South Carolina, 1729-1765. Kingsport, Tenn., Southern Publishers, 1940. viii, 294 p. F272.M45

Bibliography: p. 263-267.

The author's thesis (Ph.D.), with the same title, was submitted to Columbia University in 1941.

Describes the settlement of the piedmont (backcountry) and the transition zone (middle country) between tidewater and fall line. The Cherokee War dramatized the importance of maintaining an adequate number of settlers there, and the Bounty Act of 1761 continued schemes for white colonization of these regions that Gov. Robert Johnson had inaugurated 30 years earlier. Although their economies and social environments differed, tidewater and backcountry were united by common interests sufficient to forestall the development of sectionalism.

Sirmans, Marion Eugene. Colonial South Carolina: a political history, 1663-1763. Foreword by Wesley Frank Craven. Chapel Hill, Published for the Institute of Early American History and Culture at Williamsburg, Va., by the University of North Carolina Press [1966] xiii, 394 p. map (on lining papers) F272.S5

"Bibliographical essay": p. 361-376.

In the section on the rise of the assembly after 1743, the author recounts the three-cornered struggle for power between governor, council, and assembly. The Christopher Gadsden election controversy of 1762-63—a dispute involving the right of the assembly to judge the election of its members—clarified the nature of the constitutional struggle between that body and the governor, increased tension between province and crown, and foreshadowed stout resistance by the colonists to imperial policy after 1763.

4789

Georgia (Colony). *Laws, statutes, etc.* Georgia colonial laws, 17th. February 1755–10th. May 1770. Savannah, James Johnston, 1763–1770. Washington, D.C., Reprinted, Statute Law Book Co., 1932. 540 (i.e. 558) p. LL

Photo-facsimile reprint.

Irregularities in paging.

"The collection as now reprinted is believed to include all of the laws printed by Johnston, and in addition, a bill to dispose of 14 lost in Savannah never enacted into law, but ordered printed . . . in 1763, and an 'Act for the best settling the province of Georgia, passed 19th of July, 1757' which act was disallowed by the King in 1759. Thirty-four acts passed between February, 1755, and March, 1762, were selected by the commissioners as being in force and printed by Johnston in 1763 in thirty-two pieces. From March, 1762, to May, 1770, there were ten sessions. The acts for each session were separately printed. There were also eight tax acts and one 'patrols act', separately printed. . . . With this reprint, the Watkin's Digest, 1800, and the Wormsloe, 1881, one has in full all the laws passed from 1755 to 1774 except a very few omitted from the Wormsloe . . . The irregularity in the manuscript numbering of the pages is brought about by the fact that four collections were used in making the reprint."—Foreword.

"Bibliographical note": p. [185]-191.

The author's thesis (Ph.D.), *Georgia Under the Royal Governors, 1754-1775*, was submitted to Duke University in 1953.

Following a survey of the colony's economic stagnation under John Reynolds and its growth under Henry Ellis, the author describes in detail James Wright's successes after 1760—acquisition of Indian lands by adroit diplomacy, attraction of large numbers of immigrants, and consequent material progress. As the wealth of the colony increased, its interests diverged from those of England. Although Wright managed to keep Georgia out of the Continental Congress of 1774, the Revolutionary fever generated in the other colonies finally swept into the state and caused Wright to flee early in 1776.

## CHAPTER FIVE

### *The West During the Revolutionary Era*

THE FRONTIER REGION that had been partially settled before the American Revolution was later dubbed the Old West by Frederick Jackson Turner. Stretching from New England to Georgia, the frontier cut across present-day geopolitical boundaries and included the backcountry of New England, the Mohawk Valley of New York, the Susquehanna River valley and western portion of Pennsylvania, the Shenandoah Valley of Virginia, and the southern backcountry beyond the

fall line. Material found in this chapter under Northern Frontier and Southern Frontier, therefore, should be supplemented with the appropriate regional, state, and local studies in chapter 2. Works that are specifically directed toward a western phase of the Revolutionary War, such as Sullivan's Indian Campaign or Clark's expedition against Detroit, will be found in chapter 6.

#### *General Studies*

4801

Abernethy, Thomas. Western lands and the American Revolution. New York, D. Appleton-Century Co., for the Institute for Research in the Social Sciences, University of Virginia, 1937, xv, 413 p. maps (part fold.) [The University of Virginia Institute for Research in the Social Sciences. Institute monograph no. 25]

E210.A15

Bibliography: p. 370-392.

Reprinted in New York by Russell & Russell (1959).

A close study of the political consequences of disputes from 1763 to 1789 over claims to land between the Appalachians and the Mississippi River. The author emphasizes the bitter clashes between Virginians and northern speculators, especially those from Pennsylvania, that affected the outcomes of battles, the adoption of the Articles of Confederation, and postwar relations with European powers. The rush to the West reflected an urge to increase personal fortunes rather than a desire to escape authoritarian government, according to Abernethy, who discounts speculation as a cause of Virginia's revolt against England.

[Perkins, James H.] Annals of the West: embracing a concise account of principal events which have occurred in the western states and territories, from the discovery of the Mississippi Valley to the year eighteen hundred and fifty-six. Compiled from the most authentic sources, and published by James R. Albach. Pittsburgh, W. S. Haven, Printer, 1857. 1016 p. F351.P463

Title page of the first edition (Cincinnati, J. R. Albach, 1846) states that it was compiled by James H. Perkins. The second edition (St. Louis, J. R. Albach, 1850) was revised and enlarged by John M. Peck.

"List of authorities": p. [v]-xi.

The years 1763-29 are covered on p. 161-521.

4826

Philbrick, Francis S. The rise of the West, 1754-1830. New York, Harper & Row [1965] xvii, 398 p. illus., maps, ports. (New American Nation series) E179.5.P45

Bibliographic footnotes.

Describing his work as a commentary on western history, the author surveys such topics as the Proclamation

Line of 1763, the West in the diplomacy of the Revolution, Indian relations, land claims of companies and states, state-making during the Confederation period, and the Northwest Ordinance of 1787. Philbrick emphasizes the legal basis of social and political institutions, and believes that the frontier experience had little influence upon the American character.

4829

Roosevelt, Theodore. The winning of the West. New York, G. P. Putnam's Sons, 1889-96. 4 v. fold. maps. F351.R79

Contents: 1. From the Alleghanies to the Mississippi, 1769-1776.—2. From the Alleghanies to the Mississippi, 1777-1783.—3. The founding of the trans-Alleghany commonwealths, 1784-1790.—4. Louisiana and the Northwest, 1791-1807.

Drawing upon his own experiences in the trans-Mississippi West, the author brought a sympathetic understanding to his sources: oral tradition, manuscripts, and secondary works. Roosevelt eulogized such backwoodsmen as George Rogers Clark, John Sevier, James Robertson, and Daniel Boone who personified qualities he considered to be typically American—individualism, common sense, and a gift for organization. His concept of the English-speaking peoples' mission enabled him, moreover, to place the struggle between Americans, British, French, and Indians within the larger context of the progress of Western civilization.

4830

Sosin, Jack M., comp. The opening of the West. New York, Harper & Row [1969] vi, 237 p. (Documentary history of the United States) F479.S66

Includes bibliographic references.

Arranging over 100 selected documents under 22 headings, the compiler illustrates various phases in the opening of the trans-Allegheny West from 1774 to 1830—early settlement, land speculation and policy, and governmental, economic, and social development.

4831

Sosin, Jack M. The Revolutionary frontier, 1763-1783. New York, Holt, Rinehart and Winston [1967] xiii, 241 p. illus., maps, ports. (Histories of the American frontier) E179.5.S68

Bibliographic references included in "Notes" (p. 193-210). "An essay on bibliography": p. 211-224.

Examines the complex forces operative in westward expansion on several frontiers, each posing unique problems, from Vermont to the Floridas. After laying the historical background and contrasting prewar expansion in the North and the South, Sosin details the struggle with the Indian tribes before the war, the political allegiances of the backcountry during the Revolution, the western campaigns conducted by both sides, the West in the diplomacy of the Revolution, state and congressional land policy, various aspects of government and law, and society and the economy on the frontier. He concludes that the frontier experience did not significantly alter the traditional values and structure of American society. Ultimately, the American settler shaped the primitive environment to his own needs.

Alden, John R. John Stuart and the southern colonial frontier, a study of Indian relations, war, trade, and land problems in the southern wilderness, 1754-1775. Ann Arbor, University of Michigan Press, 1944. xiv, 384 p. maps (part fold., in pocket) (University of Michigan publications. History and political science, v. 15) F212.S7A6

Bibliography: p. 357-369.

Reprinted in New York by the Gordian Press (1966). The author's thesis (Ph.D.), *Imperial Management of*

*Indian Affairs in the South, 1756-1775*, was submitted to the University of Michigan in 1939.

Concludes that Superintendent Stuart managed Indian affairs in the South to great advantage. He approved and loyally pursued British aims: to maintain peace while securing the allegiance of Indians east of the Mississippi and to confine the American colonies to the seaboard. Largely through his efforts the Creeks became more docile, the Cherokees and Choctaws came under British influence, and fewer Americans settled beyond his Indian boundaries than might otherwise have been expected.

"Special bibliography": v. 2, p. [253]-264. "General bibliography": v. 2, p. [265]-320.

Reprinted in New York by Russell & Russell (1959).

Emphasizing the factious nature of British politics, the author tells of successive attempts between 1763 and 1774 to develop a colonial policy for the West, including Quebec and Nova Scotia. The Crenville ministry began with a plan for stringent control over Indian relations, land grants, and settlement, but was unable to raise funds in America sufficient to carry out its program. The Rockingham Whigs, especially Charles Townshend, wished to withdraw British troops from the frontier, abolish the Indian Department, and confine settlers to the area east of the Alleghenies. But Lord Shelburne, secretary for the Southern Department, suggested that two new colonies be established, the soldiers withdrawn, and the Indians left to fend for themselves. Political maneuvering within the Chatham ministry caused elements of all three plans to be implemented, making a "chaos" of western policy until 1773-74 when the North ministry belatedly attempted to assert imperial authority over at least part of the Mississippi Valley through the Quebec Act. The revolutionary impulse, according to Alvord, was attributable at least in part to "British muddling" in the West.

Reprinted in New York by Da Capo Press (1971).

A narrative account that emphasizes the political and social-consequences of English and American attempts between 1760 and 1815 to profit from the fur trade with the Indians. British control over the population, like the French influence upon language and social custom, continued long after English authority legally expired. Following the Revolution, British entrepreneurs in Montreal dominated the Wisconsin fur-trading hierarchy, maintained alliances with the Indians, and, in effect, governed the area until the War of 1812.

Bibliography: p. [273]-291.

The author's thesis (Ph.D.), with similar title, was submitted to the University of Michigan in 1925.

Covering the period from Pontiac's War to the withdrawal of English troops from the Detroit area in 1796. Russell provides details on British efforts to regulate the fur trade, win Indian allies, control land speculation, and administer the French settlements in the region known as Michigan—all of the present state, most of Wisconsin, and the northern parts of Indiana and Ohio. He maintains that London kept its forces in the Northwest after the Revolution more to protect the Indians it had rallied against the Americans than to continue its domination of the lucrative fur trade.

Thesis (Ph.D.)—Bryn Mawr College, 1929.

Bibliography: p. 198-205.

Following a detailed study of the organization and functioning of the Southern Indian Department, the author examines the role of the Cherokee, Creek, and Choctaw tribes in the British effort to defeat the Americans. The author concludes that officials in America, especially Gen. John Campbell, rather than those in London were responsible for the department's failure to utilize Indians effectively during the Revolution.

Bibliography: p. 269-292.

The author's thesis (Ph.D.), *The North American Interior in British Colonial Policy, 1760-1775: A Study in Politics, Administration, and Pressure Groups in Relation to the Coming of the American Revolution*, was submitted to the University of Indiana in 1958 (Micro AC-1, no. 58-2938).

Analyzing the origins of British policy for the trans-Appalachian interior, the author examines the reasoning behind the Proclamation of 1763, the response to American refusals to accept limitations upon westward movement, and the final decision to include conquered French territory in the Province of Quebec. Sosin denies that British policy was based upon an explicit mercantilist ideology and contends instead that British ministers acted to solve problems as they arose. From their experience in the French and Indian War they concluded that frontier security depended upon separating Indians and settlers. Laws enacted to raise money to support troops for this purpose, however, became the central issue leading to revolution. With the repeal of the Stamp Act the ministry attempted to exert authority over the seaboard as well. When troops proved unable to police both the coastal areas and the frontier, the ministry gave control of the midwest to Quebec which had long demonstrated its superiority in dealing fairly with the Indians.

Bibliography: p. 326-331.

Traces the history of the Alabama- and Georgia-based tribe from the arrival of the Spanish conquistadors to the Creek attempt at neutrality and final alliance with the Loyalists during the Revolution—a mistake that cost the Indians some 800 square miles of territory ceded to the Americans at the end of the war. The legacy of tribal factionalism stemming from the Revolution is traced in Angie Debo's *The Road to Disappearance* (Norman, University of Oklahoma Press, 1941. xii, 399 p.).

4913

Cotterill, Robert S. The southern Indians; the story of the civilized tribes before removal. Norman, University of Oklahoma Press [1954] xiii, 255 p. facsim., maps, ports. (The Civilization of the American Indian [38]) E78.S53C65

Bibliography: p. 241-249.

In the section on the colonial and Revolutionary periods, the author describes the changes wrought in the way of life of four major tribes—Chickasaw, Choctaw, Creek, and Cherokee—by their contacts with the English, French, and Spanish settlements. During the Revolution both sides hoped that the Indians would remain neutral, but most eventually joined the British and engaged intermittently in border warfare until an Indian defeat near Savannah in the fall of 1782 led to a suspension of hostilities. Tensions continued through the Confederation period when Chief Alexander McGillivray sought to protect Indian lands against further American encroachments.

Gray, Elma E. Wilderness Christians; the Moravian mission to the Delaware Indians, by Elma E. Gray in collaboration with Leslie Robb Gray. Illus. by Clare Bice. Ithaca, N.Y., Cornell University Press [c1956] xi, 354 p. illus., maps, port.

E99.D2G7

Bibliographic footnotes.

Portrays the activities of missionaries and their converts from the 1750's to the present. Because of encroachments by whites during the 18th century, the Christian Indians migrated from Pennsylvania to Ohio. After the slaughter of 82 Delaware men, women, and children by rebel colonists during the Revolution, the tribe moved to Canada and the protection of British arms.

Pearce, Roy H. Savagism and civilization; a study of the Indian and the American mind. Baltimore, Johns Hopkins Press [1967, 1965] xi, 260 p. plate. E93.P4 1967

First edition published in 1953 under title *The Savages of America*.

Bibliographic footnotes.

The author's thesis (Ph.D.), *The Indian and the American Mind, 1775-1800; a Study in the History and Impact of Primitivist Ideas*, was submitted to Johns Hopkins University in 1945.

Analyzes a wide variety of sources that focus on the idea of the Indian as the American savage and finds that, at first, colonials conceived of the Indian as a preliterate creature who would respond to civilizing influence. By 1775, however, the notion generally prevailed that the Indian was unable to advance to a higher state and would inevitably be destroyed by the progressive march of American civilization.

4955

Peckham, Howard H. Captured by Indians; true tales of pioneer survivors. New Brunswick, N.J., Rutgers University Press, 1954. xviii, 238 p. illus. E85.P4

In five of fourteen selected narratives, Peckham retells the stories of Mary Jemison, Alexander Henry, Daniel Boone, Frances Slocum, and Dr. John Knight.

Bibliography: p. 369–384.

Viewing the Seneca Nation from the perspective of the Iroquois tribes, the author first surveys their diplomatic, military, and religious practices and then, beginning with Pontiac's War, tells the story of the Seneca people, their prophet Handsome Lake, and "the moral and religious revitalization they experienced after 1800. During the Revolution, the Americans were unable to subdue the Iroquois and only obtained the Indians' land and political sovereignty over them in a series of negotiations that lasted 13 years.

Peckham, Howard H. Pontiac and the Indian uprising. Princeton, Princeton University Press, 1947. xviii, 346 p. illus., maps, ports. E83.76.P4

Bibliography: p. 326–332.

Reprinted in New York by Russell & Russell (1970).

Focusing more upon the war than the man, the author examines the strategy and motives of the Indians who, in 1763, attacked English posts in the Old Northwest and frontier settlements in Pennsylvania, Maryland, and Virginia. Although Peckham acknowledges that Pontiac fought to restore the independence Indians lost when the British routed the French, he reveals that Pontiac's Conspiracy did not extend beyond the Detroit area. News of the capture of several British forts there inspired other chiefs to attack settlements further to the East. Piecing together Pontiac's life from the meager source material available, he reprints all known transcriptions of Pontiac's letters and speeches.

5047

Bailey, Kenneth P. The Ohio Company of Virginia and the westward movement, 1748-1792; a chapter in the history of the colonial frontier. Glendale, Calif., A. H. Clark Co., 1939. 374 p. maps (part fold.) F517.B25 Bibliography: p. [329]-350.

Stressing the period before 1763 when the Ohio Company was an important instrument in British diplomacy against the French, the author offers information on its origins and personnel, on rivalry between Pennsylvania and Virginia, and on litigation over disputed land claims. The company failed when much of its property was destroyed in the French and Indian War and when its usefulness to the crown diminished after the English victory. Even so, it prospered at times, brought settlers to the trans-Allegheny west, and, according to Bailey, influenced the course of colonial history in the Ohio Valley more than any other land company.

Brewster, William. The fourteenth commonwealths; Vermont and the states that failed. Philadelphia, G. S. MacManus Co., 1960. xiv, 268 p. maps. E309.B73 "List of documents, records, and books": p. 256-258.

Compares three abortive attempts at state-making—Westmoreland, Franklin, and Transylvania—with the successful movement to carve Vermont out of the New Hampshire Grants. All were conceived on the eve of the Revolution to satisfy a desire for better and cheaper land, were promoted mainly by poor but adventurous young men, and were beset with such problems as disputed land titles, jurisdictional conflicts, internal jealousies, and hostile neighbors.

Lester, William S. The Transylvania colony. Spencer, Ind., S. R. Guard, 1935. xv, 288 p. F454.L47

Thesis (Ph.D.)—University of Kentucky, 1934.

Bibliography: p. 282-288.

Describes the early settlement of Kentucky and assesses the Transylvania Company's contributions to the opening of the region. The author concludes that the company did not have clear and undisputed title to the land granted by the Cherokee under the Treaty of Sycamore Shoals, that the government established under the company's constitution lacked sovereign powers, that the colony was created by Richard Henderson and his associates for the remunerative exploitation of western lands, and that its contribution to the development of the West has been overestimated.

Lewis, George E. The Indiana Company, 1763-1798; a study in eighteenth century frontier land speculation and business venture. Glendale, Calif., A. H. Clark Co., 1941. 358 p. fold. maps, ports. (Old Northwest historical series, 4) F517.L67

Bibliography: p. [325]-337.

Reprinted in Freeport, N.Y., by Books for Libraries Press (1970).

The author's thesis (Ph.D.), with the same title, was submitted to the University of California, Los Angeles, in 1941.

Unravels the myriad of political and legal maneuvers by which a group of entrepreneurs, led by Samuel Wharton and William Trent, sought unsuccessfully to perfect its title to a large tract of land in present-day West Virginia awarded them as compensation for trading losses sustained during Pontiac's uprising. The company was unable to gain a clear title in Britain and, with the onset of the Revolution, turned to the Virginia legislature, the Continental and Confederation congresses, and finally to the Supreme Court.

Livermore, Shaw. *Early American land companies; their influence on corporate development*. New York, Commonwealth Fund, 1939. xxx, 327 p. (Publications of the Foundation for Research in Legal History, Columbia University School of Law) HD195.A3L5

Thesis (Ph.D.)—Columbia University, 1939.

Bibliography: p. [314]–318

Reprinted in New York City by Octagon Books (1968).

Describes the origin and growth of nearly two dozen land companies organized between 1745 and 1800 and the role that they played in the legal evolution of the modern corporation. Livermore contends that the general laws of incorporation that developed in the United States did not derive from the experience of the 17th-century English chartered companies that were created by act of government and given special privileges and monopolies. Instead, the American corporation had its origin in the voluntary joint stock associations that were formed increasingly in Great Britain after the Bubble Act and were represented in America by the great land companies engaged in speculation along the frontier.

[Wharton, Samuel] View of the title to Indiana, a tract of country on the river Ohio. Containing Indian conferences at Johnson-Hall, in May, 1765; the deed of the Six Nations to the proprietors of Indiana; the minutes of the congress at Fort Stanwix, in October and November, 1768; the deed of the Indians, settling the boundary line between the English and Indian lands; and the opinion of counsel on the title of the proprietors of

Indiana. Philadelphia, Printed by Styner and Cist, in Second-Street, near Arch-Street, 1776. 46 p.

F526.W55 Rare Bk. Coll.

At the Treaty of Fort Stanwix in 1768, the chiefs of the Six Nations ceded to the firm of Baynton, Wharton and Morgan, of Philadelphia, a large tract of land as indemnification for the loss of nearly £40,000 worth of goods destroyed by the Indians. The tract covered a large part of what is now the state of West Virginia, and to it the grantees gave the name of Indiana. Later, the plans for the development of this "Indiana" tract were merged into those of a larger undertaking, called the Walpole Company, which proposed the founding of a western state under the name of "Vandalia." An enlarged edition of this pamphlet was published under the title *Plain Facts: Being an Examination Into the Rights of the Indian Nations of America to Their Respective Countries; and a Vindication of the Grant From the Six United Nations of Indians to the Proprietors of Indiana, Against the Decision of the Legislature of Virginia* (Philadelphia, Printed and sold by R. Aitken, 1781. 164 p. AC901.W7, v. 3 Rare Bk. Coll.).

Bibliography: v. 2, p. 577-656.

Surveys the North American fur trade from the early 17th century to the middle of the 19th century. The author concentrates on government supervision, business management, commercial arrangements, and financial aspects of the trade. The relationships between the fur trade and the Quebec Act, the Peace Treaty of 1783, and the postwar Anglo-American conflicts over western lands are examined. Phillips concludes that the fur trade was not essentially a frontier concern; it was instead a subject of high political and economic importance to several nations.

Saum, Lewis O. The fur trader and the Indian. Seattle, University of Washington Press [1965] xii, 324 p. front.

E77.S28

Bibliography: p. [287]-311.

Investigating conflicting views of the Indian as either "noble savage" or "savage beast," the author analyzes accounts left by those white men who had the most direct and extended contact with native Americans from the 17th to the early 19th century. Saum believes that fur traders were, for the most part, astute and sympathetic observers of both Indian behavior and the continuous clash of cultures that led to the virtual extinction of Indian civilization. Rather than presenting a stereotyped image of Indian character in their writings, fur traders revealed that each tribe was different, possessing unique and distinctive qualities, and that they had to be dealt with on an individual basis.

A summary of the author's thesis appeared in the *Mississippi Valley Historical Review*, v. 3, Sept. 1916, p. 172-202, under the title "The Organization of the British Fur Trade, 1760-1800."

An economic and diplomatic study of the organization and defense of the British fur trade. The author concludes that fur trading was subsidized by imperial policy under the influence of Canadian and British merchants, that the industry exercised a monopolistic control over colonial life in the Great Lakes and upper Mississippi Valley regions, and that

the strength of the system established by the English traders preserved Great Britain's dominance in the area until after the War of 1812.

Moore, Arthur K. *The frontier mind; a cultural analysis of the Kentucky frontiersman*. [Lexington] University of Kentucky Press [1957] x, 264 p. F454.M65

Bibliographic references included in "Notes" (p. [250]-259).

Discusses the origins of frontier stereotypes in American literature as they were influenced by the Enlightenment. Moore contends that 18th- and early 19th-century Kentuckians possessed few of the qualities attributed to men living close to nature. The culture they erected in the wilderness was eccentric, violent, and base, thus constituting a grotesque joke at the expense of the Age of Reason, considering its glorification of primitives.

Clark, John G. New Orleans, 1718-1812; an economic history. Baton Rouge, Louisiana State University Press [1970] xii, 395 p. HC108.N4C55

"Notes on sources": p. 361-375.

One-third of the study is devoted to the Spanish period, 1763-1803, giving primary attention to economic penetration of the colony by British and American interests. The author finds that the Spanish governors encouraged British and American entrepreneurs in an effort to stimulate the economic growth of New Orleans and to circumvent the static nature of the Spanish colonial system. Clark credits the Americans with providing the human and monetary resources necessary for the development of interior Louisiana and the sustained economic expansion of New Orleans under Spanish rule.

Hayes, Mary. Politics and government in colonial Saint Louis [1764-1803]: a study in the growth of political awareness. 1972. ([287] p.)

Micro AC-1, no. 72-23,949

Thesis (Ph.D.)—St. Louis University.

Abstracted in *Dissertation Abstracts International*, v. 33, Sept. 1972, p. 1109.

Because of the far-flung nature of its empire, Spain depended heavily upon native Saint Louisans to execute Spanish policy in upper Louisiana. Practical experience in local government prepared Missourians for American rule.

"Notes": p. 223-245.

Reprinted in Lincoln by the University of Nebraska Press (1969).

The author's thesis (Ph.D.), *The Old Southwest, 1783-1791*, was submitted to Harvard University in 1924.

Recounts the strategies, intrigues, and activities of Spanish and American officials, southern Indians, land spec-

ulators, and frontiersmen in the Old Southwest from the Treaty of Paris to the Treaty of San Lorenzo, an agreement that codified developments after 1783. During the Confederation period, Americans gained the right to sail the Mississippi River and to trade from Kentucky to New Orleans; the United States held the loyalty of its western citizens, and Spain, though it retained legal title, lost effective control over the disputed lands, including the Natchez District.

5252

Whitaker, Arthur P. Spanish intrigue in the Old Southwest: an episode, 1788-1789. *Mississippi Valley historical review*, v. 12, Sept. 1925: 155-176.

E171.J87, v. 12

Study of the Spanish overtures to the frontiersmen of Franklin and Cumberland incidentally throws light on Indian relations, land speculation, and the southern fur trade.

Hinsdale, Burke A. Three important documents relating to western land cessions. *Ohio archaeological and historical quarterly*, v. 2, Sept. 1888: 276-288.

F486.O51, v. 2

Contents: 1. The Maryland declaration of December 15, 1778.—2. The Virginia remonstrance of December 14, 1779.—3. The Connecticut cession of October 10, 1780.

5276

Horsman, Reginald. American Indian policy in the Old Northwest, 1783-1812. *William and Mary quarterly*, 3d ser., v. 18, Jan. 1961: 35-53.

F221.W71, 3d s., v. 18

The basic policy of the U.S. government toward the Indians of the Old Northwest—the wholesale acquisition of land between the Ohio and the Mississippi either by force or purchase—proved incompatible with both friendship and plans for eventual absorption.

5277

Horsman, Reginald. Expansion and American Indian policy, 1783-1812. [East Lansing] Michigan State University Press, 1967. 209 p. E93.H79

Bibliography: p. 195-201.

In the chapters on the Confederation period, the author describes the unsuccessful attempts by Congress to impose a federal Indian policy upon Georgia, North Carolina, and the

temporary state of Franklin; to achieve a treaty with the Creeks; and to protect Cherokee lands from incursions by whites under the Hopewell Treaty. Too weak to achieve its goals, Congress hoped to pacify the southern frontier in order to speed northern expansion.

Published also without thesis note.  
Bibliography: p. 203-224.  
Reprinted in New York by AMS Press (1971).

In tracing the attempts to establish an Indian policy, the author discusses the British experience upon which Americans drew, describes attempts to secure Indian allies or to ensure their neutrality during the Revolution, and examines the relatively unsuccessful peace negotiations with tribes north and south. Since experience soon indicated that it was better to negotiate at the federal than at the state level, elements of the plan of 1786, which gave jurisdiction over trade and negotiation to the War Department, found their way into the new Constitution.

U.S. *Treaties, etc.* Indian treaties, and laws and regulations relating to Indian affairs: to which is added an appendix, containing the proceedings of the old Congress, and other important state papers, in relation to Indian affairs. Compiled and published under orders of the Department of War of the 9th February and 6th Octo-

ber. 1825. Washington City, Way & Gideon, Printers [1831?] xix, 661 p. E95.U6 1831

Consists of the edition published in 1826 (xix, 529 p.) with supplementary pages [531]-661. The title page of the 1826 edition is retained.

Compiled by Samuel S. Hamilton.

Lists by tribe nine treaties negotiated before 1790 and gives the text of each. Other editions, with different arrangements, were published in 1837 and 1904. The 1904 edition, compiled and edited by Charles J. Kappler, has been reprinted in New York by Interland Pub. (1972. 1099 p. KF8203 1972b).

"Bibliographical essay": p. 495-537.

Surveys the social, economic, and political development of a distinctive frontier culture during the period 1750-1815. The authors observe that the common experiences of the settlers were more influential in shaping cultural patterns than were their numerous ethnic differences and note that the east-west conflict, although similar to the struggle taking place in such states as Virginia and North Carolina, did not lead to the creation of a separate western state. The authors also show that the expanding Pennsylvania settlements were of strategic importance in the military campaigns that established American control of the Ohio Valley during the Revolutionary War.

Clark, Charles E. The eastern frontier; the settlement of northern New England, 1610-1763. New York, Knopf, 1970. xxiv, 419, xvi p. illus., maps.

F7.C6 1970

Includes bibliographic references.

Concentrating upon the social history of the area, the author explores the development of the country town after 1725, the effects of the Great Awakening, and the relationships between culture, religion, and politics in the region that later became the states of New Hampshire and Maine. Northern New England developed distinct social patterns during its formative years, but by 1760 it had become much like the southern district, as Puritan Massachusetts extended its influence and brought a measure of order and cohesion to frontier life not present during the 17th century.

Horn, William F. The Horn papers; early westward movement on the Monongahela and upper Ohio, 1765-1795. Waynesburg, Pa., Published for a committee of the Greene County Historical Society, by the Herald Press, Scottdale, Pa., 1945. 3 v. illus., maps (part fold.), plates. F149.H73

Vols. 1-2, text; v. 3, atlas, with imprint: Waynesburg, Pa., Published for a committee of the Greene County Historical Society, by the Hagstrom Co., New York, N.Y.

Contains documents that allegedly relate to the activities of Jacob and Christopher Horn and the early history of Greene and Washington counties in Pennsylvania. The authenticity of the documents was investigated by a committee sponsored by the Institute of Early American History and Culture and the results were reported by Arthur P. Middleton and Douglass Adair in "The Mystery of the Horn Papers," *William and Mary Quarterly*, 3d ser., v. 4, Oct. 1947, p. 409-445. The committee concluded that the primary material in volumes 1 and 2 is a fabrication and should not be relied upon, but that the warrant, survey, and patent maps in volume 3, prepared by the Pennsylvania Land Office, are valuable historical sources.

Lemon, James T. The best poor man's country; a geographical study of early southeastern Pennsylvania. Baltimore, Johns Hopkins Press [1972] xviii, 295 p. maps. HD211.P4L45  
Bibliographic references included in "Notes" (p. 229-279).

An intensive analysis, buttressed by 93 statistical tables, of the interplay between society and the land from 1680 to 1800, with particular attention to such issues as the choice of original sites of settlement, the degree of internal migration within a given area, the emergence of a mixed farming system, and the development of urban patterns. Discounting the influence of environment and ethnic traditions on decisionmaking, Lemon finds that the settlers' perceptions of their immediate social situation, their aspirations, and their daily practices were more important in determining their actions. He concludes that the style of life that evolved in this prosperous region, based on liberal individualism and material gain, served as a prototype for 19th-century American development.

Bibliography: p. 109-121.

The author's thesis (Ph.D.), *A Century of Conflict: Politics and Rivalries Over Indian Lands in Colonial New York*, was submitted to the University of California, Santa Barbara.

Studies a century of conflict, political intrigue, and rivalry between Indians, speculators, large landholders, small farmers, colonial officials, and the British imperial administration over possession of lands in New York during the years 1664-1775. Concentrating upon a few representative disputes, such as those involving the Kayaderoseras Grant and Philipse Patent, the author contends that the Iroquois supported the Loyalists because the Indian leaders knew the colonists deceived them, while the crown in contrast attempted to help by annulling grants made in violation of imperial policy.

Bond, Beverley W. Some political ideals of the colonial period as they were realized in the Old Northwest. In *Essays in colonial history presented to Charles McLean Andrews by his students*. New Haven, Yale University Press, 1931. p. 299-325. E187.E78

The Revolutionary veterans that flocked to the Old Northwest following the war carried with them the political ideals of the colonial period. Only partially realized during the Revolution, these ideals shaped the institutions of the new commonwealths that arose in the Northwest Territory.

5405

Buck, Solon J. The story of the Grand Portage. Minnesota history bulletin, v. 5, Feb. 1923: 14-27. F601.M72, v. 5

On the nine-mile portage across the northeastern corner of the present state of Minnesota from Lake Superior to the Pigeon River.

5406

Butler, Mann. Details of frontier life. In *Kentucky Historical Society. Register*, v. 62, July 1964: 206-229. F446.K43, v. 62

A description of several aspects of daily life along the Pennsylvania, Maryland, Virginia frontier, excerpted from the author's unpublished *Valley of the Ohio*.

5407

Caruso, John A. The Great Lakes frontier; an epic of the Old Northwest. Maps by Francis J. Mitchell. Indianapolis, Bobbs-Merrill [1961] 432 p. maps. F479.C3

Bibliography: p. 416-423.

In a wide-ranging narrative that begins with the journey of Jacques Marquette and Louis Jolliet to the Mississippi in 1673 and ends with the admission of Wisconsin to the Union in 1848, the author includes chapters on the Illinois country in the Revolution, the campaigns of George Rogers Clark, and the early settlements in Ohio.

5408

Doddridge, Joseph. Notes on the settlement and Indian wars of the western parts of Virginia and Pennsylvania from 1763 to 1783, inclusive, together with a review of the state of society and manners of the first settlers of the western country. With a memoir of the author by his daughter, Narcissa Doddridge. Republished with the addition of new and valuable material. By John S. Ritenour and Wm. T. Lindsey. Pittsburgh, Pa., 1912. 320 p. ports. F517.D65

"This is the third printing of 'Doddridge's Notes.' The first was in 1824, by Mr. Doddridge himself, at the office of the Wellsburg, Va., Gazette. . . . The second edition, edited

by Alfred Williams. . . . was printed at Albany, N.Y., in 1876, by Joel Munsell."—Preface.

Downes, Randolph C. Council fires on the upper Ohio; a narrative of Indian affairs in the upper Ohio Valley until 1795. [Pittsburgh] University of Pittsburgh Press, 1940. x, 367 p. map (on lining papers) F517.D69  
Bibliography: p. [339]-347.

With sympathetic understanding of the Indian position, Downes reviews the struggle for control of the Pennsylvania-Ohio frontier from the Council of Lancaster in 1744 to the Treaty of Greenville in 1795. He treats in turn the later years of French ascendancy, the establishment of British control, Pontiac's Conspiracy, Dunmore's War, the Revolution in the Ohio Valley, the impact of George Rogers Clark on the region, and the Indian wars that led to Wayne's victory at Fallen Timbers.

Reprinted in Freeport, N.Y., by Books for Libraries Press (1970).

The author's thesis (Ph.D.), with the same title, was submitted to the University of Pennsylvania in 1906.

The first two chapters, "The County of Illinois" (p. 9-39) and "The Period of Anarchy in Illinois" (p. 40-70), cover the years 1778-90.

5487  
Boyd, Carl E. *The county of Illinois*. American historical review, v. 4, July 1899: 623-635. E171.A57, v. 4

Its claims strengthened by the campaigns of Gen. George Rogers Clark, Virginia created the county of Illinois in October 1778 to include the whole country northwest of the Ohio River. Actual authority never extended beyond the French settlements along the Mississippi and Wabash. The land was later ceded to the United States under the Ordinance of 1787.

5488  
Burgess, Charles E. John Rice Jones, citizen of many territories. *In Illinois State Historical Society. Journal*, v. 61, spring 1968: 58-82: illus., map, port. F536.I18, v. 61

Focuses largely on the political animosities between John Dodge's "military party" and the "French party" following Clarke's capture of Kaskaskia.

5489  
Butricke, George. *Affairs at Fort Chartres, 1768-1781* [i.e. 1771] *Historical magazine*, v. 8, Aug. 1864: 257-266. E171.H64, v. 8

An offprint (Albany, J. Munsell, 1864. 12 p. F549.F458) is entered in the Library's catalogs under the name of the editor of the periodical, Henry R. Stiles.

On the regime of Lt. Col. John Wilkins, a British officer, at Fort Chartres on the bank of the Mississippi near Prairie du Rocher, Illinois, as reported by an ensign in his command in letters to Capt. Thomas Barnsley, of Bucks County, Pennsylvania.

Cahokia, Ill. *Cahokia records, 1778-1790*. Edited with introduction and notes by Clarence Walworth Alvord. Springfield, Ill., Trustees of the Illinois State Historical Library, 1907. clvi, 663 p. facsim., fold. map, plates, ports. (Illinois State Historical Library, Springfield. Collections, v. 2. Virginia series, v. 1) F536.I25, v. 2

Documents in French and English.

Contents: Introduction.—Petition to Clark.—Stray leaves from the court of the committee of Cahokia.—Record of court established by George Rogers Clark.—Act of Virginia Assembly creating county of Illinois.—Transcripts from the Cahokia record.—Record of the court of the district of Cahokia.—Extract from the registers of the magistracy of Cahokia.—Cahokia documents, French.—Cahokia documents, English.—Bibliography.—Index.

The introductory essay is a history of the southern part of Illinois and the adjacent territory, which was made a county by Virginia in 1778, from Clark's conquest to the organization of the Northwest Territory. Originally presented to the University of Illinois as the editor's thesis (Ph.D.) in 1907, the introduction was published separately under the title *The County of Illinois* by the Illinois State Historical Library (Springfield, 1907. [152 p.] F545.A57).

Bibliography: p. 185-199.

Reprinted in Port Washington, N.Y., by Kennikat Press (1970) and in Freeport, N.Y., by Books for Libraries Press (1971).

The author's thesis (Ph.D.), *British Policy in the Illinois Country, 1763-1768*, was submitted to the University of Illinois in 1908.

Reviews British administration of French Catholic settlements and Indian missions like Kaskaskia in the Mississippi River Valley. The early years of English occupation were marked by disputes with Indians, difficulties in regulating the fur trade, and abortive plans for colonization. The inhabitants sought civil instead of military rule, but before such proposals could be acted upon, the region was engulfed by the Revolution.

"A list of the sources and secondary works cited": p. [141]-145.

The author's thesis (Ph.D.), with the same title, was submitted to Columbia University in 1909.

Following a review of British policy toward the West after 1763, the author describes the westward expansion of Virginia, the overthrow of British power by George Rogers Clark in 1778, the English effort to regain the territory, Virginia's government of Illinois, 1778-83, and the peace negotiations of 1782. Britain relinquished Illinois, according to Schuyler, mainly because war against the Americans cost far more than the profits from her main interest in the area—the fur trade.

5506

Smith, George W. History of Illinois and her people. Chicago, American Historical Society, 1927. 6 v. coats of arms, facsim., maps, plates, ports. F541.S63

Vols. 3-6 contain biographical material.

Chapters 9-15 in volume 1 (p. 127-238) contain information on the Revolutionary period.

### THE SOUTHERN FRONTIER

- 5533 Abernethy, Thomas P. Three Virginia frontiers. University, La., Louisiana State University Press, 1940. xiii, 96 p. (The Walter Lynwood Fleming lectures in southern history, Louisiana State University, 1940)  
F229.A25

Briefly analyzes the advance of Virginia's frontier through tidewater, piedmont, and valley to the transmontane region of Kentucky and suggests that frontier conditions did not necessarily produce democratic institutions. Leveling influences were countered by such forces as European traditions, British legal systems, and the methods of settling land.

- 5534 Alvord, Clarence W. Virginia and the West: an interpretation. Mississippi Valley historical review, v. 3, June 1916: 19-38.

Ramsey, Robert W. Carolina cradle; settlement of the northwest Carolina frontier, 1747-1762. Chapel Hill, University of North Carolina Press [1964] xiii, 251 p. facsim., maps. F262.R8R3  
Bibliography: p. [219]-238.

Concludes that the original settlers in northwestern North Carolina had migrated south from the Chesapeake Bay-Delaware River region primarily in search of cheap, fertile land. Both the text and the appendixes include exhaustive lists of these early inhabitants.

5556

Rice, Otis K. The Allegheny frontier: West Virginia beginnings, 1730-1830. Lexington, University Press of Kentucky, 1970. xiii, 438 p. maps. F241.R5  
The author's thesis (Ph.D.), *Frontier West Virginia: Some Aspects of Its Political, Social, and Economic Development*, was submitted to the University of Kentucky in 1960.

Following a survey of exploration and settlement in western Virginia through the Revolutionary era, the author treats the development of medicine, education, religious institutions, industry, and government. Although frontiersmen defeated the British and Indians, they lost the major portion of their domain to eastern speculators. Uncertain land titles and geographical isolation made the frontier unattractive to substantial numbers of sturdy yeomen who, Rice suggests, might have attacked successfully the economic, educational, and political problems that troubled the area.

Chapters 18-20 (p. 342-403) treat the years 1760-84.

## 2. TENNESSEE

5586

Abernethy, Thomas P. *From frontier to plantation in Tennessee; a study in frontier democracy.* Chapel Hill, University of North Carolina Press, 1932. xi, 392 p. maps. F436.A17

Bibliography: p. [365]-376.

Reprinted in University, Ala., by the University of Alabama Press (1967).

Covering the period from 1768 to the Civil War, the author investigates, in the section on the Revolutionary era, the activities of William Blount and other speculators in the Watauga and Cumberland regions of western North Carolina and Virginia, including their intrigues with Spain. Rather than a symbol of freedom on the frontier, Abernethy considers the state of Franklin, which was formed by western Carolinians in late 1784, to be no more than a pawn in a struggle between rival groups of landgrabbers, a game played at the expense of the economic and political interests of the average frontiersman.

5587

Alderman, Pat. *The overmountain men; early Tennessee history, 1760-1795.* Illus.: Bernie Andrews [and others] Johnson City, Tenn., Overmountain Press [1970] 286 p. illus., maps, plan, ports. F436.A37 1970

Bibliography: p. 284.

A narrative filled with minor detail about Tennessee frontiersmen, the Battle of Kings Mountain, the Cumberland settlements, the state of Franklin, and the Southwest territory.

5685

Watlington, Patricia. Discontent in frontier Kentucky. In *Kentucky Historical Society. Register*, v. 65, Apr. 1967: 77-93. F446.K43, v. 65

Because Virginia's defensive measures failed to provide adequate protection against Indian attack and its restrictive land titles hampered settlement, many frontiersmen remained loyal to Great Britain while others supported the congressional claim in hopes that Congress would not only annul Virginia land titles but also grant statehood to Kentucky.

5686

Watlington, Patricia. The partisan spirit; Kentucky politics, 1779-1792. New York: Atheneum, 1972. viii, 276 p. F454.W3 1972

Bibliography: p. [235]-264.

The author's thesis (Ph.D.), with the same title, was submitted to Yale University in 1964 (Micro AC-1, no. 65-7553).

Depicts personal hardships endured by pioneers in the Kentucky region of Virginia's frontier, describes the machinations used by earlier and later arrivals to secure disputed land titles, and follows the changing positions of two—after 1785, three—political groups. The "partisans," landless settlers mainly from Pennsylvania and North Carolina, wished to overturn old titles and thus petitioned Congress for statehood. When they lost control of the statehood movement, they reversed their position and opposed separation from Virginia. The "articulate center," bright young Virginians of an aristocratic bent, split into two parties. The "court party," lawyers and judges who dominated the dis-

strict court, emphasized animosity between east and west, opposed a strong central government, and encouraged manufacturing. The "country party," great landholders who first came west as surveyors, looked upon the United States as one nation, favored ratification of the federal Constitution, and guided Kentucky into the Union in 1792.

## CHAPTER SIX

### *The War for Independence, 1775-1783*

#### *General Military Histories*

#### CONTEMPORARY SOURCES

5689

The American and British chronicle of war and politics; being an accurate and comprehensive register of the most memorable occurrences in the last ten years of His Majesty's reign: in which will be found above eighteen hundred interesting events, during the late war between Great Britain and America, France, Spain, and Holland; from May 10, 1773, to July 16, 1783. The whole carefully collected from authentic records and correctly arranged in chronological order. London, Printed for the author [1783] [120] p. E209.A49 Rare Bk. Coll. Dedication signed: E. I. S.

5690

Andrews, John. History of the war with America, France, Spain, and Holland; commencing in 1775 and ending in 1783: London, J. Fielding, 1785-86. 4 v. fold. maps, port. E208.A56 Rare Bk. Coll.

5691

Bushnell, Charles I. Crumbs for antiquarians. New-York, Priv. print., 1864-66. 2 v. illus., facsim., plates, ports. E203.B97

A collection of historical pamphlets published by Bushnell.

Contents: I. 1. An historical account of the first three business tokens issued in the city of New York. 2. Memoirs of Samuel Smith, a soldier of the Revolution, 1776-1786. 3. Journal of Solomon Nash, a soldier of the Revolution, 1776-1777. 4. Memoirs of Tarleton Brown, a captain of the Revolutionary army. 5. A narrative of the life and adventures of Levi Hanford, a soldier of the Revolution. 6. Journal of the expedition against Quebec, under Col. Benedict Arnold, in the year 1775, by R. J. Meigs.—II. 1. The narrative of Major Abraham Leggett, of the army of the Revolution. 2. The narrative of the exertions and sufferings of Lieutenant James Moody, in the cause of government, since the year 1776. 3. The narrative of John Blatchford, detailing his sufferings in the Revolutionary War, while a prisoner with the British. 4. The narrative of Ebenezer Fletcher, a soldier in the Revolution.

5692

Clemens, J. R. Notes from English manuscripts on the American Revolution. University of California chronicle, v. 34, Oct. 1932: 454-469. LD739, v. 34

Cites various sources critical of the military conduct of British generals Gage, Clinton, Burgoyne, Howe, and Hal-dimand, American generals Lee, Gates, and Washington, and the American military character in general.

5693

Commager, Henry S., and Richard B. Morris, eds. The spirit of 'seventy-six; the story of the American Revolution as told by participants. New York, Harper & Row [1957] lii, 1348 p. illus., facsim., maps, ports.

E203.C69 1967

Bibliography: p. 1297-1319.

The first edition was published in 2 v. by Bobbs-Merrill (Indianapolis, 1958).

In 34 chapters, ranging from the Boston Tea Party in 1773 to the peace negotiations in 1782, the compilers provide excerpts from over 800 official documents, private letters, journals, diaries, memoirs, orations, essays, songs, and verse that offer views of Revolutionary events from the perspective of participants. Commager and Morris present not only the more obvious points of view—British vs. patriot—but include selections that indicate the roles played by the Loyalists, Hessians, French, Spanish, and Indians. Military campaigns and naval engagements predominate, but the vexing problems of supply, inflation, currency, profiteering, medical care, prisons, and the West are not neglected. Over 75 portraits, drawings, and maps illustrate the work.

5694

Dorson, Richard M., ed. America rebels; narratives of the patriots. [New York] Pantheon [1953] 347 p. illus., ports. E275.A2D6

"Bibliographical note": p. 341-342.

"Revolutionary narratives": p. 342-347.

Provides brief introductions to and excerpts from the narratives of Jonas Clark, Ethan Allen, Thomas Dring, Thomas Andros, Nicholas Cresswell, James Moody, Nathaniel Fanning, Baroness von Riedesel, Albigeance Waldo, Sally Wister, George Rogers Clark, John Slover, James Thacher, and Israel Potter.

5695

Egle, William H., ed. Journals and diaries of the War of the Revolution, with lists of officers and soldiers. 1775-1783. Harrisburg, E. K. Meyers, State Printer, 1893. 784 p. fold. map, plans, ports. (Pennsylvania archives, 2d ser., v. 15) F146.P41, 2d s., v. 15 E263.P4E31

Contents: Journal of Major Ennion Williams, on his journey to the American camp at Cambridge, in New England. 1775.—Journal of Captain William Hendricks from Carlisle to Boston, thence to Quebec. 1775.—Journal of the campaign against Québec, by John Joseph Henry. 1775.—Diary of Lieut. James McMichael, of the Pennsylvania Line, 1776-1778.—Journal of Lieut. Erkuries Beatty in the expedition against the Six Nations, under Gen. Sullivan. 1779.—Journal of Rev. William Rogers, D.D., chaplain of Gen. Hand's brigade in the Sullivan expedition. 1779.—Letter of Captain William Gray, of the Fourth Pennsylvania Regiment, with a map of the Sullivan expedition [Oct. 28, 1778].—Journal of Lieut. William McDowell, of the First Penn'a Regiment, in the southern campaign. 1781-82.—Minutes of the Committee of Safety of Bucks County. 1774-76.—Rolls of soldiers of the Revolution, Pennsylvania Line, found in the Department of State, Washington, D.C.—Miscellaneous rolls of associators, militia and flying camp. 1776-83.—Lists of persons pensioned by the United States, residing in Pennsylvania, who served in the War of the Revolution. 1820-25.—Diary of Captain James Duncan, of Colonel Moses Hazen's regiment, in the Yorktown campaign, 1781.—Journal of Samuel McNeill . . . [during Sullivan's expedition] 1779.—Supplemental list of Pennsylvania soldiers in the War of the Revolution [from journals of assembly].—Index.

5696

Hilliard d'Auberteuil, Michel R. Essais historiques et politiques sur les Anglo-Américains. Bruxelles, 1781-82. 4 pt. in 2 v. fold. map, fold. plan, plates, ports. E208.H63 Rare Bk. Coll.

Vol. 2 has title: *Essais historiques et politiques sur la révolution de l'Amérique Septentrionale*.

Frontispiece and one portrait (listed) are wanting; the folded plan of the Battle of Monmouth is not listed.

5697

History of the American war [1775-80] *Columbian magazine*; or, *Monthly miscellany*, v. 4, Jan.-Feb., June 1790: 49-55, 113-117, 359-365; v. 5, July-Dec. 1790: 10-14, 86-91, 158-164, 231-237, 301-308, 375-380; v. 6, Jan.-June 1791: 20-27, 87-92, 169-173, 229-234, 313-318, 377-383; v. 7, July-Dec. 1791: 17-23, 89-95, 156-162, 244-249, 301-310, 382-389; v. 8, Jan.-June 1792: 14-20, 97-103, 161-166, 228-233, 297-302, 345-352; v. 9, July-Nov. 1792: 9-16, 81-89, 158-165, 249-256, 314-325.

AP2.A2U6, v. 4-9 Rare Bk. Coll.

The series ends with the Battle of King's Mountain. The *Columbian Magazine*, which changed its title in March 1790 to *The Universal Asylum and Columbian Magazine*, was superseded in December 1792 by *The Columbian Museum*; or, *Universal Asylum*.

5698

The History of the civil war in America. v. 1. Comprehending the campaigns of 1775, 1776, and 1777. By an officer of the army. 2d ed. London, Printed for T. Payne, 1780. 10, 467 p. fold. map. E267.H661

Authorship ascribed by Sabin and others to a Captain Hall. Sales catalog of William H. Robinson, Ltd. (no. 18, 1927, item 18), gives the author as Capt. William Cornwallis Hall, 28th Regiment of Foot. Library of Congress first official catalog gave author as John Hall.

No Capt. John Hall found in British army lists, 1775-81. Lt. William Cornwallis Hall was sent to America in 1776. No more published.

5699

An History of the war with America, France, Spain, and Holland. Begun in the year 1775, and ended in 1783. [London] Printed in the year 1787. vi, 457 p. E208.H86

Derived largely from the *Annual Register*.

5700

[Korn, Christoph Heinrich] Geschichte der Kriege in und ausser Europa. Nürnberg, G. N. Raspe, 1776-84. 30 pt. in 3 v. fold. maps, plans (part fold.), fold. plates (part col.), ports. E208.K84

General index in each volume.

5701

[Leboucher, Odet J.] Histoire de la dernière guerre, entre l'Angleterre, les États-Unis de l'Amérique, la France, l'Espagne et la Hollande, depuis son commencement en 1775, jusqu'à sa fin en 1783; avec l'éloge impartial des officiers qui s'y sont distingués. Éd. ornée de tableaux contenant la liste des officiers de la Marine française tués ou morts de leurs blessures, noyés ou blessés, & celle des vaisseaux des puissances belligérantes, pris, détruits, coulés bas, brûlés ou naufragés. Paris, Brocas, 1788. 2 v. in 1. E208.H62 1788

5702

[Longchamps, Pierre de] Histoire impartiale des événements militaires et politiques de la dernière guerre, dans les quatre parties du monde. Paris, Chez la veuve Duchesne, 1785. 3 v. E208.L845

5703

Moore, Frank. Diary of the American Revolution. From newspapers and original documents. New York, C. Scribner, 1859-60 [v. 1, 1860] 2 v. maps (part fold.), plates, ports. E208.M82

Reprinted in New York by the New York Times (1969). A one-volume abridgment, by John Anthony Scott, was published in New York by Washington Square Press (1967. 605 p. E203.M68 1967).

A day-by-day account of political and military affairs in England and America, 1775-81, in the form of excerpts from contemporary sources—46 newspapers, 5 manuscript collections, and 5 diaries.

5704

The Port folio; or, A view of the manners and customs of various countries: interspersed with anecdotes of former times. In letters to a friend. By J. R., late captain in the Royal Lancashire Militia, and formerly of the Royal Fuzileers. London, Printed by Dean and Schulze, for T. Egerton, 1812. 2 v. E275.R12

In the second volume the author relates episodes from his wartime experiences from 1777 to 1781 in the middle states and the upper South.

5705

[Post, Lydia M.] Personal recollections of the American Revolution. A private journal. Prepared from authentic domestic records. Together with reminiscences of Washington & Lafayette. Edited by Sidney Barclay [pseud.] New York, Rudd & Carleton, 1859. 251 p. facsim. E275.P85

Micro 01291, reel 195, no. 13E

Reprinted in Port Washington, N.Y., by Kennikat Press (1970).

The second edition was published in New York under the title *Grace Barclay's Diary; or, Personal Recollections of the American Revolution* (A. D. F. Randolph, 1866. 251 p. E275.P855).

"The writer of these Letters, and this Diary [1776-83], was the wife of an officer of the Revolution, and the daughter of a clergyman of the Church of England. . . ."—Pref., p. 13

5706

Rankin, Hugh F. The American Revolution. New York, Putnam [1964] 382 p. maps. E203.R3 1964

Bibliography: p. 360-374.

Brings together excerpts from contemporary diaries, journals, letters, and reminiscences by rebels, redcoats, and Loyalists and links the selections with pithy commentaries in an effort to describe the human side of significant military operations from Lexington to Yorktown.

5707

Schlesinger, George F., and Hugh F. Rankin. Rebels and redcoats. Cleveland, World Pub. Co. [1957] 572 p. maps. E275.S3

Bibliography: p. 529-537.

Links excerpts from contemporary sources, including newspapers, letters, and journals that express the views of participants of all ranks from each side, to form a chronological account of battles fought, mainly in the North, by the Continental Army. The opening chapters, covering events from Lexington and Concord to Bunker Hill, were also published in *American Heritage*, v. 8, Feb. 1957, p. 65-89.

5708

Smith, Charles. The American war, from 1775 to 1783, with plans. New York, Printed for C. Smith, Bookseller and Stationer, no. 51, Maiden Lane. 1797. 183 p. fold. maps, fold. plans, plates, port. E208.S65

Descriptions of the principal battles of the Revolution, originally printed in the author's *Monthly Military Repository*, v. 1, 1796, p. 8-13, 67-74, 155-186, 249-304, and v. 2, 1797; p. 25-56, 97-143 (E201.M78 Rare Bk. Coll.).

5709

Wheeler, Richard, comp. Voices of 1776. New York, Crowell [1972] xvi, 430 p. illus. E203.W45

Bibliography: p. 415-420.

The editor arranges excerpts from autobiographies, journals, diaries, reports, and other contemporary accounts to form a narrative of the war from Paul Revere's ride to Cornwallis' surrender at Yorktown.

## SECONDARY WORKS

5710

Adams, Randolph G., and Howard H. Peckham. Lexington to Fallen Timbers, 1775-1794; episodes from the earliest history of our military forces. Illustrated by original maps and papers in the Clements Library of the University of Michigan. With a foreword by William A. Ganoe. Ann Arbor, University of Michigan Press, 1942. 41 p. facsim., maps, port. [Bulletin of the William L. Clements Library, no. 37]

E172.M53, no. 37

E181.A23

5711

Alden, John R. The American Revolution, 1775-1783. New York, Harper [1954] 294 p. illus. (The New American Nation series) E208.A35

Bibliography: p. 269-283.

A careful analysis of military campaigns and tactics in light of the strengths and weaknesses of the leading generals and the political factors that affected both American and British strategy. Alden also includes chapters on the events that preceded Lexington, the formation of the state constitutions, the accomplishments of Congress under the Confederation, and the peace negotiations that followed Yorktown.

5712

Bauer, Frederic G. Notes on the use of cavalry in the American Revolution. Cavalry journal, v. 47, Mar./Apr. 1938: 136-143. facsim., port. UE1.C33, v. 47

5713

Belcher, Henry. The first American civil war; first period, 1775-1778, with chapters on the Continental or Revolutionary Army and on the forces of the crown. London, Macmillan, 1911. 2 v. maps, plates, ports.

E208.B42

5714

Botta, Carlo G. G. History of the War of the Independence of the United States of America. Translated from the Italian, by George Alexander Otis, Esq. 9th ed., in two volumes, rev. and corr. Cooperstown, N.Y., H. & E. Phinney, 1847. 2 v. maps, plans, plates, ports.

E208.B754

Biographical sketch of the author: v. 2, p. 465-66.

A translation of *Storia della guerra dell'indipendenza degli Stati Uniti d'America* (Parigi, D. Colas, 1809. 4 v. E238.B72). The 1845 edition (not in LC) has been reprinted in Port Washington, N.Y., by Kennikat Press (1970).

5715

Bowers, Ray L. The American Revolution: a study in insurgency. Military review, v. 46, July 1966: 64-72. ports. Z6723.U35, v. 46

5716

Carrington, Henry B. Battles of the American Revolution. 1775-1781. Historical and military criticism, with topographical illustration. New York, A. S. Barnes, 1876. vi, 712 p. illus., maps. E230.C32

Carrington's *Battle Maps and Charts of the American Revolution* was published in New York by A. S. Barnes in 1881 (88 p. E230.C31). Both publications were reprinted in a single volume in New York by the New York Times (712, 88 p. E230.C322 1968).

Following a series of introductory chapters on military science and the art of war as they apply to the American Revolution, the author presents a battle-by-battle description of the war on land from Lexington and Concord to the siege of Yorktown. For each engagement, Carrington summarizes British and American orders, strength, alignment of units, strategy, troop movements, and casualties. He also provides a brief critique and statement regarding the significance of each encounter.

5717

Chidsey, Donald B. The war in the North; an informal history of the American Revolution in and near Canada. New York, Crown Publishers [1967] 214 p. illus., ports. E231.C63

5722

Dupuy, Richard Ernest, and Trevor N. Dupuy. The compact history of the Revolutionary War. New York, Hawthorn Books [1963] 510 p. maps, plans. E230.D8

Bibliography: p. 487-489.

5723

Fiske, John. The American Revolution. Boston, Houghton Mifflin Co. [1902] 2 v. maps, ports. E208.F56 1902

First published in 1891.

One of 19th-century America's most popular and influential historians, Fiske perpetuated the image of George III's despotism, labeling him "the person chiefly responsible for the quarrel." Providing a sequential narrative of the military events that followed Lexington, Fiske concluded that the victory at Yorktown not only ensured American freedom but, by ending the personal government of George III, brought a halt to the only serious danger to English liberties since the expulsion of the Stuarts.

5724

Fiske, John. [The Revolutionary War] Atlantic monthly, v. 62, Nov. 1888: 612-632; v. 63, Jan., Mar., May 1889: 20-37, 398-418, 601-619; v. 64, Aug., Oct., Dec. 1889: 220-239, 463-476, 813-824; v. 66, Sept.-Oct., Dec. 1890: 337-354, 505-518, 789-807. AP2.A8, v. 62-64, 66

Contents: The eve of independence.—Washington's great campaign of 1776.—Ticonderoga, Bennington, and Oriskany.—Brandywine, Germantown, and Saratoga.—The French alliance and the Conway Cabal.—The Monmouth and Newport campaigns.—Border warfare and the Revolution.—The disasters of 1780.—Benedict Arnold's treason.—From King's Mountain to Yorktown.

5725

Graham, Gerald S. Considerations on the War of American Independence. In London. University. Institute of Historical Research. Bulletin, v. 22, May 1949: 22-34. D1.L65, v. 22

Higginbotham, Don. American historians and the military history of the American Revolution. *American historical review*, v. 70, Oct. 1964: 18-34.

E171.A57, v. 70

Sees three phases in the military investigation of the Revolution: a 19th-century enthusiasm for the war itself, a loss of appreciation for the art of war in the first four decades of the 20th century, and a resurgence, since 1945, of the military theme in Revolutionary studies.

E210.H63

"Bibliographical essay": p. 469-491.

Issued in Macmillan's series on wars of the United States, the work covers a wide range of topics analytically while offering a straightforward narrative of strategic maneuvers, battles, and campaigns. The author believes that armies are but projections of the societies that produce them and that the interaction between warfare and society has a profound effect upon both civil and military institutions. Consequently, he analyzes from that perspective such diverse problems as the Anglo-American military tradition, militia versus regulars, British politics and military policies, Loyalists and civil liberties, the structure and morale of the Continental Army, civil-military relations, demobilization, and postwar military policy. In two concluding chapters Higginbotham assesses the impact of the war in Europe and America. He contends that the Revolution was a people's war for political independence fought by armed civilians who displayed a remarkable loyalty to civil authority and the goals of the patriot leaders.

Miller, John C. *Triumph of freedom, 1775-1783*. With maps by Van H. English. Boston, Little, Brown, 1948. xviii, 718 p. maps. E208.M5 1948  
Bibliography: p. [689]-705.  
A comprehensive review of military affairs and diplomacy, interspersed with chapters on propaganda, the ideological conflict between radicals and conservatives, the crisis in England, and the problems created by the peace settlement. In his treatment of economic instability during the war, Miller emphasizes the role of the speculator and the profiteer who benefited from inflation and the resulting decline in morale. He finds, however, that the common goals of individual liberty and popular sovereignty pursued by the "virtuous few" provided a measure of unity and sense of mission for the new nation.

Reprinted in Hamden, Conn., by Archon Books (1965) and in New York by Da Capo Press (1972).  
The failure of British statesmen to recognize or adjust to the fact that the colonies had outgrown the old colonial system resulted in confusion and vacillation in the formation of policy from Grenville to North. Great Britain's defeat in the war can be partly explained by the unwieldy operation of its government at home, the mutual distrust and friction among army and naval commanders in the field, the inability

to develop an overall strategy, a want of initiative, and a decline in morale. The dominant factor in the breakup of the first empire, however, was diplomatic isolation: "the results of the Peace of Paris came belatedly home to roost."

Smelser, Marshall. The winning of independence. Chicago, Quadrangle Books, 1972. 427 p. (The Quadrangle bicentennial history of the American Revolution, 3)

E208.S64 1972

Bibliography: p. 409-413.

Concentrating upon the actions of Congress and the Continental Army, the author provides a general account of the Revolution on land and at sea. While recognizing that the British procrastinated instead of taking advantage of American weaknesses early in the war, Smelser holds that the colonists won because they kept their army intact until the French intervened. Even at that point, however, Congress seemed unable to overcome its propensity for bickering and provincialism and therefore deserved little credit for the victory.

"Critical essay on authorities": p. 334-335.

Reprinted in New York by Greenwood Press (1969) and AMS Press (1971).

An early attempt to free the Revolution from its traditional mold and cast it in an imperial and European setting. Basing his synthesis on published sources, Van Tyne devoted three-fourths of his chapters to military and diplomatic history yet drew attention to the diversity among the states, especially in their constitution-making, and to the difficulties they had compromising their differences to meet a common foe. Ultimately Van Tyne saw the Revolution as an Anglo-American civil war pitting Whig against Tory in the colonies and provoking a constitutional struggle between their counterparts in England.

5755

Van Tyne, Claude H. The War of Independence; American phase, being the second volume of a history of the founding of the American Republic. Boston, Houghton Mifflin Co., 1929. x, 518 p. E178.V28, v. 2

E208.V28

Surveys the developing conflict from the encounter at Lexington to the formation of the French alliance. In the first section the author describes clashes between Loyalists and patriots in 1775, military operations in the Boston area through 1776, and preparations for war in England and America. Van Tyne considers next the division of public opinion in Great Britain, the development of the Revolutionary movement in Virginia, Pennsylvania, and New York, the occupation of New York, and the battles of Trenton and Princeton before examining the growth of colonial unity that culminated in the Declaration of Independence. In the final chapters he analyzes the Burgoyne campaign and the series of steps that led to the treaty with France.

5756

Wallace, Willard M. Appeal to arms; a military history of the American Revolution. New York, Harper [1951] viii, 308 p. illus., facsim., maps. E230.W3

Bibliographic references included in "Notes" (p. 275-300).

Concentrating upon the human side of the war, the author fashions detailed accounts of the major campaigns, especially those in the North, into a coherent narrative. Wallace finds overwhelming evidence of American bungling, corruption, and apathy but considers independence gained and a nation founded to be outstanding achievements by contrast.

5757

Ward, Christopher. The War of the Revolution. Edited by John Richard Alden. New York, Macmillan, 1952. 2 v. (xiv, 989 p.) maps. E230.W34

Bibliography: v. 2, p. 943-954.

A standard reference work in the form of an exhaustive treatment of the land campaigns in the North, from Canada to the Mason-Dixon line, and in the South, from Virginia to Georgia. Drawing upon standard secondary and printed sources, the author describes a great many skirmishes, battles, and sieges that occurred between 1774 and 1781. Ward contends that the Americans fought brilliantly during the smaller actions but could not seem to organize large bodies of troops under a single command. These two volumes represent an expansion of his earlier work, *The Delaware Continentals, 1776-1783*, published by the Historical Society of Delaware (Wilmington, 1941. 620 (i.e. 624) p. E263.D5W3).

Bibliography: p. 275-286.

Reprinted in Spartanburg, S.C., by the Reprint Co. (1969).

Besides a detailed account of events, the author supplies background material on flintlocks and marksmanship, military tactics, and other subjects related to the encounter between British regulars and American militiamen.

5787

French, Allen. The first year of the American Revolution. Boston, Houghton Mifflin Co., 1934. x, 795 p. maps, port.

E208.F73

Reprinted in New York by Octagon Books (1968).

Provides a detailed reconstruction of events in New England and Canada from the skirmish at Lexington until the lifting of the siege of Boston, blended with explanations of their political, military, social, and economic significance. French describes the difficulties faced by each side on land and at sea and offers thoughtful vignettes on civilian and military leaders. During the course of the year a group of armed petitioners were transformed into genuine rebels who would be satisfied with nothing short of full independence.

About Percy's arrival at Lexington with the 1st Brigade, his rescue of Smith's command, and his handling of the return march to Boston.

5799

Murdock, Harold. The nineteenth of April, 1775, exhibiting a fair and impartial account of the engagement fought on that day, chiefly in the towns of Concord, Lexington, and Menotomy, between a detachment of His Britannick Majesty's regular troops and the militia of the province of Massachusetts Bay; with candid remarks upon certain relations of that sanguinary event set forth by other hands. Illustrated with beautiful copperplates. Boston, Houghton Mifflin Co., 1923. x, 134 p. facsimis., map, plates, ports. E241.L6M7

Reprinted in Spartanburg, S.C., by the Reprint Co. (1969).

In his opening essay "Historic Doubts on Lexington," which first appeared in the *Proceedings* of the Massachusetts Historical Society (v. 49; 1915/16. Boston, 1916. p. 361-386), Murdock contends that the Lexington company did not fire on the British troops and was in fact dispersing when Pitcairn's light infantry began firing at the retreating militiamen. He concludes, however, that the question of which side discharged a weapon first, thus provoking the British attack, may never be answered. The essay has been reprinted in *American Heritage*, v. 10, Aug. 1959, p. 60-64, 82-84, with an introduction and comments by Arthur B. Tourtelor, who shows that later evidence has supported Murdock's position.

## THE SIEGE OF BOSTON AND BURNING OF FALMOUTH

### I. CONTEMPORARY SOURCES

5862

Bamford, William. Bamford's diary: the Revolutionary diary of a British officer [Jan. 13-Dec. 31, 1776]. *Maryland historical magazine*, v. 27, Sept.-Dec. 1932: 240-259, 296-314; v. 28, Mar. 1933: 9-26. F176.M18, v. 27-28

Notes of troop movements at the Siege of Boston and in the New York campaign.

5863

Bixby, Samuel. Diary of Samuel Bixby [1775-76] In *Massachusetts Historical Society, Boston. Proceedings*. v. 14; 1875/76. Boston, 1876. p. 285-298. F61.M38, v. 14

5864

Boardman, Benjamin. Diary of Rev. Benjamin Boardman [July-November 1775] In *Massachusetts Historical Society; Boston. Proceedings*. 2d ser., v. 7; 1891/92. Boston, 1892. p. 400-413. F61M38, 2d s., v. 7

5865

A British officer in Boston in 1775. *Atlantic monthly*, v. 39, Apr.-May 1877: 389-401, 544-554. AP2.A8, v. 39

The anonymous diary, which covers the period from November 15, 1774, to March 17, 1776, was written by an officer of the 4th (King's Own) Regiment, possibly Lt. Perigrine Francis Thorne or Lt. David Hamilton. See the introduction by Richard H. Dana, Jr. Reprinted in the *Magazine of History, With Notes and Queries*, v. 18, Jan. 1914, p. 1-15.

5866

Brown, Obadiah. The diary of Obadiah Brown [Jan. 30, 1776-Jan. 6, 1777] In *Westchester County Historical Society. Quarterly bulletin*, v. 4, July-Oct. 1928: 66-72, 83-84; v. 5, Jan. 1929: 10-20. F127.W5W594, v. 4-5

Brown later took part in the New York campaign where

he was wounded. A note by Clarence E. Leonard on Brown's American ancestry appears on p. 63-65.

5867

Camp life in 1776—Siege of Boston. *Historical magazine*, v. 8, Oct. 1864: 326-332. E171.H64, v. 8

Extracts from the diary of an unidentified Connecticut officer, dated January 4-April 6.

5868

Carter, William. A genuine detail of the several engagements, positions, and movements of the Royal and American armies; with an accurate account of the blockade of Boston, and a plan of the works on Bunker's Hill, at the time it was abandoned by His Majesty's forces, on the seventeenth of March, 1776. In a series of letters to a friend. [London] Printed for the author, and sold by him [1784?]. E275.C31 Rare Bk. Coll.

Reproduced in Boston by the Massachusetts Historical Society (1938. E275.C31 1784a).

5869

Cheever, William. William Cheever's diary, 1775-1776. In *Massachusetts Historical Society, Boston. Proceedings*. v. 60; 1926/27. Boston, 1927. p. 91-97. F61.M38, v. 60

5870

Coit, William. Orderly book at Siege of Boston of Capt. William Coit of New London, April 23 to August 7, 1775, with sketch of Capt. Coit. In *Connecticut Historical Society, Hartford. Collections*. v. 7. Hartford, 1899. p. [1]-98. F91.C7, v. 7

The orderly book was apparently written by Moses Fargos.

5871

Craft, Benjamin. Craft's journal of the Siege of Boston. In *Essex Institute, Salem, Mass. Historical collections*, v. 3, Apr.-Oct. 1861: 51-57, 133-140, 167-174, 219-220. F72.E7E81, v. 3

Notes by Samuel P. Fowler.

"Appendix to Craft's Journal of the Siege of Boston": p. 220-228.

5872

Fitch, Jabez. A journal, from August 5th to December 13th, 1775, kept by Lieutenant Jabez Fitch, Jr., of Norwich, of the 8th Company, Capt. Joseph Jewett's, in the Eighth Connecticut Regiment, Col. Jedidiah Huntington's, at the Siege of Boston. In *Massachusetts Historical Society, Boston. 2d ser.*, v. 9: 1894/95. Boston, 1895. p. 40-91. F61.M38, 2d s., v. 9

Introduction and notes by Charles C. Smith.

5873

From Cambridge to Champlain, March 18 to May 5, 1776, a manuscript diary. With a foreword by Bruce Lancaster. [Editors' notes: Lawrence B. Romaine] Middleboro, Mass., Priv. print. and published by L. B. Romaine, 1957. 30 p. facsim. E275.F83

Diary of the day-to-day activities of an anonymous officer of the Continental Line.

5874

Haskell, Caleb. Caleb Haskell's diary. May 5, 1775–May 30, 1776. A Revolutionary soldier's record before Boston and with Arnold's Quebec expedition. Edited, with notes, by Lothrop Withington. Newburyport [Mass.] W. H. Huse, 1881. 23 p. E275.H34

Reprinted from the *Newburyport Herald*; the *Diary* was also reprinted in Tarrytown, N.Y., by W. Abbott (1922. 56 p. F173.M24, no. 86) as extra number, no. 86, of *The Magazine of History With Notes and Queries*.

5875

Henshaw, William. The orderly book of Colonel William Henshaw of the American army, April 20–Sept. 26, 1775. Including a memoir by Emory Washburn, and notes by Charles C. Smith. With additions by Harriet E. Henshaw. Boston, A. Williams, 1881. xiv, 167 p. fold. facsim., port. E231.H542

Lists of officers of the Massachusetts regiments [July, 1775]: p. 1–13.

"Reminiscences of Colonel William Henshaw": p. [87]–167.

The orderly book was first published in the *Proceedings* of the Massachusetts Historical Society for 1876, v. 15 (Boston, 1878), p. 75–160.

5876

Henshaw, William. The orderly books of Colonel William Henshaw, October 1, 1775, through October 3, 1776. In *American Antiquarian Society, Worcester, Mass. Proceedings*, new ser., v. 57, Apr. 1947: 17–234. E172.A35, n.s., v. 57

Offprint. Worcester, Mass., The Society, 1948. [17]–244 p. E231.H543

5877

Howe, William Howe, 5th Viscount. General Sir William Howe's orderly book, at Charlestown, Boston and Halifax, June 17, 1775, to 1776, 26 May; to which is added the official abridgment of General Howe's correspondence with the English government during the Siege of Boston, and some military returns, and now first printed from the original manuscripts; with an historical introduction by Edward Everett Hale. The whole collected and edited by Benjamin Franklin Stevens. London, B. F. Stevens, 1890. xix, 357 p. E267.H85

Précis of correspondence with General Howe from v. 290, *America and West India* series of manuscripts in Her Majesty's Public Record Office: p. [297]–321.

Reprinted in Port Washington, N.Y., by Kennikat Press (1970).

5878

Hutchinson, Israel. Orderly book of Colonel Israel Hutchinson, from March 20th to July 8th, 1776. In

Massachusetts Historical Society, *Boston. Proceedings*. v. 16; 1878. Boston, 1879. p. 335–364.

F61.M38, v. 16

5879

Ingalls, Phineas. Revolutionary war journal, kept by Phineas Ingalls of Andover, Mass., April 19, 1775–December 8, 1776. In *Essex Institute, Salem, Mass. Historical collections*, v. 53, Jan. 1917: 81–92.

F72.E7E81, v. 53

5880

Knox, Henry. Knox's diary during his Ticonderoga expedition. New-England historical and genealogical register, v. 30, July 1876: 321–326. F1.N56, v. 30

5881

Letters illustrating the Siege of Boston. In *Massachusetts Historical Society, Boston. Proceedings*. v. 14; 1875/76. Boston, 1876. p. 275–285. F61.M38, v. 14

5882

Letters on the Siege of Boston: copies of original letters in the mss. collection at the Gen. Artemas Ward Homestead at Shrewsbury, Mass. *Magazine of history, with notes and queries*, v. 15, Jan. 1912: 47–52.

E171.M23, v. 15

Communicated by Col. Horace N. Fisher.

5883

Lunt, Paul. Paul Lunt's diary. May–December, 1775. Edited by Samuel A. Green. Boston [Cambridge, Press of J. Wilson] 1872. 19 p. E241.B7L9

Caption title (p. [5]): Paul Lunt's Book . . . *A Journal of Travels From Newburyport to Cambridge and in the Camp*.

Also published in the *Proceedings* of the Massachusetts Historical Society, v. 12, 1871/73 (Boston, 1873), p. 192–206.

5884

Lyman, Simeon. Journal of Simeon Lyman of Sharon, Aug. 10 to Dec. 28, 1775. In *Connecticut Historical Society, Hartford. Collections*. v. 7. Hartford, 1899. p. 111–134. F91.C7, v. 7

5885

Miller, William T. William Turner Miller: seven letters from Colonel William Turner Miller to his wife, from the camp before Boston, 1775. In *Boston. Public Library. Monthly bulletin*, v. 7, Oct. 1902: 419–424.

Z881.B75BM, v. 7

5886

Morgan, Nathaniel. Journal of Ensign Nathaniel Morgan, April 21 to Dec. 11, 1775: items of the Siege of Boston from the Roxbury side. In *Connecticut Historical Society, Hartford. Collections*. v. 7. Hartford, 1899. p. [99]–110. F91.C7, v. 7

5887

Nash, Solomon. Journal of Solomon Nash, a soldier of the Revolution. 1776-1777. Now first printed from the original manuscript. With an introduction and notes, by Charles I. Bushnell. New York, Priv. print., 1861. 65 p. plates, port. E275.N25

Also issued as v. 1, no. 3 (New York, 1864. E203.B97, v. 1) of Bushnell's *Crumbs for Antiquarians*.

Treats the Siege of Boston and the Battle of White Plains.

5888

New Hampshire Infantry. 2d Regt., 1775-1783. Orderly book kept by Jeremiah Fogg, Adjutant Colonel Enoch Poor's Second New Hampshire Regiment on Winter Hill, during the Siege of Boston, October 28, 1775, to January 12, 1776. Copied and notes by Capt. Albert A. Folsom. Exeter, N.H., Reprinted from The Exeter News-Letter, 1903. 85 p. E231.N54

5889

Newell, Timothy. A journal kept during the time y<sup>t</sup> Boston was shut up in 1775-6. In Massachusetts Historical Society, *Boston*. Collections. 4th ser., v. 1. Boston, 1852. p. 261-276. F61.M41, 4th s., v. 1

5890

Perry, Joseph. The diary of Rev. Joseph Perry written during the Siege of Boston, February 16 to March 28, 1776. In Bostonian Society, *Boston*. Proceedings. 1963. Boston. p. 19-56. F73.1.B86, 1963  
Edited by James S. Van Ness.

5891

Putnam, Enoch. Orderly book of Capt. Enoch Putnam of Danvers, [January 1-May 7] 1776. In Essex Institute, *Salem, Mass.* Historical collections, v. 67, Jan.-Oct. 1931: 49-64, 119-136, 249-264, 361-379. F72.E7E81, v. 67

5892

Stevens, James. The Revolutionary journal of James Stevens of Andover, Mass. [1775-76] In Essex Institute, *Salem, Mass.* Historical collections, v. 48, Jan. 1912: 41-70. E72.E7E81, v. 48

5893

Upham, William P., ed. Extracts from letters written at the time of the occupation of Boston by the British, 1775-6. In Essex Institute, *Salem, Mass.* Historical collections, v. 13, July 1876: 153-236. F72.E7E81, v. 13

An offprint with a slightly different title was published in Salem, Mass., by the Salem Press (1876. 153-240 p. E231.U67).

Principally letters written to Oliver Wendell.

Appendix (letters written by James Lovell to Samuel Holten, 1780-81): p. 214-233.

5894

Halsted, John. Expense book of John Halsted, commissary under Benedict Arnold, before Quebec, 1776. Printed from the original manuscript book in the possession of Thos. O'Leary. Montreal, C. A. Marchand, Printer, 1913. 16 p. E231.H2

5944

Henry, John Joseph. An accurate and interesting account of the hardships and sufferings of that band of heroes, who traversed the wilderness in the campaign against Quebec in 1775. Lancaster [Pa.] Printed by William Greer, 1812. 225 (i.e. 221) p. E231.H52

No. 205-208 omitted in paging.

The 1877 edition, published under the title *Account of Arnold's Campaign Against Quebec* (Albany, J. Munsell, 198 p.), has been reprinted in New York by the New York Times (1968).

5945

Humphrey, William. A journal kept by William Humphrey of Capt. Thayer's company, on a march to Quebec, under the command of Col. Benedict Arnold, 1775-76. Now printed for the first time from his ms. journal, owned by the Rhode Island Historical Society. Tarrytown, N.Y., Reprinted, W. Abbatt, 1931. (The Magazine of history with notes and queries. Extra number, no. 166, [pt. 1]) E173.M24, no. 166

5946

Jeffry, James. Journal kept in Quebec in 1775 by James Jeffry. In Essex Institute, *Salem, Mass.* Historical collections, v. 50, Apr. 1914: 97-150.

E72.E7E81, v. 50

Introduction and notes by William Smith. Five letters written by Jeffry in 1775-1776 relating to the Siege of Quebec are appended.

5947

A Journal of a campaign in the year 1776 against the British forces in Canada by the leave of providence [March 7-April 25] In Pocumtuck Valley Memorial Association, *Deerfield, Mass.* History and proceedings, v. 7; 1921/29. Deerfield, Mass., 1929. p. 343-351.

F72.F8P8, v. 7

On a Connecticut regiment sent by the governor and council to aid Arnold at Quebec. Author unknown.

5948

A Journal of the march of a party of provincials from Carlisle to Boston, and from thence to Quebec, begun the 13th of July, and ended the 31st of December, 1775. To which is added an account of the attack and engagement at Quebec, the 31st of December, 1775. In *Pennsylvania archives*, 2d ser., v. 15. Harrisburg, 1893. p. 21-58.

F146.P41, 2d s., v. 15

Half-title: *Journal of Captain William Hendricks.*

Reprint of a pamphlet published at Glasgow in 1776.

The journal was apparently begun by Hendricks but completed by another hand. Justin H. Smith (*Arnold's March from Cambridge to Quebec*, p. 39-40) attributes it to Sergeant William McCoy of Hendricks' company.

5949

Journal of the most remarkable occurrences in Quebec, from the 14th of November, 1775, to the 7th of May, 1776. By an officer of the garrison. In *New York Historical Society. Collections*, 1880. Publication fund series, [v. 13] New York, 1881. p. [173]-236.

F116.N63, 1880

Also published in William Smith's *History of Canada*, v. 2 (Quebec, Printed for the author, by J. Neilson, 1815), p. [81]-138.

5950

Journal of the siege and blockage of Quebec by the American rebels, in autumn 1775 and winter 1776. [Quebec, Printed by Dawson, 1875] 25 p. (Literary and Historical Society of Quebec. [Historical documents, 4th ser., no. 4])

F1051.L81, 4th s., no. 4

From a manuscript in the possession of J. M. Fraser. Authorship ascribed to Hugh Finlay (see p. [2]).

5951

Lindsay, William. Le siège de Québec en 1775-1776. *Recherches historiques*, v. 45, Aug. 1939: 225-247.

F1001.R4, v. 45

The journal of a lieutenant in the British militia, November 6, 1775, to May 22, 1776.

5952

Livingston, Henry. Journal of Major Henry Livingston, of the Third New York Continental Line, August to December, 1775. *Pennsylvania magazine of history and biography*, v. 22, Apr. 1898: 9-33. F146.P65, v. 22

Introduction by Gaillard Hunt.

Offprint: Philadelphia, 1898. 23 p.

E231.L78

5953

Meigs, Return Jonathan. Journal of the expedition against Quebec, under command of Col. Benedict Arnold, in the year 1775. With an introduction and notes, by Charles I. Bushnell. New York, Priv. print., 1864. 57 p. port.

E231.M51

Also issued as v. 1, no. 6 (New York, 1854. E203.B97, v. 1) of Bushnell's *Crumbs for Antiquarians*. Other versions of Meigs' journal have appeared in the *Collections* of the Massachusetts Historical Society, 2d ser., v. 2 (Boston, 1814), p. 227-247, and in the *Annual Papers* of the Winchester, Virginia, Historical Society, v. 1 (Winchester, Va., 1931), p. 119-155.

5954

Melvin, James. The journal of James Melvin, private soldier in Arnold's expedition against Quebec in the year 1775. With notes and an introduction by Andrew A. Melvin. Portland, Me., H. W. Bryant, 1902. 90 p. illus.

E231.M54

5955

Morison, George. An interesting journal of occurrences during the expedition to Quebec conducted by the celebrated Arnold at the commencement of the American Revolution, giving a particular account of the unparalleled sufferings sustained by that detachment in passing through the wilderness: together with a description of the battle of Quebec. Kept by George Morison, a volunteer in the company of riflemen commanded by Capt. Hendricks, who was slain at the attack on Quebec. Now published from the manuscript. Hagerstown [Md.] James Magee, 1803. Tarrytown, N.Y., Reprinted, W. Abbatt, 1916. 44 p. (The Magazine of history with notes and queries. Extra number, no. 52, [pt. 2])

E173.M24, no. 52

A portion of the journal was also published in the *Pennsylvania Magazine of History and Biography*, v. 14, Jan. 1891, p. 434-439.

5956

Mudge, Simon. Diary of Simon Mudge. In *Danvers Historical Society, Danvers, Mass.* Historical collections, v. 27. Danvers, 1939. p. 40-43. F74.D2D42, v. 27

On the march of Col. Edward Wigglesworth's Massachusetts militia regiment to and from Fort Ticonderoga, July 27-November 3, 1776.

5957

Nichols, Francis. Diary of Lieutenant Francis Nichols, of Colonel William Thompson's battalion of Pennsylvania riflemen, January to September, 1776. Pennsylvania magazine of history and biography, v. 20, Jan. 1897: 504-514. F146.P65, v. 20

Relates to the Siege of Quebec. Contributed by Thomas H. Montgomery.

5958

Ogden, Matthias. Journal of Major Matthias Ogden, 1775, in Arnold's campaign against Quebec. In New Jersey Historical Society. Proceedings, new ser., v. 13, Jan. 1928: 17-30. F131.N58, n.s., v. 13

5959

Porter, Elisha. The diary of Colonel Elisha Porter, of Hadley, Massachusetts, touching his march to the relief of the Continental forces before Quebec, 1776. Magazine of American history, with notes and queries, v. 30, Sept. 1893: 185-206. E171.M18, v. 30

Edited by Appleton Morgan. Also transcribed by Eleanor Murray and published under the title "Original Manuscript Journal of the American Revolution. An Account of the Expedition From Cambridge to Quebec and the Failure of the Expedition," in the Fort Ticonderoga, N.Y., Museum Bulletin, v. 10, no. 1, 1957, p. 34-58.

5960

Ritzema, Rudolphus. Journal of Col. Rudolphus Ritzema of the First New York Regiment, August 8, 1775, to March 30, 1776. Magazine of American history, with notes and queries, v. 1, Feb. 1877: 98-107.

E171.M18, v. 1

5961

Robbins, Ammi R. Journal of the Rev. Ammi R. Robbins, a chaplain in the American army, in the Northern campaign of 1776. New Haven, Printed by B. L. Hamlen, 1850. 48 p. E275.R63

5962

Roberts, Kenneth L., ed. March to Quebec: journals of the members of Arnold's expedition. New York, Doubleday, Doran, 1940. xiv, 722 p. maps, port.

E231.R63 1940

A reprint of the 1938 edition with the addition of the journal of John Pierce.

Includes the journals and writings of John Montresor, Benedict Arnold, Henry Dearborn, Return J. Meigs, Dr. Isaac Senter, Simeon Thayer, John Joseph Henry, James Melvin, Caleb Haskell, George Morison, Abner Stocking, Simon Fobes, Ephraim Squier, Roger Enos, and John Pierce.

5963

Senter, Isaac. The journal of Isaac Senter, physician and surgeon to the troops detached from the American army encamped at Cambridge, Mass., on a secret expedition against Quebec, under the command of Col. Benedict

Arnold, in September, 1775. Philadelphia, Historical Society of Pennsylvania, 1846. 40 p. E231.S47

Reprinted in New York by the New York Times (1969).

5964

Squier, Ephraim. Diary of Ephraim Squier, sergeant in the Connecticut line of the Continental Army [1775, 1777] Magazine of American history, with notes and queries, v. 2, Nov. 1878: 685-694. E171.M18, v. 2

From the original MS. in the Pension Office at Washington. Communicated by Frank Squier.

Reprinted in the *Magazine of History, With Notes and Queries; Extra Number*, no. 160, 1930, p. 37-48 (E173.M24, no. 160).

Treats in part the expedition against Quebec, September-November 1775, and the march to Albany and Burgoyne's surrender, September-November 1777.

5965

Stocking, Abner. An interesting journal of Abner Stocking of Chatham, Connecticut, detailing the distressing events of the expedition against Quebec, under the command of Col. Arnold in the year 1775. Published by the relatives of Abner Stocking, now deceased. Catskill, N.Y., Eagle Office, 1810. Tarrytown, N.Y., Reprinted, W. Abbatt, 1921. 36 p. (The Magazine of history, with notes and queries. Extra number, no. 75)

E173.M24, no. 75

5966

Thayer, Simeon. The invasion of Canada in 1775: including the journal of Captain Simeon Thayer, describing the perils and sufferings of the army under Colonel Benedict Arnold, in its march through the wilderness to Quebec. With notes and appendix by Edwin Martin Stone. Providence, Knowles, Anthony, Printers, 1867. xxiv (i.e. xxvi), 104 (i.e. 116) p. plan. (Rhode Island Historical Society. Collections, v. 6 [pt. 1])

F76.R47, v. 6

5967

[Tolman, Ebenezer] attributed author. Arnold's expedition against Quebec, 1775-1776. The diary of Ebenezer Wild. With a list of such diaries, by Justin Winsor. Cambridge, J. Wilson, 1886. 12 p. E231.T65

Privately printed from the *Proceedings* of the Massachusetts Historical Society, April 1886.

A journal nearly identical with this, also edited by Winsor, was published in the *New England Historical and Genealogical Register* for April 1852 as the journal of Joseph Ware, of Needham, Massachusetts. Later evidence shows that neither Ebenezer Wild nor Joseph Ware, of Needham, were in Arnold's army, and that the original of these two journals was most probably written by Ebenezer Tolman. For a discussion of the question of authorship, see *Arnold's March From Cambridge to Quebec* (New York, G. P. Putnam's Sons, 1903), by Justin H. Smith, p. 44-51. Both journals were reprinted in Tarrytown, N.Y., by W. Abbatt (1927. [5]-35 p., [37]-47 p. E173.M24, no. 134) as extra number, no. 134, of *The Magazine of History, With Notes and Queries*.

5968

Topham, John. The journal of Captain John Topham, 1775-6. [Tarrytown, N.Y., 1916] 46 p. (The Magazine of history, with notes and queries. Extra number, no. 50, [pt. 2]) E173.M24, no. 50

Journal of the campaign against Quebec, first printed in 1902 by the Rhode Island Society of the Sons of the Revolution.

5969

Trumbull, Benjamin. A concise journal or minutes of the principal movements towards St. John's of the siege and surrender of the forts there in 1775. In Connecticut Historical Society, *Hartford*. Collections. v. 7. Hartford, 1889. p. [137]-173. F91.C7, v. 7

5970

Verreau, Hospice Anthelme Jean Baptiste, *comp. and ed.* Invasion du Canada; collection de mémoires recueillis et annotés par m. l'abbé Verreau. Montréal, E. Senécal, 1873. 2 v. E231.V55

In the avertissement the author declares his intention to complete the work in four or five volumes; only the two parts of volume 1 and an additional paper were published.

Contents: v. 1, pt. 1. Témoin oculaire de l'invasion du Canada par les Bastonnais; journal de m. Sanguinet.—v. 1, pt. 2. Invasion du Canada par les Américains en 1775; journal de J.-Bte. Badeaux. Extraits d'un mémoire de m. A. Berthelot sur l'invasion du Canada en 1775. Mes services pendant la guerre américaine de 1775; mémoire de m. de Lormier. Lettres écrites pendant l'invasion américaine en 1775 et 1776.—[v. 2] Narration authentique de l'échange des prisonniers faits aux Cèdres pendant la guerre américaine de 1775; traduit de l'anglais par Marcel Ethier.

5971

Vose, Joseph. Journal of Lieutenant-Colonel Joseph Vose, written during the expedition against Canada, from 26 April to 2 July, 1776. In Colonial Society of Massachusetts, *Boston*. Publications. v. 7. Transactions, 1900/1902. Boston, 1905. p. 245-262. map. F61.C71, v. 7

Presented with commentary by Henry W. Cunningham.

Reprinted, with a slightly different title, in Cambridge by J. Wilson (1905. 20 p. E232.V96).

5972

Walker, Mrs. Thomas. The Shurtleff manuscript, no. 153. Being a narrative of certain events which transpired in Canada, during the invasion of that province by the American army, in 1775. Written by a Mrs. Walker, whose husband was imprisoned for raising men to assist Ethan Allen, in his disastrous attack on Montreal, on the 25th of September. With notes and an introd. by Rev. Silas Ketchum. Contoocook [N.H.] Antiquarian Society, 1876. [29]-60 p. (New Hampshire Antiquarian Society. Collections, no. 2). F31.N45, no. 2 E231.W23

Cover title: *A Diary of the Invasion of Canada, 1775.*

5975

Deleted.

5976

Würtele, Frederic C., *ed.* Blockade of Quebec in 1775-1776 by the American revolutionists (les Bastonnais) Quebec, Daily Telegraph Job Print. House, 1905-6. 2 v. plates. ([Literary and Historical Society of Quebec. Historical documents], 7th-[8th] ser.) F1051.L81, 7th-8th s. F1054.5.Q3W88

Partial contents: [v. 1] Journal of the most remarkable occurrences in the province of Quebec from the appearance of the rebels in September 1775 until their retreat on the sixth of May 1776, by Thomas Ainslie.—Journal of the most remarkable occurrences in Quebec since Arnold appear'd before the town on the 14th November, 1775.—Orderly book begun by Captain Anthony Vialar of the British militia the 17th of September 1775, and kept by him till November 16th, when continued by Captain Robert Lester.—Officers of the 1st Battalion of the Royal Highland Emigrants (H.M. 84th Regiment) 1775-1778, compiled by L. H. Irving.—Rôle général de la milice canadienne de Québec, passée en revue le 11 septembre, 1775, tenue par Gabriel Elzéar Taschereau, ecuyer, capt. aide-major de la milice, 1775.—Aussi Nouveau rôle de la milice canadienne qui a fait le service pendant le blocus de Québec.—[v. 2] Journal of the siege from 1st Dec., 1775 (by the Artillery Officer).—Journal of the principal occurrences [sic] during the Siege of Quebec by the American revolutionists under generals Montgomery and Arnold in 1775-76, edited by W. T. P. Short [sic]—Bibliography of the invasion of Canada, 1775-76.

Volume 2 has been reprinted in Port Washington, N.Y., by Kennikat Press (1970. 135 p. E231.W9522).

The "Journal of the Most Remarkable Occurrences in Quebec Since Arnold Appear'd Before the Town" is the same, with some variations, as the "Journal of the Most Remarkable Occurrences in Quebec, From the 14th of November, 1775, to the 7th of May, 1776, by an Officer of the Garrison," published in William Smith's *History of Canada* (entry 3431) and in the *Collections* of the New-York Historical Society for 1880. The *Journal of the Principal Occurrences During the Siege of Quebec by the American Revolutionists Under Generals Montgomery and Arnold in 1775-6* was originally published in London (1824. xv, 111 p. E241.Q3J8).

On Howe's failure to prevent the escape of the American forces to Manhattan in August 1776.

6023 Connecticut Infantry. *Mott's Regt., 1776.* Orderly book of Capt. Ichabod Norton of Col. Mott's Regiment of Connecticut troops destined for the northern campaign in 1776 at Skeensborough (now Whitehall), Fort Ann and Ticonderoga, N.Y., and at Mount Independence, Vt. Together with a facsimile of Captain Norton's map of Ticonderoga and Mount Independence. With an introduction by Robert O. Bascom. Fort Edward, N.Y., Press of Keating & Barnard, 1898. 64 p. fold. map. E263.C5C59

6024 Connecticut Infantry. *Ward's Regt., 1776-1777.* Orderly book of Lieut. Abraham Chittenden, Adj. 7th Conn. Regt., August 16, 1776, to September 29, 1776. [Hartford, Conn., Priv. print., 1922] 67 p. E263.C5C66  
Encamped at the time in Westchester County, N.Y.

6025

Delany, Sharp. Orderly book of Captain Sharp Delany, Third Battalion Pennsylvania militia, 1776. *Pennsylvania magazine of history and biography*, v. 32, July 1908: 302-308. F146.P65, v. 32

Ordered to proceed from Trenton to Woodbridge and restrict the passage of British ships on the Arthur Kill between Staten Island and the New Jersey shore.

6026

Dodge, Abraham. Orderly-book kept by Capt. Abraham Dodge of Ipswich, January 1, 1776 to August 1, 1776. *In Essex Institute, Salem, Mass. Historical collections*, v. 80, Jan.-Oct. 1944: 37-53, 111-130, 208-228, 368-384; v. 81, Jan.-Apr. 1945: 87-94, 152-175. F72.E7E81, v. 80-81

Dodge was an officer in the 12th Continental Infantry.

6027

Howe, William Howe, 5th Viscount. General Howe's orderly book [June 30-October 5, 1776] *American heritage*, v. 6, Aug. 1955: 24-31. illus., facsimis. E171.A43, v. 6

Select pages from an unpublished journal in the Lloyd W. Smith Collection at Morristown National Historical Park.

6028

Kinnan, Peter. Order book kept by Peter Kinnan, July 7-September 4, 1776. With an introduction by M. E. Kinnan. Princeton, N.J., Priv. print. at the Princeton University Press, 1931. x, 98 p. facsimis. E232.K65

"Peter Kinnan . . . enlisted in the New Jersey militia at the outbreak of the war. . . . The Order book furnished internal evidence that he was in General Heard's brigade and in Colonel Ephraim Martin's regiment."—Introduction.

6029

Loxley, Benjamin. A journal of the campaign to Amboy, and other parts of the Jerseys [July 21-August 30, 1776] *In Pennsylvania Historical Society. Collections*, v. 1, Nov. 1852: 223-236. F146.P34, v. 1

The journal of a captain of the first company of artillery from Philadelphia.

6030

Miles, Samuel. Journal of Col. Samuel Miles, concerning the Battle of Long Island—1776. *In Pennsylvania archives*, 2d ser., v. 1. Harrisburg, 1874. p. [517]-522. F146.P41, 2d s., v. 1

6031

New York (City). First Moravian Church. Occupation of New York City by the British, 1776. Extracts from the diary of the Moravian congregation. *Pennsylvania magazine of history and biography*, v. 1, no. 2-3, 1877: 250-262. F146.P65, v. 1

From a manuscript in the handwriting of the Rev. Oswald G. Shewkirk, pastor of the congregation, with notes by the Rev. A. A. Reinke.

See also "The Congregation During the Revolutionary War," p. 119-145 in Harry E. Stocker: *A History of the Moravian Church in New York City* (New York City, 1922. BX8568.N5S7).

6032

Nice, John. Extracts from the diary of Captain John Nice, of the Pennsylvania Line. *Pennsylvania magazine of history and biography*, v. 16, Jan. 1893: 399-411. F146.P65, v. 16

Includes Nice's list of officers captured at the Battle of Long Island who were held prisoner in New York. Contributed by Henrietta Cooper. Extracts from Nice's orderly book appeared in v. 16, Oct. 1892, p. 359-362.

6033

Orders of Mercer, Sullivan and Stirling [July 29-August 22] 1776. *American historical review*, v. 3, Jan. 1898: 302-310. E171.A57, v. 3

Regimental, brigade, and general orders from an orderly book kept by someone in Col. Samuel Miles's Pennsylvania Provincial Rifle Regiment showing preparations for the Battle of Long Island.

6034

Pennsylvania Infantry. 4th Regt., 1776. Orderly book, Fourth Pennsylvania Battalion, Col. Anthony Wayne, 1776. *Pennsylvania magazine of history and biography*, v. 29, Oct. 1905: 470-478; v. 30, Jan.-July 1906: 91-103, 206-219. F146.P65, v. 29-30

Covers the period from February 27th to June 20th.

6035

[Pennsylvania Infantry. 5th Regt., 1776-1783]. Orderly book of the northern army, at Ticonderoga and Mt. Independence; from October 17th, 1776, to January 8th, 1777, with biographical and explanatory notes, and an appendix. Albany, J. Munsell, 1859. viii, 224 p. fold, map, port. [Munsell's historical ser., no. 3] E232.P41

Regimental orderly book of the 5th Pennsylvania (formerly the 4th) under command of Col. Anthony Wayne. During these three months following Carleton's attempted invasion of October 1776, the garrison at Ticonderoga consisted first of five brigades under direct command of General Gates; about the middle of November the greater part of the troops was withdrawn, Wayne being left in command of the remainder.

6036

Rumsey, William. William Rumsey's account of the Battle of Long Island. *Journal of American history*, v. 20; Oct./Dec. 1926: 347-352. map. E171.J86, v. 20

6037

Smith, John. Sergeant John Smith's diary of 1776. *Mississippi Valley historical review*, v. 20, Sept. 1933: 247-270. E171.J87, v. 20

Campaigned under Washington from New York to Trenton and Princeton. Introduction and notes by Louise Rau.

6038

Swan, Jedidiah. Jedidiah Swan's orderly book [July 7–September 24, 1776] *In* New Jersey Historical Society. Proceedings, new ser., v. 2, Jan.–July 1917: 35–53, 118–123, 170–187; v. 3, Jan. 1918: 26–44.

F131.N58, n.s., v. 2–3

Records the activities of Col. Philip Van Cortlandt's regiment before and after the Battle of Long Island.

6039

The Association's 8th report is bound with the *Biennial Report* for 1911/14 of the Dept. of Archives and History of the State of West Virginia.

On various military conspiracies along the frontier involving such Loyalists as Dr. John Connolly and Capt. Alexander McKee.

6413

Swiggett, Howard. War out of Niagara: Walter Butler and the Tory Rangers. New York, Columbia University Press, 1933. xxv, 309 p. facsim., map, plates. (New York State Historical Association series, no. 2) E278.B9S9

Bibliography: p. [289]-295.  
Reprinted in Port Washington, N. Y., by I. J. Friedman (1963).

Seeks to destroy early legends of villany and treachery by demonstrating that the Butlers were strong, capable leaders who effectively implemented British frontier policy. Although they sanctioned the widespread destruction of

property, the Butlers participated in no raids, with the exception of Cherry Valley, that were marked by atrocities. Swiggett shows that John Butler's expedition into the Wyoming Valley did not result in an alleged "massacre" of women and children, and that Walter Butler did his best at Cherry Valley to ameliorate Indian excesses by dispatching troops needed in the assault on the fort to guard prisoners in the village.

6414

Talbert, Charles G. A roof for Kentucky. *Filson Club history quarterly*, v. 29, Apr. 1955: 145-165.

F446.F484, v. 29

On the decision in 1782 to strengthen Kentucky's defenses by building forts at the mouths of the Kentucky, the Licking, and Limestone Creek to complement Fort Nelson at the Falls (Louisville).

6415

Graymont, Barbara. The Iroquois in the American Revolution. [Syracuse, N.Y.] Syracuse University Press, 1972. x, 359 p. illus. (A New York State study)

E99.I7G67

Includes bibliographic references.

The author's thesis (Ph.D.), *The Border War: the Iroquois in the American Revolution*, was submitted to Columbia University in 1969 (Micro AC-1, no. 72-15,574).

Relating the Indians' culture to their attitudes and actions, the author describes the formation of the Iroquois Confederacy and its negotiations with both the British and the Americans, explores the decision of the Iroquois to abandon their neutrality, and evaluates the leadership of warriors Joseph Brant and Cornplanter during the ensuing military actions against the colonists. While the Iroquois chose the wrong side, Graymont believes that a British victory would only have delayed the passing of the Indian way of life, for the Iroquois had become quite dependent upon the white man's technology during the war.

## 4. THE CAMPAIGNS OF GEORGE ROGERS CLARK

6444

Alvord, Clarence W., ed. Father Pierre Gibault and the submission of Post Vincennes, 1778. American historical review, v. 14, Apr. 1909: 544-557.

E171.A57, v. 14

Five letters in French from George Rogers Clark, Jean Baptiste Laffont, and Gibault, from 1778 to 1788.

6445

Alvord, Clarence W. The oath of Vincennes. In *Illinois State Historical Society Transactions*; 1907. Springfield, 1908. (Illinois State Historical Library. Publication, no. 12) p. 270-276. F536.I34, 1907

Includes the names of 182 inhabitants of Vincennes who swore an oath of fidelity to the "Republic of Virginia" in 1780.

6446

The Army led by Col. George Rogers Clark in his conquest of the Illinois, 1778-9. In *Illinois State Historical Society Transactions*; 1903. Springfield, 1904. (Illinois State Historical Library. Publication, no. 8) p. 166-178. F536.I34, 1903

A list of the officers, noncommissioned officers, and private soldiers constituting the "Illinois Regiment of Volunteers," with notes by Dr. J. F. Snyder.

6447

Baughman, John D. A new evaluation of Henry Hamilton and George Rogers Clark. *Mississippi Valley historical review*, v. 37, Mar. 1951: 643-652. E171.J87, v. 37

Tempers the laudatory view of Clark's achievements during the war with information from the writings of Lt. Gov. Henry Hamilton.

6448

Bodley, Temple. The national significance of George Rogers Clark. *Mississippi Valley historical review*, v. 11, Sept. 1924: 165-189. E171.J87, v. 11

Despite the machinations of land company promoters and the vacillation and neglect of the Virginia government and the Continental Congress, George Rogers Clark held the western territory militarily while John Jay, in Paris, won it diplomatically.

6449

Butterfield, Consul W. History of Lieutenant-Colonel George Rogers Clark's conquest of the Illinois and of the Wabash towns from the British in 1778 and 1779, with sketches of the earlier and later career of the conqueror. [Columbus, Ohio] Press of F. J. Heer, 1903. xix, 815 p. port. E234.B98

Reprinted, with a slightly different title, and a new introduction and preface by George A. Billias, in Boston by Gregg Press (1972).

6450

Clark, George Rogers. The capture of old Vincennes; the original narratives of George Rogers Clark and of his opponent Gov. Henry Hamilton. Edited, with introduction and notes, by Milo M. Quaife. Indianapolis, Bobbs-Merrill Co. [1927] 231 p. facsim., maps, ports. F534.V7C6

Martindale, Charles, ed. Loughery's defeat and Pigeon Roost Massacre. With introductory sketch by Charles Marrindale. Indianapolis, Bowen-Merrill Co., 1888. 32 p. (Indiana Historical Society pamphlets, no. 4). F521.I4, no. 4  
E237.M38  
Partial contents: Introduction.—The British report [F. Haldimand to Lord George Germain; dated, Quebec, 23d October, 1781]—Diary of Capt. Isaac Anderson [August, 1781–July, 1782]—[Report of Committee on Public Lands, U.S. House of Representatives, 1847, on the claim of the heirs of Archibald Loughery to lands granted by the Commonwealth of Virginia in 1781 to Col. G. R. Clark and his officers and men]  
On the loss of Col. Archibald Loughery's company during George Rogers Clark's expedition against Detroit in 1781. Also issued as the *Publications* of the Indiana Historical Society, v. 2, no. 4 (1888. [95]–134 p. F521.I41, v. 2).
- 6467  
Quaife, Milo M. Detroit and George Rogers Clark. In *Indiana History Conference, Indianapolis. Proceedings*, 1927. Indianapolis, 1928. p. 38-54. F521.I46, 1927  
Also published as *Indiana History Bulletin*; v. 5, Apr. 1928, extra number 2.  
The author argues that Clark's exploits must be kept in perspective. Rather than "conquering" the Northwest, he "invaded" and captured the lower portion of it, but never challenged British control of Detroit and the Great Lakes area. See the exceptions taken to Quaife's address by Ross F. Lockridge on p. 81-87.
- 6468  
Randall, Emilius O. Clark's conquest of the Northwest. *Ohio archaeological and historical quarterly*, v. 12, Jan. 1903: 67-94. illus., map. F486.O51, v. 12

#### 5. BOWMAN'S CAMPAIGN (1779)

6477

Bowman's campaign of 1779. *Ohio archaeological and historical quarterly*, v. 22, Oct. 1913: 502-514. F486.O51, v. 22

"Copied and published, by permission of the Wisconsin Historical Society, from the Draper MSS., Bedinger Papers, 'A'—Vol. 1., pp. 19-31."

6478

Bowman's expedition against Chillicothe. May-June, 1779. *Ohio archaeological and historical quarterly*, v. 19, Oct. 1910: 446-459. F486.O51, v. 19

"The following account of Captain Bowman's expedition . . . is from the original manuscript of the Draper collection in the archive department of the Wisconsin Historical Society."

6479

Hall, Henry. Bowman's campaign—1779, by Henry Hall, a survivor, Bourbon Co., Ky. *Ohio archaeological and historical quarterly*, v. 22, Oct. 1913: 515-519. F486.O51, v. 22

"From the Draper MSS., in the Archives of the Wisconsin Historical Society."

6480

Talbert, Charles G. Kentucky invades Ohio, 1779. In *Kentucky Historical Society Register*, v. 51, July 1953: 228-235. F446.K43, v. 51

An attack by Kentucky militiamen under Col. John Bowman upon the Shawnee village of Chillicothe. Also published in the *Papers of the Christopher Gist Historical Society*, 1952/53 (Covington, Ky., 1953), p. 15-22. The author's subsequent articles on Kentucky's invasion of Ohio in 1782 and 1786 appeared in the issues for 1954/55 (Covington, Ky., 1955), p. 49-57, and 1955/56 (Covington, Ky., 1957), p. 38-46.

#### 6. BRODHEAD'S CAMPAIGN (1779)

6481

Brady, William Y. Brodhead's trail up to the Allegheny, 1779. *Western Pennsylvania historical magazine*, v. 37, Mar. 1954: 19-31. F146.W52, v. 37

Traces the route taken by Col. Daniel Brodhead in his expedition from Pittsburgh to the Iroquois towns in western New York.

6482

Edson, Obed. Brodhead's expedition against the Indians of the upper Allegheny, 1779. *Magazine of American history, with notes and queries*, v. 3, Nov. 1879: 649-675. E171.M18, v. 3

Includes an appendix containing Colonel Brodhead's report and a list of journals and narratives of the western expedition of 1779.

6483

Russell, Eber L. The lost story of the Brodhead expedition. In *New York State Historical Association. Quarterly journal*, v. 11, July 1930: 252-263. F116.N865, v. 11

Provides evidence showing that the 1779 expedition reached into New York as far as Bucktooth Run.

6484

Stone, Rufus B. Brodhead's raid on the Senecas; story of the little known expedition in 1779 from Fort Pitt to destroy the Indian villages on the upper Allegheny. *Western Pennsylvania historical magazine*, v. 7, Apr. 1924: 88-101. map. F146.W52, v. 7

#### 7. SULLIVAN'S CAMPAIGN (1779)

E263.S7M13

"Authorities consulted and quoted": p. v-viii.

Reprinted in New York by Russell & Russell (1969).

Examines the origin and development of the Revolution among the merchants, planters, and political leaders of the low country and the outbreak of fierce partisan warfare in the up-country following the surrender of Charleston in 1780. In a concluding volume, *The History of South Carolina in the Revolution, 1780-1783* (New York, Macmillan Co., 1902. xxvii, 787 p. E263.S7M14), the author provides a detailed account of military engagements during 1781 and 1782 between the rebels—partisan bands led by Thomas Sumter, Francis Marion, Andrew Pickens, and others as well as some regulars under Nathanael Greene—and the British, Loyalists, and their Indian allies. The elusive partisans won more decisive victories than the Continentals, McCrary contends, and deserve most of the credit for the Americans' success in destroying the English forces by attrition.

Weigley, Russell F. The partisan war: the South Carolina campaign of 1780-1782. Columbia, Published for the South Carolina Tricentennial Commission, by the University of South Carolina Press [1970] 77 p. (Tricentennial booklet no. 2) F273.W36

Bibliography: p. 75-77.

Finds that Benjamin Lincoln's surrender of Charleston and Horatio Gates' loss at Camden in 1780 compelled the Americans to adopt irregular guerrilla warfare as their only hope of success. Ably led by Nathanael Greene, militia and Continental troops commanded by such leaders as Daniel Morgan, Francis Marion, and Henry Lee eventually forced the evacuation of an exhausted British army.

Anderson, Troyer S. The command of the Howe brothers during the American Revolution. New York, Oxford University Press, 1936. vii, 368 p. illus., maps, ports. E267.A34

Bibliography: p. 345-362.

Reprinted in St. Clair Shores, Mich., by Scholarly Press (1971) and in New York by Octagon Books (1972).

Attempts to explain the Howes' failure to defeat the Americans in the campaigns of 1776 and 1777 in New York, New Jersey, and Pennsylvania. Their plan—mixing force with humane occupation of the towns and countryside—cost too much in comparison with the men and money available. Sir William Howe, although competent and anxious for victory, was unable to adjust to the unfamiliar situation in America; missing opportunities, he responded inadequately to a challenge that demanded greatness.

6757

Beers, Henry P. British commanders in chief in North America 1754–1783. *Military affairs*, v. 13, summer 1949: 79–94. E181.M55, v. 13

6759

Brown, Gerald S. The American secretary; the colonial policy of Lord George Germain, 1775–1778. Ann Arbor, University of Michigan Press [1963] viii, 246 p. DA483.S2B7

Bibliography: p. 233–242.

The author's thesis (Ph.D.), *The Policy of Lord George Germain Toward the American Revolution, 1776–1778*, was submitted to the University of Minnesota in 1948.

After summarizing events between Germain's disgrace at the Battle of Minden (1759) and his appointment to the American Department after Lexington and Concord, Brown describes Germain's role as policymaker and administrator and evaluates his performance. A good administrator and a fair military strategist, Germain successfully equipped an expeditionary force in 1776 but lacked the energy and vision to overcome the failures of his field commanders. More important, he did not recognize the spread of the Revolutionary spirit among the colonial population.

6760

Brown, Gerald S. The Anglo-French naval crisis, 1778: a study of conflict in the North cabinet. *William and Mary quarterly*, 3d ser., v. 13, Jan. 1956: 3–25. F221.W71, 3d s., v. 13

The uncertainty of British naval strategy in the spring of 1778 lay in the failure of either George III or Lord North to reconcile the conflicting policies advocated by Lord George Germain and the earl of Sandwich.

6761

Brown, Gerald S. The court martial of Lord George Sackville, whipping boy of the Revolutionary War. *William and Mary quarterly*, 3d ser., v. 9, July 1952: 317–337. plates. F221.W71, 3d s., v. 9

Because of his conviction in 1760 on the charge of disobeying orders at the Battle of Minden (1759), Germain has enjoyed a reputation for military incompetence. A close examination of his career as secretary of state (1775–1781), however, indicates that he was, by 18th-century standards, a good administrator.

Gruber, Ira D. The Howe brothers and the American Revolution. New York, Published for the Institute of Early American History and Culture at Williamsburg, Va. [by] Atheneum, 1972. ix, 396 p. maps.

E267.G86

"Essay on selected sources": p. [371]-382.

The author's thesis (Ph.D.), *Admiral Lord Howe and the War for American Independence*, was submitted to Duke University in 1961 (Micro AC-1, no. 65-14,144).

Besides reviewing military and naval operations and inquiring into the family and political connections of the Howes, the author explores their relationship with the ministry and considers its effect upon their performance in 1776 and 1777. The brothers failed to end the rebellion, according to Gruber, primarily because they attempted to negotiate peace without proper authority, a mandate denied them by a ministry bent on achieving decisive victory. Even after their overtures had been rejected by the colonials, the Howes tried to use the minimum force necessary to maintain the illusion of British invincibility. Their caution and

Washington's brilliant strategy at Trenton and Princeton combined to sacrifice in the name of conciliation the ministry's best option for regaining the colonies—the use of impressive force.

6770

Gruber, Ira D. Lord Howe and Lord George Germain: British politics and the winning of American independence. *William and Mary quarterly*, 3d ser., v. 22, Apr. 1965: 225-243. F221.W71, 3d s., v. 22

Such Englishmen as Howe and North who pressed for a genuine political reconciliation with the colonies only hampered the efforts of the majority of British leaders who like Germain sought a military victory.

6771

Guttridge, George H. Lord George Germain in office, 1775-1782. *American historical review*, v. 33, Oct. 1927: 23-43. E171.A57, v. 33

An extremely able man and a consistent advocate of coercion during his tenure as secretary of state, Germain's position was steadily eroded because of personal failings and the effects of a military scandal in his past.

Mackesy, Piers. The war for America, 1775-1783. Cambridge, Harvard University Press, 1964. xx, 565 p. illus., maps (part fold. col.), ports. E208.M14  
Bibliography: p. [528]-535.

A comprehensive analysis of British leadership and strategy that appraises the military efforts of the North ministry in light of circumstances rather than results. Unlike earlier 18th-century wars, the Revolution was a worldwide conflict in which Great Britain faced both her Bourbon enemies and the American rebels without European allies. Administrative inefficiency at home and tensions within the cabinet and Parliament produced a cautious and disjointed strategy that was echoed by the timidity of the commanders in America. Allotting over half the book to domestic politics, diplomacy, and the American land war, Mackesy focuses most heavily upon naval mobilization and operations in India, at Gibraltar, in the Channel, on the Spanish Main, and in the West Indies that adversely affected Britain's ability to launch and sustain a bold initiative on the North American mainland.

Wickwire, Franklin B., and Mary Wickwire. Cornwallis: the American adventure. Boston, Houghton Mifflin, 1970. xvi, 486 p. maps, plates, ports. (part col.) E267.W48

Bibliography: p. [463]-468.

After summarizing his activities in the years before Cornwallis obtained his first command in 1779, the authors review the general's initial successes in South Carolina and his disappointments on the drive northward from King's Mountain to Yorktown. General Clinton, British commander in chief, had the better intelligence concerning Washington's plans at Yorktown, but failed to act. The authors conclude that Cornwallis, in view of his earlier experiences with Clinton, relied too heavily upon his superior's assurance of prompt support.

Bibliography: p. [527]-534.

Evaluates Clinton's impact upon the British war effort from Bunker Hill to Yorktown. When Clinton was second in command, 1775-77, Howe ignored his excellent suggestions; once Clinton became commander in chief, he planned equally as well but for psychological reasons was unable to act. The author concludes that England lost in part because Clinton and his fellow officers quarreled with each other as often as they battled with the Americans.

Bibliography: p. [255]-262.

A detailed analysis of administrative and logistical procedures employed in the purchase and supply of provisions

for the British forces in America. The author concludes that the system worked reasonably well, given the absence of professional administrators and the patronage significance of contracts for provisions, and was not responsible for the failure of the British war effort. Discounting contemporary charges of profiteering, Baker finds that profit margins for contractors, which may have reached 20 percent in the first years of the war, were reduced to 10 percent or below in the last two years of the North ministry. Further, the Navy Board acted successfully to improve the process for the reception and inspection of provisions, and by 1780 the treasury achieved significant economies through new contract procedures.

Bibliography: p. [191]-212.

Reprinted in New York by AMS Press (1969) and in St. Clair Shores, Mich., by Scholarly Press (1972).

Investigating aspects of military organization, the author describes the British order of battle, equipment, administrative machinery, and techniques of recruiting, contracting for provisions, and transporting materiel and men at sea and on land. Curtis finds that inefficient, negligent, and corrupt administration significantly compounded the difficulties presented British forces by America's vast distances, poor roads, small population, and lack of fortified towns from which to control the countryside. An appendix contains tables of organization, copies of orders, lists of supplies, and other documentary material illustrative of the topics covered in each chapter.

#### Bibliographic footnotes.

In the third of his multivolume series tracing the growth of British military institutions and tactics from the mid-17th to the 20th century, the author provides a balanced description of British arms in America, India, and Gibraltar from 1761 to 1792. Of 29 chapters, 13 treat the battles and campaigns of the Revolutionary War. While Fortescue ascribes the British disasters at Saratoga and Yorktown to the ineptitude of Secretary of State Lord George Germain, he concludes that the Revolution was on the brink of collapse before the fortuitous Franco-American triumph of 1781, that better-disciplined British troops were nearly always superior to the American army in pitched battle, and that Benedict Arnold proved himself to be the most formidable of the American commanders.

Bibliography: p. 253-259.

Explains the functioning of the Navy Board within the structure of government and the board's role in supplying British forces overseas; investigates the procurement and outfitting of ships, and assesses the performance of the transport service. By failing to understand the unprecedented logistical problems of the Revolution, the ministry placed impossible demands on the board. Despite bureaucratic confusion, impressment of merchant sailors, inadequate financing, and other difficulties, the board found enough transports and victuals to accomplish its mission—a splendid achievement by 18th-century standards.

Bibliography: p. [315]-337.

Studies the extent to which civilians who followed British troops were subject to court-martial jurisdiction between 1689 and 1955. Half the volume is devoted to the British military courts in North America during the Revolutionary period. The author supplies details of military rule in six occupied cities—Boston, Newport, New York, Philadelphia, Charleston, and Savannah—and biographical sketches of the judge advocate general's deputies in Amer-

ica. Wiener demonstrates that 18th-century rulings consistently held that persons not specifically named in the Mutiny Act of 1689 were not triable by court-martial in time of peace. In 1775 the Continental Congress adopted in full the British camp-follower article of war that had been promulgated in 1745.

Smith, Paul H. Loyalists and redcoats: a study in British Revolutionary policy. Chapel Hill, Published for the Institute of Early American History and Culture at Williamsburg, Va., by the University of North Carolina Press [1964] xii, 199 p. E277.S6

Bibliography: p. [178]-190.

The author's thesis (Ph.D.), *American Loyalists in British Military Policy, 1775-1781*, was submitted to the University of Michigan in 1962 (Micro AC-1, no. 62-3264).

Investigates the role assigned the Loyalists in British military policy between 1774 and 1782. Never occupying a fixed, well-understood place in English strategy, Loyalist manpower was not organized to its best advantage in the early northern campaigns. Various political considerations, including mounting debt, domestic opposition to the war, Burgoyne's defeat at Saratoga, and the Franco-American alliance, compelled the ministry to turn to the imagined but untested strength of Tory forces in planning the southern campaign in 1778. Smith concludes that Britain sought

Loyalist support much too late and then compounded the error by relying upon it much too completely.

Bibliography: p. 36-37.

Drawing upon such contemporary sources as the official military diaries for 17 of the 20 Hessian units that served in America, the author provides generous quotations that illustrate opinions held by a few of the 30,000 German mercenaries, mainly those of the literate officer class. Kipping also explains Hessian military policies, procedures, and tactics, and appends lists of unit designations, officers, and prisoners.

6912

Bowman, Allen. The morale of the American Revolutionary army. Introduction by Arthur Pope. Washington, D.C., American Council on Public Affairs [1943] 160 p. E255.B76

"References": p. 105-151.

Reprinted in Port Washington, N.Y., by Kennikat Press (1964).

The author's thesis (Ph.D.), *The Morale of Continental and Militia Troops in the War of the Revolution*, was submitted to the University of Michigan in 1941 (Micro AC-1, no. 302).

Surveys the quality of troops, including their health, equipment, and wages; considers the role of psychological factors, such as provincialism, discipline, and devotion to the cause; examines the extent of absenteeism and desertion; and discusses the use of awards and propaganda for the purpose of strengthening morale. Efforts to boost the morale of militia forces, always more of a problem than with regulars, were significantly hampered by widespread suspicion of the military among civilians. In the Revolution, raising morale depended more upon charismatic leadership than upon material incentives, hence the importance of such officers as Steuben, Arnold, Greene, and Washington.

Based on the orderly book of Peter Scull, covering the periods July 7-October 26, 1775, and May 26-June 5, 1777.

6928

Johnston, Henry P. Yale and her honor-roll in the American Revolution, 1775-1783; including original letters, record of service, and biographical sketches. New York, Priv. print. [Press of G. P. Putnam's Sons] 1888. xi, 357 p. facsim., ports.

E270.Y2J7

Presents in the first part an outline of military operations in each year of the war, noting when and where Yale graduates took part. Texts of letters written from the field are interspersed. In the second part, Johnson provides biographical sketches of Yale participants, arranged by graduating class.

6929

Jones, Edward Alfred. English convicts in the American army in the War of Independence. In *New Jersey Historical Society. Proceedings, new ser.*, v. 7, Oct. 1922: 286-291. F131.N58, n.s., v. 7

6930

Kite, Elizabeth S. General Washington and the French engineers Duportail and companions. From documents hitherto unpublished in the Manuscripts Division of the Library of Congress, Washington, D.C.; and the Library of the American Philosophical Society, Philadelphia, Pa. In *American Catholic Historical Society of Philadelphia. Records*, v. 43, Mar.-Dec. 1932: 1-33, 97-141, 193-219, 289-319; v. 44, Mar.-Dec. 1933: 1-46, 118-150, 262-288, 311-355.

E184.C3A4, v. 43-44

Arranges by topic documents pertaining to the various activities of Duportail and the French engineers: their arrival in 1777 and experiences at Valley Forge, the building of defensive works on the Hudson, their relations with Congress, their part in the campaign of 1779 and the problems they encountered following the disasters of 1780 and the treason of Arnold, the role they played at Yorktown, the state of the corps in 1782, and the proposals made by Duportail for the peacetime establishment of the army.

6931

Kite, Elizabeth S. Lafayette and his companions on the "Victoire." In *American Catholic Historical Society of Philadelphia. Records*, v. 45, Mar.-Dec. 1934: 1-32, 144-178, 212-245, 275-311. E184.C3A4, v. 45

Composed for the most part of previously unpublished documents in the Library of Congress, the study focuses on the activities of Lafayette's companions in America, such as the baron de Kalb and the chevalier de La Colombe.

6932

Kohn, Richard H. The Federalists and the army: politics and the birth of the military establishment, 1783-1795. 1968. ([445] p.) Micro AC-1, no. 69-943  
Thesis (Ph.D.)—University of Wisconsin.  
Abstracted in *Dissertation Abstracts*, v. 29A, June 1969, p. 4428.

6933

Kohn, Richard H. The inside history of the Newburgh Conspiracy: America and the coup d'etat. *William and Mary quarterly*, 3d ser., v. 27, Apr. 1970: 187-220. F221.W71, 3d s., v. 27

Finds that the significance of the Newburgh affair lies in what did not happen. Rather than overthrowing constituted authority, the first national army affirmed Anglo-American tradition by upholding civil control of the military. For further light on the incident, see Paul D. Nelson's "Horatio Gates at Newburgh, 1783: a Misunderstood Role," with a rebuttal by Richard H. Kohn, in the *William and Mary Quarterly*, 3d ser., v. 29, Jan. 1972, p. 143-158.

Compiled by W. J. Barnard.

Publication of the work was disapproved and the printed sheets were never distributed (information obtained from an army officer who presented this copy to the Division of Documents).

6948

Van Doren, Carl C. Mutiny in January; the story of a crisis in the Continental Army now for the first time fully told from many hitherto unknown or neglected sources, both American and British. New York, Viking Press, 1943. 288 p. facsim., maps (part fold.) E255.V26

Appendix: Oliver DeLancey's journal of the Pennsylvania mutiny.—Note on the after-mutiny at York.—Acknowledgments and sources (p. [258]-288).

Describes the outbreak, suppression, and aftermath of the mutinies that occurred in January 1781 and involved members of Pennsylvania and New Jersey units. The mutineers, who complained of inadequate pay, food, and clothing, gained some relief for their main grievances. Their disturbances may have hastened French aid and ratification of the Articles of Confederation.

6949

Weigley, Russell F. History of the United States Army. New York, Macmillan [1967] xiv, 688 p. (The Wars of the United States) UA25.W35  
Bibliographic references included in "Notes" (p. [570]-653).

Includes five chapters (p. [3]-94) on the colonial militia system, the Continental Army in the Revolution, and the establishment of a military tradition under the new constitutions, 1778-94.

6950

Wilbur, C. Keith. Picture book of the Continental soldier. Harrisburg, Pa., Stackpole Books [1969] 96 p. illus. E259.W5

Bibliography: p. 93.

Provides pen and ink sketches and descriptions of uniforms, weapons, military accouterments, camp life, drill, medical care, commissary facilities, fortifications, and leisure activities.

Knollenberg, Bernhard. Washington and the Revolution, a reappraisal; Gates, Conway, and the Continental Congress. New York, Macmillan Co., 1940. xvi, 269 p. port. E312.25.K64

"Table of books cited": p. 232-250. "Manuscript collections cited": p. 251.

Reprinted in Hamden, Conn., by Archon Books (1968).

Offers lengthy quotations from contemporary sources in an attempt to demonstrate that Gates and the Congress,

particularly in relation to the Conway Cabal of 1777, deserve greater praise than they have received from historians. Knollenberg contends that Washington was hypersensitive to criticism, had a "morbid determination" to prove the correctness of his views, shifted blame from himself to others, had difficulty understanding men whose economic standing differed from his own, and sometimes erred in judging military affairs.

6975

Pickering, Timothy. Pickering's letter on Washington. *Tyler's quarterly historical and genealogical magazine*, v. 7, July 1925: 16-45. F221.T95, v. 7

An unflattering evaluation of Washington's military capabilities by a former officer. Introduction and notes by John W. Wright.

Spaulding, Oliver L. The military studies of George Washington. *American historical review*, v. 29, July 1924: 675-680. E171.A57, v. 29

An attempt to evaluate Washington's military expertise based upon the military treatises in his own library and references to other books in his correspondence.

6979

Thomas, David Y. How Washington dealt with discontent. *South Atlantic quarterly*, v. 32, Jan. 1933: 63-73. AP2.S75, v. 32

On Washington's attempts in 1783 to pacify his troops in the face of the failure of Congress to meet its obligations in pay, provisions, and clothing.

6980

Washington, George. George Washington's accounts of expenses while Commander-in-Chief of the Continental Army, 1775-1783, reproduced in facsimile, with annotations by John C. Fitzpatrick. Boston, Houghton Mifflin Co., 1917. vii, 154 p. facsim., port. E312.81.1917

"The accounts of the expenses of the Commander-in-Chief of the Continental Army were kept in duplicate by Washington himself. One he transmitted, at the close of the war, to the Board of Treasury of the Continental Congress for auditing . . . the other he retained, and it is from this document, now in the Library of Congress, that the accounts are now reproduced in photographic facsimile."—Pref. note.

The copy submitted to the Treasury, entitled "Accounts, G. Washington—with the United States, commencing June 1775, and ending June 1783, comprehending a space of 8 years," was reproduced in Washington in 1833 (E312.81 1833 Rare Bk. Coll.). More recently, a holograph facsimile of the treasury's copy was reproduced in *George Washington's Expense Account* (New York, Simon and Schuster [1970] 285 p. E312.81 1970), by Marvin Kitman, a satiric review of Washington's bookkeeping habits.

6981

#### LISTS OF OFFICERS AND SOLDIERS (GENERAL)

Further listings of state troops will be found in Section XVIII, The States in the Revolution.

6983

Bowman, John E., *comp.* Some veterans of the American Revolution in various parts of United States; items from newspapers, 1816-1850, about 1500 items alphabetically arranged. New Ipswich, N.H., 1923. 2 v. E255.B78 Rare Bk. Coll.

A manuscript copy of biographical notices that appeared in New England newspapers. Each newspaper cited is identified by issue.

6984

Daughters of the American Revolution. DAR patriot index. Washington, National Society of the Daughters of the American Revolution, 1966 [1967] xiii, 771 p. E255.D36

An alphabetical list of more than 105,000 men and women who, the society has determined, served between 1774 and 1783. The compilers include birth and death dates, name of spouse, state of origin, and information on the type of service rendered—from being an associator to providing aid to the wounded. A *First Supplement* was published in Washington in 1969 (85 p.).

6985

Heitman, Francis B. Historical register of officers of the Continental Army during the War of the Revolution, April 1775 to December 1783. New, rev., and enl. ed. Washington, Rare Book Shop Pub. Co., 1914. 685 p. part. E255.H48

First edition published in Washington, D.C., by W. H. Lowdermilk (1893).

Provides information on the military service of Continental Army and militia officers, such as unit designations, dates of rank, brevet commissions, honors, and, if they were killed, wounded, or captured, the date and place of their misfortune. In 10 other sections of the work, the compiler includes lists of general officers, military secretaries and aides-de-camp to General Washington, French officers who served with the American army, and a calendar for the years of the Revolution. A reprint issued in 1967 by the Genealogical Publishing Company of Baltimore also reproduces Robert H. Kelby's six-page *Addenda to Heitman's Historical Register of Officers of the Continental Army* (New York, Printed by T. A. Wright, 1932).

Micro AC-1, no. 72-13,813

Thesis (Ph.D.)—Pennsylvania State University.

Abstracted in *Dissertation Abstracts International*, v. 32A, May 1972, p. 6328.

Discusses in the first two chapters invalid pensions, half-pay bonuses for officers, land grants, and pre-Civil War pensions for Revolutionary veterans.

7020

A Collection of papers, relative to half-pay, and commutation of half-pay, granted by Congress to the officers of the army. Compiled, by permission of His Excellency General Washington, from the original papers in his possession. Fishkill, Printed by Samuel Loudon, 1783. 36 p.  
E255.C69 Rare Bk. Coll.  
E255.C691 Rare Bk. Coll.

Includes the "Newburgh addresses," two anonymous addresses which were circulated through the camp of Newburgh, in March 1783. It was afterwards made known that they were written by Maj. John Armstrong, a member of General Gates' staff.

The contents of this, the first edition, differ from other editions published in the same year.

7021

Digested summary and alphabetical list of private claims which have been presented to the House of Representatives from the First to the Thirty-first Congress, exhibiting the action of Congress on each claim, with references to the journals, reports, bills, &c., elucidating its progress. Compiled by order of the House of Representatives. Washington, Printed by W. M. Belt, 1853. 3 v.  
KF4932.D5

These volumes, issued without document numbers, form serial no. 653-655 of the congressional series of public documents.

Reprinted in Baltimore by the Genealogical Pub. Co. (1970).

Arranged alphabetically by the names of claimants, these volumes list thousands of petitions submitted for such

items as pensions and bounty lands resulting from Revolutionary service, indemnities for losses and injuries suffered during the war, payment for property destroyed by British forces, and compensation for supplies furnished the Revolutionary army.

Palmer, Dave R. The river and the rock; the history of Fortress West Point, 1775-1783. New York, Greenwood Pub. Corp. [1969] xii, 395 p. illus., maps (part col.), plans, ports. (The West Point military library)  
F129.W7P17

Bibliography: p. 381-386.

Tells of American efforts to prevent the British from conquering the Hudson River Valley and thus isolating New England. The defenders erected forts in the Hudson highlands, stretched chains across the river, and fortified the approaches to the rock, West Point, thereby succeeding in spite of Benedict Arnold's intent to surrender the Point to the British.

7137

Huston, James A. The sinews of war: army logistics, 1775-1953. Washington, Office of the Chief of Military History, United States Army, 1966. xxiii, 789 p. illus., maps (part fold. col.), ports. (Army historical series)

U168.H8

Bibliography: p. [703]-735.

Chapters 1-6 (p. [3]-85) are concerned with the procurement and distribution of supplies from Bunker Hill to Yorktown.

7138

Johnson, Victor L. The administration of the American commissariat during the Revolutionary War. Philadelphia, 1941. vii, 238 p.

E251.J6

Thesis (Ph.D.)—University of Pennsylvania, 1939.

Bibliography: p. 223-233.

Examines attempts by departmental officers, including five successive commissaries general, to provision the troops and impose order on a system that was in constant flux. Johnson concludes that their performance suffered because of an excessive turnover of personnel, experimentation by Congress, and graft at the lower levels.

7139

Johnson, Victor L. Robert Morris and the provisioning of the American Army during the campaign of 1781. *Pennsylvania history*, v. 5, Jan. 1938: 7-20.

E265.R513

Contents: v. 1. The journals of Clérmont-Crèvecoeur, Verger, and Berthier. Bibliography (p. [283]-351).—v. 2. Itineraries. Maps and views.

Volume 1 contains the complete journals of three young French officers—Jean François-Louis, comte de Clermont-Crèvecoeur, Jean-Baptiste-Antoine de Verger, and Louis-Alexandre Berthier—who recorded their impressions of America, its people, its social customs, and the hardships of war. The editors provide annotations that relate the personal accounts to the command activities of Generals Rochambeau, Washington, and Cornwallis; include a biographical sketch of each diarist; and, in a separate section, give information on the journals, memoirs, and letters of more than 100 French officers who served in America. In volume 2, the editors present notes made by French engineers on such landmarks as roads, bridges, streams, campsites, and towns and offer 177 contemporary maps and views that illuminate topographical features and manmade structures encountered along the route of march from Providence to Williamsburg.

Translated by Henry J. Yeager. Villebresme was a volunteer naval officer on board the *Jason*, part of Ternay's fleet.

## SECONDARY WORKS

7199

Balch, Thomas. The French in America during the War of Independence of the United States, 1777–1783. A translation . . . of *Les Français en Amérique pendant la guerre de l'indépendance des États Unis*. Philadelphia, Porter & Coates, 1891–95. 2 v. fold. maps, port. E265.B17

Vol. 1 translated by Thomas Willing Balch; v. 2, by Edwin Swift Balch and Elise Willing Balch.

Reprinted, with a new introduction and preface by George A. Billias, in Boston by Gregg Press (1972. E265.B172).

In volume 1, the author reviews the causes of the Revolution as they were influenced by French settlement in

America, summarizes the activities of those, including Lafayette, who came to the colonies before France entered the war, and offers a detailed narrative of French military and naval participation. Volume 2 contains two separate compilations. The list of French regiments that served in America includes brief unit histories, while the alphabetical list of officers contains biographical information on French volunteers who received commissions from the Continental Congress and on those who led the French expeditionary forces.

7200

Bamford, Paul W. Forests and French sea power, 1660–1789. [Toronto] University of Toronto Press, 1956. ix, 240 p. VC265.F8B3

"Sources": p. [213]–226.

The author's thesis (Ph.D.), *French Naval Timber; a Study of the Relation of Forests to French Sea Power, 1600–1789*, was submitted to Columbia University in 1951 (Micro AC-1, no. 3318).

Considers the effects of dwindling forest resources, disadvantageous coastal geography, and conservative Bourbon fiscal policy on France's effort to maintain an effective naval force. Because administrators regarded the navy as the "second service," France failed to develop adequate colonial sources of naval stores. By the mid-18th century the nation was heavily dependent on foreign markets for pine and fir masts and oak timbers for construction and repair. British blockades during the Seven Years' War were so effective in throttling construction and maintenance at French dockyards that only a conscientious stockpiling program, begun in 1770, averted similar danger to the fleet during the War of American Independence.

Perkins, James B. France in the American Revolution. Boston, Houghton Mifflin Co., 1911. xix, 544 p.

E265.P44

Reprinted in Williamstown, Mass., by Corner House Publishers (1970).

Covering the years from 1763 to 1783, the author tells of the bonds between the French and American peoples, describes the diplomatic maneuverings of the French, Spanish, English, and American governments, and surveys the activities of French military and naval forces during the war. Perkins maintains that the French espoused the American cause mainly out of a devotion to liberty, although he admits the importance of Anglo-French rivalry and the desire for revenge following the French defeat in the Seven Years' War.

7252

Tomlinson, Robert. A plan for a practicable, easy, and constitutional method, of manning the Royal Navy, upon any emergency, without the usual mode of impressing seamen; rendered intelligible to those who are unacquainted with maritime affairs: illustrated by several tables, calculated to explain the whole: and most humbly submitted to the consideration of the ministry and of the legislature. London, Printed for the author, by J. W. Pasham, 1774. viii, 54 p. VB265.G7T6

#### SECONDARY WORKS

7253

Albion, Robert G. Forests and sea power; the timber problem of the Royal Navy, 1652–1862. Cambridge, Harvard University Press, 1926. xv, 485 p. maps, plates. (Harvard economic studies, v. 29) VA454.A6

Bibliography: p. [423]-469.

Reprinted in Hamden, Conn., by Archon Books (1965).

The author's thesis (Ph.D.), with the same title, was submitted to Harvard University in 1924.

Focusing on a shortage of great masts for the Royal Navy, the author analyzes in chapter 7 the diminished state of British seapower during the American Revolution. Albion concludes that because of neglect and shortsightedness under the administration of the earl of Sandwich, the admiralty was unable to block or counter French assistance to the Americans and that British fleets were repeatedly crippled at strategic moments during the war by leaking hulls and breaking masts.

7254

Allen, Joseph. *Battles of the British navy*. New ed., rev. and enl. London, G. Bell, 1889. 2 v. illus., plates.

DA70.A4

See v. 1, p. 226-358.

7257

Beatson, Robert. *Naval and military memoirs of Great Britain, from 1727 to 1783*. [2d ed.] London, Printed for Longman, Hurst, Rees and Orme, 1804. 6 v.

DA85.B3

Reprinted, with a new introduction and preface by George A. Billias, in Boston by Gregg Press (1972). DA87.1.A1B43 1972).

In volumes 4 (1763-79) and 5 (1780-82) Beatson provides a chronological narrative of naval warfare based largely upon government documents and military dispatches. Volume 6 forms an appendix to the period and contains 336 separate lists and returns of ships, men, and ordnance, as well as miscellaneous letters, journals, reports, and even articles of capitulation.

7258

Bolton, Reginald P. *The British navy in the Revolution*. *Magazine of history*, with notes and queries, v. 2, Oct.-Nov. 1905: 223-227, 311-314.

E171.M23, v. 2

Gives the name of the vessel, armament, captain, period covered, and Public Record Office index number for the log books of the most important ships of the line.

7259

Broomfield, J. H. *Lord Sandwich at the Admiralty Board: politics and the British Navy, 1771-1778*. *Mariner's mirror*, v. 51, Feb. 1965: 7-17.

VK1.M4, v. 51

Now considered to be one of the best first lords of the 18th century, Sandwich nonetheless left himself open to charges of self-interest and jobbery because of his political activities. By alienating the most influential men in the government, he became extremely unpopular both in the nation at large and among the senior officers of the navy.

7260

Bryant, Samuel W. *Details of the late Yankee victory off Labrador, 1782*. *American Neptune*, v. 29, July 1969: 211-223.

V1.A4, v. 29

On the court-martial of Lt. Richard Simmonds for permitting his ship, H.M.S. *Prince Edward*, to be seized by 29 American prisoners being transported to England.

7264

Clowes, Sir William L. *The Royal Navy, a history from the earliest times to the present*. By Wm. Laird Clowes, assisted by Sir Clements Markham, Captain A. T. Mahan, H. W. Wilson, Col. Theodore Roosevelt, L. Carr Laughton, etc. v. 3. London, S. Low, Marston, 1898. xix, 609 p. illus., facsim., maps, plans, plates, ports.

DA70.C68, v. 3

Includes a civil history of the Royal Navy, 1763–92 (p. 325–352); a review of its major operations during the same period (p. [353]–564), and a roster of British flag officers on the active list, 1762–93 (p. 565–568). The second section, written by Alfred T. Mahan, was later published separately under the title *The Major Operations of the Navies in the War of American Independence* (entry 7456).

7265

Colledge, J. J. *Ships of the Royal Navy; an historical index*. New York, A. M. Kelley, 1969+ VA456.C66

Bibliography: v. 1, p. 16.

Contents: v. 1. Major ships (excluding trawlers, drifters, tugs, etc.).—

An alphabetical list of 13,000 British warships from the 15th century to the present. In brief one- to three-line entries, the compiler identifies each vessel, gives its dimensions and armament, and describes its ultimate fate. A second volume will treat vessels other than major ships, including those requisitioned.

7266

Colville, R. F. Naval personnel in the XVIIIth century. *In* Royal United Service Institution, *London*. Journal, v. 87, May 1942: 160–176. U1.R8, v. 87

Corbett, Sir Julian S., ed. *Signals and instructions, 1776–1794*. Edited by Julian S. Corbett. [London] Navy Records Society, 1908. xv, 403 p. (Publications of the Navy Records Society, v. 35) DA70.A1, v. 35

Contents: General introduction.—Lord Howe, North American station, 1776–8.—Kempensfelt's first instructions, 1779–80.—Kempensfelt's signals and explanatory instructions, with Howe's modifications, 1781–2.—The regular additional instructions, 1778.—North American station, 1779–82, Arbuthnot, Graves, and Digby.—the last form of the general and additional fighting instructions, with Mrs. additions of Rodney, Pigot, and Hood, 1781–3.—Lord Howe's instructions, 1790–94.—Appendixes: A. Additional

instructions of the Seven Years' War. B. Rodney's landing instructions, 1761–2. C. Addenda to v. 29. 'Fighting instructions, 1530–1816.' D. Breaking the line. E. Bibliography 1. English works on naval tactics, 1750–1850. F. Bibliography 2. Instructions and signal books, 1650–1830.—Index.

Reprinted in Annapolis by the United States Naval Institute (1971).

7270

Derrick, Charles. *Memoirs of the rise and progress of the Royal Navy*. London, Sold by Blacks and Parry, 1806. 309, [26] p. front. VA454.D43

Indicates by rates or classes the number of ships making up the navy in various years from 1763 to 1783 (p. 154–178).

7271

Firth, Sir Charles H., ed. *Naval songs and ballads*. [London] Printed for the Navy Records Society, 1908. cxxiii, 387 p. (Publications of the Navy Records Society, v. 33) DA70.A1, v. 33

A collection of ballads illustrating the history of the British navy from the 16th to the mid-19th century.

7272

Fremantle, Sir Edmund R. Sea power and the American War of Independence. *In* Royal United Service Institution, *London*. Journal, v. 62, Aug. 1917: 471–505. U1.R8, v. 62

On the naval strength of Great Britain during the war.

7273

Graham, Gerald S. The naval defence of British North America, 1739–1763. *In* Royal Historical Society, *London*. Transactions. 4th ser., v. 30; 1948. London. p. 95–110. DA20.R9, 4th s., v. 30

By the time of the Revolution the Royal Navy had developed a strategy of containment—blockading the enemy's home ports or concentrating ships in the strategic zone of the western approaches. Control of the sea through the destruction of the enemy's main forces was largely accidental.

7274

Gt. Brit. *Admiralty*. The commissioned sea officers of the Royal Navy, 1660–1815. [n.p., 1954?] 3 v. (1029 l.) V11.G7A52

The work was begun by David Bonner-Smith, Admiralty librarian, and completed after his death by the R. N. College, Greenwich, in collaboration with the National Maritime Museum.

Each volume includes "Note on sources."

An alphabetical list of names with dates of commissions, promotions, and, in some cases, deaths.

Includes three chapters (p. 204-292) on the American Revolution.

7278

James, Sir William M. The British navy in adversity; a study of the War of American Independence. London, New York, Longmans, Green, 1926. xvi, 459 p. maps. E271.J28

Appendixes ["Lists of ships and senior officers who took part in the principal actions"]: p. [429]-452. Reprinted in New York by Russell & Russell (1970).

With the exception of single ship actions, the author provides detailed coverage of the naval war in all theaters of the world. He demonstrates that the British service was plagued by incompetent administration, badly maintained vessels, empty storehouses, inadequate anchorages, politically appointed commanders, and faulty strategy. Save for the impressive performance of Howe, Rodney, and Hood, the British navy enjoyed little success and was spared an even worse fate by French ineffectiveness and Spanish inaction.

7318

Clark, William B. George Washington's navy; being an account of His Excellency's fleet in New England waters. Baton Rouge, Louisiana State University Press [1960] x, 275 p. plate, ports. E271.C57

"Some comments on sources": p. 237-242.

Recounts the activities between 1775 and 1777 of eight armed schooners--the *Hannah*, *Warren*, *Lee*, *Harrison*, *Washington*, *Franklin*, *Lynch*, and *Hancock*--that captured 55 ships carrying supplies during the American siege of Boston. The most important prizes had cargoes of ordnance stores, powder, shoes, stockings, linens, and rum. Once Washington relinquished control of his "navy" to Congress, the vessels became less effective, for those directly involved fell to bickering over the disposition of captured goods.

7319

Clark, William B. A hoax on Dr. Franklin. *In American Philosophical Society, Philadelphia. Proceedings*, v. 101, Dec. 1957: 559-564. Q11.P5, v. 101

Also published in the Society's *Library Bulletin* for 1957, p. 559-564.

Posing as master of the fictitious Continental vessel *Concord*, British captain William Peacock of H.M.S. *Chilfers* beguiled Franklin into sending his grandson, William Temple, on a fruitless mission from Paris to Dieppe in

November 1778 with a letter authorizing the purchase of "moderate supplies" for the ship.

The author's thesis (Ph.D.), *The New England Captains in the Continental Navy*, was submitted to the University of Southern California in 1956.

Reviews the agencies that directed the navy and recounts the activities, 1776-83, of 22 New England merchant captains who held commands in the Continental Navy. Compared with privateers, navy ships achieved little success in their primary mission—raiding British commerce. They did make a notable contribution, however, by serving as symbols of national unity and by convoying merchant fleets.

"A bibliography": p. [481]-505.

Reprinted in New York by Haskell House Publishers (1971).

The author's thesis (Ph.D.), *The Administration of the Department of the Navy During the Revolution*, was submitted to the University of Chicago in 1904.

Investigating such topics as the Naval Committee of the Continental Congress and the offices of Secretary of Marine and Agent of Marine, the author presents an institutional study of the Continental Navy and the state navies to 1783. Paullin finds that the main obstacle to the success of the navy was the paucity of sailors, due mainly to the allure of privateering. The state navies were handicapped because only 60 of their vessels were seagoing; their captains, moreover, were generally unwilling to subordinate their commands to Continental authority.

Stewart, Robert A. The history of Virginia's navy of the Revolution. [Richmond, Mitchell & Hotchkiss, Printers, 1934] 279 p.  
F230.S84

"Roster of the Virginia Navy of the Revolution": p. [137]-271.

"Sources and authorities" included in preface.

Tells of problems encountered by Virginia's governors while creating a navy to protect the state's commerce as well as its coasts and describes several battles that its fleet and privateers fought with the British. Although the navy ferried important supplies, the author contends that its most important contribution lay in sustaining American credit by transporting quantities of tobacco to the French West Indies and Europe. In a 132-page roster of officers and men in the Virginia navy, Stewart provides service records and other biographical data.

### Privateers

7373

Allen, Gardner W. Massachusetts privateers of the Revolution. [Boston]: Massachusetts Historical Society, 1927. vi, 356 p. facsim. (Massachusetts Historical Society, Boston. Collections, v. 77) F61.M41, v. 77

Lists 1,554 separate commissions, arranging the entries alphabetically by name of vessel and indicating the date of each instrument as well as the names of bonders and witnesses. For each privateer, the compiler notes the size of its crew, the number of guns, and the names of its owner and commander. In a 63-page introduction, Allen summarizes the history of privateering in Europe and America, reprints contemporary letters and documents that illustrate legal, financial, and other aspects of privateering in Massachusetts, and provides information on manuscript records consulted.

The contest between Virginia and North Carolina over the capture of the British schooner *Three Friends* points up the difficulties faced by Congress in its attempt to regulate privateers and the degree to which exaggerated notions of state sovereignty hindered the war effort.

7378

Clark, William B. Ben Franklin's privateers; a naval epic of the American Revolution. Baton Rouge, Louisiana State University Press [1956] vii, 198 p. facsim., maps, port. E302.6.F8C55

"Bibliography and critique": p. 179-183.

Reprinted in New York by Greenwood Press (1969).

While serving as a representative of the Continental Congress at the Court of Versailles, Franklin attempted to free American seamen languishing in British prisons by commissioning privateers to capture British prisoners as a basis for exchange. Manned by crews of renegade Irish smugglers, Frenchmen, Italians, Spaniards, Portuguese, Dutch, and a few Americans, the four ships captured 144 prizes in 18 months. More interested in personal enrichment, however, the captains and crews ransomed many of the captured vessels and paroled most of the prisoners. Because the French Minister of Marine vigorously protested the privateers' repeated attacks on neutral shipping, Franklin rescinded their commissions in the summer of 1780.

Contents: pt. 1. The War of the Revolution.—pt. 2. The War of 1812.

Reprinted in New York by B. Franklin (1968) and in Freeport, N.Y., by Books for Libraries Press (1970).

In the section on the Revolutionary War, the author presents the sagas of such American privateers as the *General Washington* and the exploits of such privateersmen as Silas Talbot, Jonathan Haraden, and John Manley. MacLay demonstrates, in a 27-page introductory essay on the importance of privateers in the Revolution and the War of 1812, that American privateers consistently outnumbered and, as a whole, outgunned the ships of the Continental Navy between 1776 and 1782.

7455

Mahan, Alfred T. The influence of sea power upon history, 1660-1783. Boston, Little, Brown, 1890. xxiv, 557 p. maps (part fold.), plans, plates. D27.M21

Includes chapters on naval engagements of the American Revolution with emphasis on the maritime war of 1778 between Great Britain and the House of Bourbon. Mahan criticizes strategy on both sides; he faults the English for weakening their outnumbered fleet by blockading American ports and rebukes the allies—France and Spain—for their reluctance to attack in strength in European waters. French defeat of the British at Chesapeake Bay in 1781 made clear the futility of the mother country's attempt to subdue the colonies by force.

7456

Mahan, Alfred T. The major operations of the navies in the War of American Independence. With portraits, maps, and battle plans. Boston, Little, Brown, 1913. xxiii, 280 p. maps (part fold.), plans, ports.

[E271.M22]

Mar. 19515 F

Reprinted in New York by Greenwood Press (1969).

"The contents of this volume were contributed as a chapter, under the title of 'Major Operations, 1762-1783,' to the 'History of the Royal Navy' . . . published under the general editorship of the late Sir William Laird Clowes."—Preface. An offprint of those chapters was issued in 1898 (Boston, Little, Brown, [353]-564 p., E271.M21).

Paying greater attention to the operations of the Royal Navy, the author provides a chronological review of British, French, Spanish, and American naval campaigns and battles, carefully correlating the war at sea with the struggle on land. To Mahan, the Declaration of Independence served as a prelude to a global confrontation between western powers in which the ability to bring superior naval strength to bear at critical junctures—Arnold on Lake Champlain; Rodney at Gibraltar, and De Grasse at Yorktown—determined the outcome of the war.

Describes the naval battle off Chesapeake Bay on September 5, 1781.

7493

Larrabee, Harold A. Decision at the Chesapeake. New York, C. N. Potter [1964] xvii, 317 p. maps. E271.L3

Bibliography: p. 299-305.

Dramatizes the battle that took place off Cape Henry, Va., early in September 1781, in which an undermanned French fleet under R. Adm. Count François Joseph Paul de Grasse defeated a smaller British fleet led by R. Adm. Thomas Graves. Although no ships were sunk, Larrabee argues that the encounter made certain the fate of Cornwallis at Yorktown, since Graves' bungling enabled de Grasse to gain control of Chesapeake Bay and prevent the withdrawal of Cornwallis' forces by sea.

Brinckerhoff, Sidney B., and Pierce A. Chamberlain. Spanish military weapons in colonial America, 1700-1821. [Harrisburg, Pa.] Stackpole Books [1972] 159 p. illus., plates. U820.S7B74

Bibliography: p. [149]-153.

The authors describe firearms, accouterments, swords, polearms, knives, bayonets, and cannons and provide 274 illustrative plates. Spanish arms were used during the Revolutionary War, most notably by George Rogers Clark in retaking Vincennes and by Spanish troops in the defense of St. Louis and the capture of Fort St. Joseph.

7504

Clark, George Rogers, and Fernando de Leyba. Clark-Leyba papers [1778-1779]. *American historical review*, v. 41, Oct. 1935: 92-112. E171.A57, v. 41

The letters of Clark, Leyba (lieutenant governor of Spanish Illinois), and others indicate Spanish reactions to the war in the West. Introduction and notes by Lawrence Kinnaid.

7505

Farmer, Robert. Bernardo de Gálvez's siege of Pensacola in 1781 (as related in Robert Farmer's journal). Edited by James A. Padgett. *Louisiana historical quarterly*, v. 26, Apr. 1943: 311-329. F366.L79, v. 26

First published in the *Historical Magazine*, v. 4, June 1860, p. 166-172. A shortened version of the journal appeared in Charles Farmer Billopp's *A History of Thomas and Anne Billopp Farmer* (New York, Grafton Press, 1907. C571.F234 1907), p. 110-114. Billopp attributes the journal to Ensign Robert Adolphus Farmer, the son of Major Robert Farmer.

Kinnaid, Lawrence. The Spanish expedition against Fort St. Joseph in 1781: a new interpretation. *Mississippi Valley historical review*, v. 19, Sept. 1932: 173-197. E171.J87, v. 19

While previous historians disagreed on the motive for the attack, Kinnaid found new evidence showing that the expedition was a manifestation of Spain's Indian policy. Since the very existence of Spanish settlements in Illinois depended on maintaining good relations with local Indian tribes, the Spanish commander at St. Louis acceded to the demands of the Milwaukee Indians to attack the British and their Indian allies in the Michilimackinac district.

"Sketch of the great principles of righteous government, and of the British Constitution . . . chiefly taken from a celebrated writer": p. 78-106.

7559

A Military dictionary, explaining and describing the technical terms, phrases, works, and machines, used in the science of war; embellished with copper-plates of all the common works used in military architecture: as well as the utensils employed in attacks and defence; with references for their explanation: and an introduction to fortification. London, G. Robinson, 1778. xxiv, [184] p. fold. plates. U24.M64

"The new method of fortification, by the late Marshal Saxe, explained; with some observations on the present method of fortifying towns": [13] p. at end.

7560

John. A treatise of artillery . . . To which is prefixed an introduction with a theory of powder applied

to fire-arms. With large additions, alterations, and corrections, according to the 2d London ed. Philadelphia, Printed by Styner and Cist, for J. Norman, 1779. xl, 215 p. illus. UF144.M97 Rare Bk. Coll.

First edition published in 1757 under title: *A Treatise on Artillery*.

Appendix; or, Supplement. London, Printed for J. Millan, 1768. 179, 32 p.

UF144.M97 Rare Bk. Coll.

7561.

[Nicola, Lewis] A treatise of military exercise, calculated for the use of the Americans. In which everything that is supposed can be of use to them, is retained, and such manœuvres, as are only for shew and parade, omitted. To which is added some directions on the other points of discipline. Philadelphia, Printed by Styner and Cist, 1776. viii, 91 p. fold. plates.

UD160.N5 Rare Bk. Coll.

7562

Simes, Thomas. The military medley: containing the most necessary rules and directions for attaining a competent knowledge of the art: to which is added an explanation of military terms, alphabetically digested. 2d ed., with considerable alterations. London, 1768. xxvii, 302, [84] p. fold. col. plates.

U101.S62 1768

7563

U. S. Continental Congress, 1775. Rules and articles, for the better government of the troops raised, or to be raised, and kept in pay by and at the joint expence of the twelve united English colonies of North-America. Philadelphia, Printed by W. and T. Bradford, 1775. 16 p.

UB500.A2 1775 Rare Bk. Coll.

Signed by John Hancock, President, on June 30, 1775.

7564

[Windham, William]. A plan of discipline, composed for the use of the militia of the county of Norfolk. London, Printed for J. Shuckburgh, 1759. xxxviii, 197 p. illus., plates (part fold.)

UD235.W5

Written by William Windham and George, Lord Townshend.

This work eventually became an army textbook. Extracts from the "Norfolk plan" were printed in Boston and Hartford for the use of the Massachusetts and Connecticut militia.

7597

Holst, Donald W., and Marko Zlatich. A return of some Continental Army regimental colors of 1778. *Military collector & historian*, v. 19, winter 1967: 109-115. illus.

UC463.M54, v. 19

On the reconstruction of 13 sets of colors issued to Continental regiments.

7598

Kemp, Alan. American soldiers of the Revolution. London, Almark Pub. Co. [1972] 87 p. illus. (part col.), facsim., map.

UC483.K45

Bibliography: p. 84.

Survey of the dress, equipment, and drill of patriot and Loyalist soldiers during the war.

7599

Klinger, Robert L., and Richard A. Wilder. Sketch book 76: the American soldier 1775-1781. Arlington, Va., Printed by Cooper-Trent, 1967. xvii, 53 p. illus.

UC483.K5

Drawings of clothing and equipment with measurements.

7600

Koke, Richard J. The Britons who fought at Stony Point: uniforms of the American Revolution. *In New York Historical Society. Quarterly*, v. 44, Jan. 1960: 43-71. illus.

F116.N638, v. 44

7601

Lawson, Cecil C. P. Dress and accoutrements of British foot and artillery in America, 1775-1783. *Military collector & historian*, v. 5, June 1953: 35-41. illus.

UC463.M54, v. 5

7602

Lawson, Cecil C. P. A history of the uniforms of the British army. With many drawings by the author. v. 3. London, Norman Military Publications [1961] xii, 264 p. illus., col. plates.

UC485.G7L38, v. 3

Bibliography: p. 260

Focusing on uniforms, accoutrements, and ceremonies from the period 1760-97, the author includes chapters on the military dress of the American colonists and the German troops that fought in the Revolution.

7603

Lawson, Cecil C. P. Uniforms and equipment of the British light cavalry in America, 1775-1783. *Military collector & historian*, v. 5, Dec. 1953: 87-90. illus.

UC463.M54, v. 5

7604

Lefferts, Charles M. Uniforms of the American, British, French, and German armies in the war of the American Revolution, 1775-1783. Edited by Alexander J. Wall. New York, New-York Historical Society, 1926. viii, 289 p. col. plates, port. (The New-York Historical Society. The John Divine Jones fund series of histories and memoirs, 6)

UC483.L4

Reprinted in Old Greenwich, Conn., by WE (1971).

Provides descriptive notes on the uniforms of the four armies. The largest section comprises information taken from contemporary newspapers concerning the uniforms worn by deserters from various American military units. More than half of the 50 plates depict the dress of American soldiers.

7605

Mease, James. Description of some of the medals struck in relation to important events in North America, before and since the declaration of independence by the United States. *In Massachusetts Historical Society, Boston. Collections*. 3d ser., v. 4. April, 1834. p. 297-320.

F61.M41, 3d s., v. 4

Twenty of the medals relate to Revolutionary battles and events. Also published in pamphlet form ([Boston? 1834?] 24 p. AC901.M5, v. 18 Rare Bk. Coll.).

7606

Melville, Phillips. Salute at Statia. *In United States Naval Institute. Proceedings*, v. 87, June 1961: 70-75. illus., port.

V1.U8, v. 87

Tells of the first salute given the American flag by a foreign power as the U.S. brigantine *Andrea Doria* sailed into the harbor of the Dutch West Indian island of St. Eustatius on November 16, 1776. See also the author's "Eleven Guns for the Grand Union" in *American Heritage*, v. 9, Oct. 1958, p. 58-64, which treats the same episode.

7607

Metzger, Charles H. "The new army shall be clothed in uniform:" Washington prescribes military wear. *Mid-America*, v. 53, Apr. 1971: 78-93.

BX1415.I3M5, v. 53

7608

Military uniforms in America. ser.2, v. 1+ (no. 49+) Washington [1952]+ UC480.M53 Rare Bk. Coll.

Comprises color plates issued in portfolio.

Plates no 1-48 were issued with and described in *Military Collector & Historian* (UC463.M54 Rare Bk. Coll.); no. 49+ are described in that journal but issued separately.

Illustrations of uniforms from the Revolutionary period are interspersed throughout both series.

7609

Miller, Helen D. Hill. The earliest congressional medals of honor. Virginia cavalcade, v. 7, autumn 1957: 9-13. illus., facsimis. F221.V74, v. 7

7610

Parkyn, Harry G. Shoulder-belt plates and buttons. Aldershot [Eng.] Gale & Polden, 1956. 341 p. illus.

UC535.G7P3

Bibliography: p. 341.

Describes changes in the design from the 16th century of the shoulder belt plates and buttons worn by hundreds of individual units of the British regular army.

7611

Pell, Stephen H. P. The gorget, as a defense, as a symbol, and as an ornament. In *Fort Ticonderoga*, N.Y. Museum. Bulletin, v. 4, July 1937: 126-141. illus.

E199.F75, v. 4

The gorget was a piece of armor for the throat.

7612

Peterson, Harold L. The book of the Continental soldier; being a compleat account of the uniforms, weapons, and equipment with which he lived and fought, by Harold L. Peterson. With three technical contributions by Detmar H. Finke and Marko Zlatich, and special illustrations by H. Charles McBarron, Jr., Clyde A. Risley, and Peter Copeland. Harrisburg, Pa., Stackpole Co. [1968] 287 p. illus. (part col.) UC263.P47

Bibliography: p. 272-279.

Describes and illustrates shoulder weapons and handguns, ammunition and accouterments, edged weapons, artillery, camp equipage, medical and surgical supplies, engineering equipment, musical instruments, horse equipment, clothing and uniforms, and insignia and colors. There

are also supplemental chapters on the Continental soldier and the regimental organization of the Continental Army.

7613

Peterson, Harold L. Some notes on the equipment of the American Revolutionary soldier. Military collector and historian, v. 1; Jan. 1949: 6-12. illus.

UC463.M54, v. 1 Rare Bk. Coll.

7614

Preble, George H. Origin and history of the American flag and of the naval and yacht-club signals, seals and arms, and principal national songs of the United States, with a chronicle of the symbols, standards, banners, and flags of ancient and modern nations. New ed. . . . supplemented by Charles Edward Asnis. Philadelphia, N. L. Brown, 1917. 2 v. illus., facsimis., col. plates, port. CR113.P7 1917

First published in 1872 under title: *Our Flag; Origin and Progress of the Flag of the United States of America*; 2d rev. ed. issued in 1880 under title: *History of the Flag of the United States of America*.

Volume 1 provides information on pre-Revolutionary flags, the Grand Union or Continental Flag of the United Colonies, theories regarding the origin of the Stars and Stripes, and the evolution of the flag during the war and the Confederation period.

7615

Prescott, Benjamin F. The stars and stripes: the flag of the United States of America; when, where, and by whom was it first saluted? The question answered. Concord, N.H., Printed by the Republican Press Association, 1876. 26 p. E209.P9?

CR113

Contents that the first salute was given by Johannes de Graef, governor of St. Eustatius, on November 16, 1776.

7616

Quaife, Milo M. The flag of the United States. New York, Grosset & Dunlap [1942] xiv, 210 p. illus. (part col.) CR113.A3

Bibliographic footnotes.

7617

Quaife, Milo M., Melvin J. Weig, and Roy E. Appleman. The history of the United States flag, from the Revolution to the present, including a guide to its use and display. Original drawings by Elmo Jones. Published in co-operation with the Eastern National Park and Monument Association. New York, Harper & Row [1964? 1961] 190 p. illus. (part col.) CR113.Q32 1964

Bibliographic references included in "Notes" (p. [179]-186).

First published in 1961, this work is based largely on Quaife's *The Flag of the United States*.

7618

Rankin, Hugh F. The naval flag of the American Revolution. *William and Mary quarterly*, 3d ser., v. 11, July 1954: 339-353. plates. F221.W71, 3d s., v. 11

Considers the possibility that the U.S. Navy flew a flag created by John Paul Jones consisting of red, white, and blue stripes rather than the Grand Union flag adopted by Congress.

7619

Schermerhorn, Frank E. American and French flags of the Revolution, 1775-1783. Philadelphia, Pennsylvania Society of Sons of the Revolution, 1948. 148 p. col. plates. E289.S3

Bibliographic footnotes.

Describes and illustrates in color 37 American and 21 French flags; most are regimental or battle flags.

7620

Spargo, John. The stars and stripes in 1777, an account of the birth of the flag and its first baptism of victorious fire. Bennington, Vt., Bennington Battle Monument and Historical Association, 1928. 57 p. facsim., plates (part col.), ports. CR113.S59

Bibliographic references included in "Notes" (p. 55-57).

Discusses in turn the Betsy Ross legend, the Grand Union flag, the Stars and Stripes, the flag at Fort Schuyler, the Bennington battle flag, and the Stars and Stripes at Saratoga.

7621

Bibliographic footnotes.

As stocks in the hands of private druggists were purchased and quickly exhausted in the early years of the war, drug supplies for the Revolutionary Army became a critical problem that was compounded by the chaotic organization of the medical department. Although temporary relief was provided by drug cargoes from British prize ships captured by American privateers, the crisis was not truly eased until after the French Alliance.

## Prisons and Prisoners of War

### GENERAL

#### 1. CONTEMPORARY SOURCES

7673

Allen, Ethan. A narrative of Colonel Ethan Allen's captivity, from the time of his being taken by the British, near Montreal, on the 25th day of September, in the year 1775 to the time of his exchange, on the 6th day of May, 1778: containing, his voyages and travels, with the most remarkable occurrences respecting himself, and many other Continental prisoners particularly the destruction of the prisoners at New York, by General Sir William Howe, in the years 1776 and 1777. Interspersed with some political observations. Philadelphia, Printed; Boston, Reprinted by Draper and Folsom, at their Print. Off., at the Corner of Winter-Street [1779] 40 p.

E207.A4A42

Regarded as the second edition. First edition printed in Philadelphia the same year.

A reprint of the original edition, with an introductory note by John Pell, was published in New York for the Fort Ticonderoga Museum by R. W. Ellis, the Georgian Press (1930).

7674

Andros, Thomas. The old Jersey captive; or, A narrative of the captivity of Thomas Andros . . . on board the old Jersey prison ship at New York, 1781. In a series of letters to a friend. Boston, W. Peirce, 1833. 80 p.

E281.A57

Reprinted in Tarrytown, N.Y., by W. Abbatt (1916. 46 p. E173.M24, no. 46) as extra number, no. 46, of *The Magazine of History, With Notes and Queries*.

7675

An Authentic narrative of facts relating to the exchange of prisoners taken at the Cedars; supported by the testimonies and depositions of His Majesty's officers, with several original letters and papers. Together with remarks upon the report and resolves of the American Congress on that subject. London, Printed for T. Cadell, 1777. 50 p. E281.A92 Rare Bk. Coll.

7676

Blatchford, John. The narrative of John Blatchford, detailing his sufferings in the Revolutionary War, while a prisoner with the British. As related by himself. With an introduction and notes, by Charles I. Bushnell. New York, Priv. print., 1865. 127 p. plates, port.

E281.B66

Also issued as v. 2, no. 3 (New York, 1866. E203.B97, v. 2) of Bushnell's *Crumbs for Antiquarians*. The editor reproduces the title page of the original edition, entitled *Narrative of Remarkable Occurrences, in the Life of John Blatchford, of Cape-Ann, Commonwealth of Massachusetts, Concerning His Treatment in Nova Scotia—the West Indies—Great Britain—France, and the East Indies, as a Prisoner in the Late War* (New London, Printed by T. Green,

1788). The 1788 edition has been reprinted in New York by the *New York Times* (1971).

7677

Boudinot, Elias. American prisoners of war in New York: a report by Elias Boudinot [March 1778] Edited by David L. Sterling. *William and Mary quarterly*, 3d ser., v. 13, July 1956: 376-393. F221.W71, 3d ser., v. 13

As Commissary General of Prisons, Boudinot reported to the Board of War on the treatment and condition of American officers and soldiers held by the British in New York.

7678

Boudinot, Elias. Colonel Elias Boudinot in New York City, February, 1778. *Pennsylvania magazine of history and biography*, v. 24, Jan. 1901: 453-466.

F146.P65, v. 24

7679

Boudinot, Elias. Colonel Elias Boudinot's notes of two conferences held by the American and British commissioners to settle a general cartel for the exchange of prisoners of war, 1778. *Pennsylvania magazine of history and biography*, v. 24, Oct. 1900: 291-305.

F146.P65, v. 24

7680

Boudinot, Elias. Exchange of Major-General Charles Lee (MS. of Elias Boudinot). *Pennsylvania magazine of history and biography*, v. 15, Apr. 1891: 26-34.

F146.P65, v. 15

Introduction and notes by William S. Baker.

7681

Carpenter, Jonathan. Jonathan Carpenter and the American Revolution: the journal of an American naval prisoner of war and Vermont Indian fighter. *Vermont history*, v. 36, spring 1968: 74-90. F46.V55, v. 36

Introduction and notes by John K. Alexander, who points to similarities in phrasing between Carpenter's journal and the account kept by his fellow prisoner, Timothy Connor.

7682

Claypoole, John. John Claypoole's memorandum-book [1781-82] *Pennsylvania magazine of history and biography*, v. 16, July 1892: 178-190. F146.P65, v. 16

Contributed by Charles F. Jenkins.

Records kept while in Mill Prison, England.

7683

Connor, Timothy. A Yankee privateersman in prison in England, 1777-1779. *New-England historical and genealogical register*, v. 30, Apr.-July 1876: 175-177, 343-352; v. 31, Jan.-July 1877: 18-20, 212-213, 284-288; v. 32, Jan.-July 1878: 70-73, 165-168, 280-286; v. 33, Jan. 1879: 36-41. F1.N56, v. 30-33

Communicated by William R. Cutter.

7684

Cornelius, Elias. Journal of Dr. Elias Cornelius, a Revolutionary surgeon. Graphic description of his sufferings

while a prisoner in Provost Jail, New York, 1777 and 1778, with biographical sketch. Washington, D.C., C. M. Tompkins and C. T. Sherman, 1903. 27 p.

E281.C82

7685

Cutler, Samuel. Prison ships and the "Old Mill Prison," Plymouth, England, 1777. *New-England historical and genealogical register*, v. 32, Jan.-Oct. 1878: 42-44, 184-188, 305-308, 395-398. F1.N56, v. 32

Extracts from Cutler's journal communicated by the Reverend Samuel Cutler.

7686

Dodge, John. Narrative of Mr. John Dodge during his captivity at Detroit, reproduced in facsimile from the 2d ed. of 1780, with an introductory note by Clarence Monroe Burton. Cedar Rapids, Iowa, Torch Press, 1909. 64 p. illus. E281.D64

First published in Philadelphia (1779). The full title of the 2d ed., published in Danvers, Mass., is *An Entertaining Narrative of the Cruel and Barbarous Treatment and Extreme Sufferings of Mr. John Dodge During His Captivity of Many Months Among the British, at Detroit; in Which Is Also Contained, a Particular Detail of the Sufferings of a Virginian, Who Died in Their Hands*.

7687

Dring, Thomas. Recollections of the Jersey prison-ship; taken, and prepared for publication, from the original manuscript of the late Captain Thomas Dring . . . one of the prisoners. By Albert G. Greene. Providence, H. H. Brown, 1829. 167 p. fold. front. E281.D77

A new edition, with an introduction by Lawrence H. Leder, has been published in New York by Corinth Books (1961).

7688

Elkins, Jonathan. Reminiscences of Jonathan Elkins. *In Vermont Historical Society. Proceedings*. 1919/20. [Montpelier] 1921. p. 185-211. F46.V55, 1919/20

Captured by Loyalists in New Hampshire in 1781, Elkins was taken first to Quebec and then to Mill Prison in England where he was exchanged the following year.

7689

Fitch, Jabez. The New-York diary of Lieutenant Jabez Fitch of the 17th (Connecticut) Regiment from August 22, 1776, to December 15, 1777. Edited, with biographical, topographical, and bibliographical notes, including an exposure of the true character of the pretended *Diary* which appeared in facsimile in 1897. By W. H. W. Sabine. New York [Colburn & Tegg] 1954. 288 p. facsim., maps. E281.F55 1954

Includes the text of a diary of Jabez Fitch transcribed from a manuscript in the New York Public Library and the text of the same writer's *Narrative* which was published in 1897 as the *Diary of Captain Jabez Fitch*.

Reprinted in New York by the *New York Times* (1971).

7690

Fletcher, Ebenezer. A narrative of the captivity & sufferings of Ebenezer Fletcher, of New-Ipswich, who was severely wounded and taken prisoner at the battle of Hubbardston, Vt., in the year 1777, by the British and Indians, at the age of 16 years. 4th ed., rev. and enl. New Ipswich, N.H., Printed by S. Wilder, 1827. 24 p. E275.F61

The first edition was published in Windsor, Vt., by Charles Kendall (1813. 22 p. F59.W75H9 Rare Bk. Coll.). A later edition, with an introduction and notes by Charles I. Bushnell, was published under the title *The Narrative of Ebenezer Fletcher, a Soldier of the Revolution* (New York, Priv. print., 1866, 86 p. E275.F62), which was also issued as v. 2, no. 4 (New York, 1866. E203.B97, v. 2) of Bushnell's *Crumbs for Antiquarians*. It has been reprinted in Freeport, N.Y., by Books for Libraries Press (1970).

7691

French, Christopher. Major French's journal [January 1–September 13, 1776] *In Connecticut Historical Society Collections*. v. 1. Hartford, 1860. p. [189]–225. F91.C7, v. 1

A member of the 22d Regiment, British Army, French maintained a journal during his captivity at Hartford, Connecticut.

7692

Green, John. American prisoners in Mill Prison at Plymouth, in 1782; Captain John Green's letter. *South Carolina historical and genealogical magazine*, v. 10, Apr. 1909: 116–124. F266.S55, v. 10

Consists largely of a list of the prisoners.

7693

Haskins, Jonathan. A Revolutionary prison diary: the journal of Dr. Jonathan Haskins [1777–79] *New England quarterly*, v. 17, June–Sept. 1944: 290–309, 424–442. F1.N62, v. 17

Introduction and notes by Marion S. Coan.

For a discussion of the diary's authenticity, see John K. Alexander's "Jonathan Haskins' Mill Prison 'Diary': Can It Be Accepted at Face Value?" in the *New England Quarterly*, v. 40, Dec. 1967, p. 561–564.

7694

Herbert, Charles. A relic of the Revolution, containing a full and particular account of the sufferings and privations of all the American prisoners captured on the high seas, and carried into Plymouth, England, during the Revolution of 1776; with the names of the vessels taken—the names and residence of the several crews, and time of their commitment—the names of such as died in prison, and such as made their escape, or entered on board English men-of-war; until the exchange of prisoners, March 15, 1779. Also, an account of the several cruises of the squadron under the command of Commodore John Paul Jones, prizes taken, etc., etc. By Charles Herbert, of Newburyport, Mass., who was taken prisoner in the brigantine *Dolton*, Dec., 1776, and

served in the U.S. frigate *Alliance*, 1779–80. Boston, Published for the proprietors, by C. H. Pierce, 1847. 258 p. front. E281.H53

Issued later as *The Prisoners of 1776*.

Reprinted in New York by the New York Times (1968).

7695

Heth, William. The diary of Lieutenant William Heth, while a prisoner in Quebec, 1776. *In Winchester, Virginia, Historical Society. Annual papers of Winchester, Virginia, Historical Society. Winchester, 1931. (Its [Publications], v. 1) p. 27–118. map, ports.* F234.W8W6, v. 1

Introduction and notes by B. Floyd Flickinger.

—Offprint. [Winchester, Va., 1932?][27]–118 p. map, ports. E281.H56

7696

Leach, John. A journal kept by John Leach during his confinement by the British in Boston gaol in 1775. *New England historical and genealogical register*, v. 19, July 1865: 255–263. F1.N56, v. 19

Communicated by Edward J. Forster.

Reprinted in *Peter Edes, Pioneer Printer in Maine, a Biography; His Diary While a Prisoner by the British at Boston, in 1775, With the Journal of John Leach, Who Was a Prisoner at the Same Time* (Bangor, Printed for the De Burians, 1901. Z232.E22B6), edited by Samuel L. Boardman, p. 111–125. Edes' diary and Leach's journal contain many nearly identical passages.

7697

McKinly, John. Letters of Dr. John McKinly to his wife, while a prisoner of war, 1777–1778. *Pennsylvania magazine of history and biography*, v. 34, Jan. 1910: 9–20. F146.P65, v. 34

Introduction by Mary T. Evans.

7698

Pabst, Anna C. S., comp. American Revolutionary War manuscript records; Elias Boudinot and General Haldimand papers. Delaware, Ohio [1969] 63 leaves. port. E281.P3

Provides extracts of documents from the Boudinot and Haldimand papers at the Library of Congress that relate to British and American prisoners of war.

7699

Papers relating to the British prisoners in Pennsylvania. *In Pennsylvania archives*. 2d ser., v. 1. Harrisburg, 1879. p. [407]–465. F146.P41, 2d s., v. 1

Consists of the returns of prisoners taken during the invasion of Canada, the Battle of Trenton, and minor engagements as well as petitions and letters from the prisoners themselves.

7700

Pawling, Henry. Journal of Henry Pawling. Olde Ulster, v. 1, Nov.–Dec. 1905: 335–338, 361–365; v. 2, Jan. 1906: 18–25. F127.U4O4, v. 1–2

Captured at the fall of Fort Clinton in October 1777, Captain Pawling spent the next four months as a British prisoner in the New York area.

7701

Porterfield, Charles. Journal of Charles Porterfield, from March 3, 1776, to July 23, 1776, while a prisoner of war in Quebec. In Southern History Association. Publications, v. 6, Mar.-Sept. 1902: 113-131, 199-209, 295-303, 400-407. F206.S73, v. 6

The journal, as published, extends only to July 10th. Extracts from the *Journal*, edited by Joseph A. Waddeil, appeared in the *Virginia Magazine of History and Biography*, v. 9, Oct. 1911, p. 144-152.

7702

Redsecker, Jacob H. The Hebron diary during the Revolutionary period. In Lebanon County Historical Society, *Lebanon, Pa.* Historical papers and addresses, v. 1, Feb. 1898: 8-16. F157.L4L5, v. 1

On the imprisonment of Hessian troops, captured at Trenton, in the buildings of the Moravian congregation at Hebron, Pennsylvania, during the war.

7703

Report of commissioners for settling a cartel for the exchange of prisoners. Philadelphia, Printed by D. C. Claypoole, Printer to the honorable the Congress of the United States of America, 1779. 20 p. E281.R42 Rare Bk. Coll.

Signed by William Davies and Robert H. Harrison, the American commissioners, and ordered published by Congress, May 10, 1779. Also published in the *Pennsylvania Packet*-issues of May 27 and June 3, 1779.

West Hyde and John André were the British commissioners.

7704

Smith, Josiah. Josiah Smith's [prison] diary, 1780-1781. South Carolina historical and genealogical magazine, v. 33, Jan.-Oct. 1932: 1-28, 79-116, 197-207, 281-289; v. 34, Jan.-Oct. 1933: 31-39, 67-84, 138-148, 194-210. F266.S55, v. 33-34

Taken prisoner at the surrender of Charleston. Introduction and notes by Mabel L. Webber.

7705

Thompson, George. Diary of George Thompson of Newburyport, kept at Forton Prison, England, 1777-1781. In Essex Institute, *Salem, Mass.* Historical collections, v. 76, July 1940: 221-242. port. F72.E7E81, v. 76

Thompson was captured in 1777 aboard the brig *Expédition*.

7706

Van Dyke, John. Narrative of confinement in the *Jersey* prison ship, by John Van Dyke, captain in Lamb's regiment, N.Y.S.A. Historical magazine, v. 7, May 1863: 147-151. E171.H64, v. 7

7707

Wallace, William B. To the honorable, the members of both houses of Congress, this condensed sketch of the service, and some of the privations and sufferings of William B. Wallace, a lieutenant of artillery of the U. States in the Revolutionary War, chiefly relating to his captivity, is humbly submitted. Frankfort [Ky.] J. H. Holeman, Printer, 1826. 14 p. E275.W19

Mauncy, Albert, and Alberta Johnson. Castle St. Mark [Florida] and the patriots of the Revolution. *Florida historical quarterly*, v. 21, July 1942: 3-24. F306.F65, v. 21

Names of Virginians and South Carolinians imprisoned at St. Augustine appear in the appendixes (p. 20-22).

7733

Metzger, Charles H. The prisoner in the American Revolution. Chicago, Loyola University Press [1971] x, 309 p. E281.M48

Bibliography: p. 305-309.

Examines aspects of British and American treatment of prisoners of war, including legal and moral considerations, parole and exchanges, commissary problems, British prison ships, and the difficulties presented by the surrender of Burgoyne's army at Saratoga. In contrast to Washington's steady efforts to reduce and terminate the hardships suffered by prisoners, Metzger contends that the British frequently evaded the issue, delayed, severed negotiations, and failed to abide by agreements, thus reflecting Whitehall's view that captured Americans were merely rebels, not prisoners of war.

7734

Middlebrook, Louis F. Thomas Witham, of Cape Ann; an episode of the American Revolution. In *Essex Institute, Salem, Mass. Historical collections*, v. 67, July 1931: 289-298. F72.E7E81, v. 67

Witham was a prisoner in 1777 aboard the prison ship *Jersey*.

Secret history of the American Revolution, an account of the conspiracies of Benedict Arnold and numerous others, drawn from the Secret Service papers of the British headquarters in North America, now for the first time examined and made public. New York, Viking Press, 1941. xiv, 534 p. facsim., map, ports. E277.V23 1941

"Appendix . . . Arnold-André correspondence [and] Clinton's narrative": p. [437]-495.

"General bibliography": p. [496]-499. "Chapter references": p. [500]-512.

Surveys British attempts—by exploiting doubts, hardships of service, defeatism, and personal ambition—to subvert American loyalty and recruit secret agents from all ranks of society. Besides offering vignettes of these encounters, Van Doren carefully reconstructs the maneuverings and negotiations of the Arnold-André plot, revealing Arnold's egotism, greed, and bold self-confidence. In a 56-page appendix, he reprints documents relating to the plot.

## ARNOLD AND ANDRÉ

Johnson, Amandus. Swedish contributions to American freedom, 1776-1783; including a sketch of the background of the Revolution, together with an account of the engagements in which Swedish officers participated, and biographical sketches of these men. Philadelphia, Swedish Colonial Foundation, 1953-57. 2 v. illus., facsimils, fold. maps, ports. (*His The Swedes in America*, 1638-1938, pt. 7) E184.S23J62, pt. 7

Vol. 2 has subtitle: *Biographical Sketches of Swedes in American and Allied Service During the Revolution, With Appendices of Original Letters and Translated Documents*. Bibliography: v. 1, p. [593]-665; v. 2, p. 445-453.

In the first volume the author considers the international background of the Revolution, the military campaigns of 1778-82, the League of Armed Neutrality, Swedish-American trade, the war in the East Indies, 1778-83, and Sweden's attempt to acquire an island in the Caribbean. In the second, Johnson presents biographical sketches of Swedish officers who served with American, French, Dutch, Spanish, and English forces, reports and letters of Swedish officers, the journal of Carl Olof Cronstedt, the letters of Gustav Creutz, Sweden's ambassador to France, and the correspondence of Gustav III with the countess de Boufflers regarding the war. Johnson concludes that the Swedish government encouraged its naval officers to participate in the war and that educated Swedes were predominately pro-French and anti-English in their sympathies.

7824

Johnson, Amandus. Swedish officers in the American Revolution. *In* American Swedish Historical Foundation, *Philadelphia*. Yearbook. 1957. Philadelphia. p. 33-39. E184.S23A685, 1957

Quarles, Benjamin. The Negro in the American Revolution. Chapel Hill, Published for the Institute of Early American History and Culture, Williamsburg, Va., by University of North Carolina Press [1961] xiii, 231 p. front. E269.N3Q3

Bibliography: p. [201]-223.

Emphasizing the role of Negroes as a group rather than as individuals, the author provides information on their espousal of the Revolutionary cause, the reluctance of white Americans to allow them to bear arms, their military and naval service, and the British evacuation of slaves following the defeat at Yorktown. Whenever the choice was theirs,

blacks joined the side that made the quickest and best offer of freedom. They served both the Americans and the British as cooks, artists, guides, spies, sailors, and, except in South Carolina and Georgia, soldiers. The Revolution prompted the ultimate abolition of slavery in many northern states and eased restrictions on voluntary manumission in the South. A brief synopsis of the author's views appears in his general survey, *The Negro in the Making of America*, rev. ed. ([New York] Collier Books [1969] 318 p. E185.Q2 1969).

7833

Rider, Sidney S. An historical inquiry concerning the attempt to raise a regiment of slaves by Rhode Island during the War of the Revolution. With several tables prepared by Lt.-Col. Jeremiah Olney, commandant. Providence, 1880. xxii, 86 p. (Rhode Island historical tracts, no. 10) F76.R52, no. 10

Memoir of Col. Jeremiah Olney: p. [vii]-xxii.

The author shows that there was no regiment of slaves from Rhode Island, but under a law in force February-June 1778, about 90 slaves were enlisted and freed, their masters being recompensed by the state. They were incorporated in the 1st Rhode Island Continental Line, and their conduct at the Battle of Rhode Island and elsewhere is investigated. Olney, originally in the 2d Rhode Island Regiment, became lieutenant colonel of the 1st when the two were consolidated and commanded the regiment during the closing years of the war.

Reprinted in New York by Cooper Square Publishers (1969).

Following a brief description of the war during its early stages, the author concentrates upon activities in Tory New York, a British garrison and the only colonial city occupied by the enemy throughout the Revolution. Yorkers and refugees faced a number of problems, including a housing shortage, major fires in 1776 and 1778, and profiteering, yet they managed to stage such entertainments as the theater and horseracing. Wertenbaker also traces the political and military history of the war as viewed by the Loyalists and portrays the efficient and humane evacuation of the Tories under the command of Sir Guy Carleton.

Places in the context of the greater war the skirmishes fought on this strategic middle ground between the British in New York City and the Continentals in the Hudson highlands. Here Whig and Tory factions, similar to groups that opposed each other within the Dutch Reformed Church, clashed with such vigor that the conflict produced a bitterness not easily forgotten when the actual fighting ended.

Reprinted in New York by Octagon Books (1972).

The author's thesis (Ph.D.), *New Jersey in the American Revolution, 1776-1777*, was submitted to Princeton University in 1936.

Following an analysis of the motives that divided the population into Whigs and Tories, the author places major emphasis upon military activities in 1776 and 1777. Lundin relates minor battles to major campaigns and shows how Washington's forces were constantly handicapped by poor support from the commissary and from the New Jersey militia. Internal bickering and confusion matched, in part, by idealism and courage permitted New Jersey's citizens to muddle through, but at the cost of increased social dissension and hatred.

Rankin, Hugh F. The North Carolina Continentals. Chapel Hill, University of North Carolina Press [1971] viii, 428 p. E263.N8R29  
Bibliography: p. 397-411.

Describes the state's war effort, including the recruitment of troops in North Carolina by Virginia, South Carolina, and Georgia; the role of North Carolinians in the Northern Department campaigns and the defense of Charleston; and especially the fighting in the South beginning in 1779. Rankin concludes that the rank and file of the North Carolina Line performed well under stress and the state carried more than its share of the military burden in spite of a number of difficulties: divided loyalties among its people, a weak executive, an empty treasury, excessive reliance upon a less effective militia, and heavy losses at Charleston.

8103

Benton, William A. Whig-loyalism; an aspect of political ideology in the American Revolutionary era. Rutherford [N.J.] Fairleigh Dickinson University Press [1969] 231 p. E277.B4

The author's thesis (Ph.D.), *The Whig-Loyalists: An Aspect of Political Ideology in the American Revolutionary Era*, was submitted to the University of Pennsylvania in 1965 (Micro AC–1, no. 66–4601).

Concentrating upon one of the many categories of belief and conduct that fell between the extremes of Whiggery and Toryism, Benton analyzes the political behavior of nine conservative Whig oligarchs—William Smith, Jr., William Samuel Johnson, Peter Van Schaack, Daniel Leonard, Benjamin Church, Andrew Allen, Robert Alexander, Daniel Dulany, and William Byrd III—who, like other patriots, participated in prewar agitation but ultimately rejected separatism out of fear of social upheaval and devotion to traditional Whig principles. They recognized the benefits derived from membership in the imperial community and

were, unlike the patriots, willing to accept some limitations upon American liberty in order to preserve that community.

Borden, Morton, and Penn Borden, comps. The American Tory. Englewood Cliffs, N.J., Prentice-Hall [1972] xii, 141 p. (Great lives observed) E277.B72  
A Spectrum book.  
Includes bibliographic references.

Contains selections from Loyalist writings, contemporary opinions about the Loyalists, and historical appraisals of American loyalism.

8105

Brown, Wallace. The good Americans; the Loyalists in the American Revolution. New York, Morrow, 1969: xi, 302 p. E277.B8

Bibliographic references included in "Notes" (p. 259–287).

Presents a broad survey that touches upon nearly every phase of Loyalist activity from the development of their conservative ideology to their final exile and unhappy treatment at the hands of the British. Complacency, poor leadership and organization, and lack of daring contributed to the Loyalist defeat. Brown insists that historians have treated the Loyalists unfairly, failing to see the Revolution as a civil war.

8106

Brown, Wallace. The king's friends; the composition and motives of the American Loyalist claimants. Providence, Brown University Press, 1965. x, 411 p. maps. E277.B82

Bibliography: p. [385]–393.

The author's thesis (Ph.D.), *The Structure of Loyalism During the American Revolution*, was submitted to the University of California, Berkeley, in 1964 (Micro AC–1, no. 64–12,969).

In a colony-by-colony survey, the author provides a statistical analysis of 2,908 claims submitted to the British by Loyalists for losses sustained during the Revolution. Brown finds that almost half of the claimants were farmers, nearly one-third were in commerce or were artisans, some nine

percent were professionals, and just over 10 percent were royal or proprietary officeholders.

8110

Calhoon, Robert M. Critics of colonial resistance in the pre-Revolutionary debate, 1763-1776. 1964. ([357] p.) Micro AC-1, no. 65-2316

Thesis (Ph.D.)—Western Reserve University.

Abstracted in *Dissertation Abstracts*, v. 25, May 1965, p. 6561.

Focusing on anti-Whig sentiment, the author shows that those who eventually became Loyalists were not an organized faction with a coherent philosophy; instead they were individuals who were compelled by background, temperament, and circumstances to oppose the movement toward independence.

Bibliographic footnotes.

The author's thesis (Ph.D.), *The Loyalist View of the American Revolution*, was submitted to Columbia University in 1958 (Micro AC-1, no. 59-1493).

Explores the rise, depth, and influence of Loyalist sentiment among colonial officials, clergy, and men of lesser stature. Dependent upon the crown for their positions, disunited and fearful of public opinion, the Tories offered no alternative to revolution and thus lost everything, including the right to a Tory interpretation of history. The void left by their expulsion was more philosophical than social, for their type of conservatism failed to reappear in the United States.

Reprinted in New York by Haskell House Publishers (1970).

Intended as a memorial to the founders of Canada, this early study attempts to present the "true" story of the Loyalists by tracing their activities from the landing of the Pilgrim Fathers through the defense of Canada by the United Empire Loyalists during the War of 1812. One-third of the work describes the plight of the Loyalists during the Revolution and their subsequent exile and includes biographical sketches of individual Tories.

8128

Sabine, Lorenzo. Biographical sketches of Loyalists of the American Revolution, with an historical essay. Boston, Little, Brown, 1864. 2 v. E277.S12  
A new and enlarged edition of *The American Loyalists* (1847).

Reprinted, with a new introduction by Ralph A. Brown, in Port Washington, N.Y., by Kennikat Press (1966).

Ranging in length from one line to several hundred words or more, this collection of portraits and minute biographies offers insight into the behavior of individual Loyalists, especially those from the northern colonies. Sabine obtained the information from printed and manuscript sources, tombstone inscriptions, and interviews with surviving Loyalists or their children. In his account of the war from the Tory point of view, Sabine describes the state of the colonies on the eve of the Revolution, the motivation of the colonists who remained loyal to the crown, the Whig persecution of the Tories, their appeals to Parliament for relief, and the activities of Loyalists after their banishment. The introductory statement has been reprinted separately, with a foreword by Benjamin Keen, under the title, *A Historical Essay on the Loyalists of the American Revolution* (Springfield, Mass., Walden Press, 1957. 114 p. E277.S14).

"Bibliographical note": p. 273-281.

Reprinted in New York by AMS Press (1970) and, with a new introduction, by Arno Press (1969).

Investigates the role of Anglicanism and social class in the rise of party spirit, tracing Loyalist origins to the anti-Leislerians of the 1680's. After describing the coalescence of Loyalist opposition to independence, Flick recounts the efforts of mobs and county committees to neutralize Loyalist threats, Tory plots and military activities, the Loyalist emigration to Nova Scotia, Canada, and the Bahamas, and their subsequent treatment at the hands of the British authorities. A 58-page appendix contains a tract-by-tract record of Loyalist property confiscated and sold.

Reprinted in New York by AMS Press (1967. HJ602.Y66 1967).

Contents that the leveling effect from the confiscation and sale of Loyalist lands was more moderate than supposed. Through select sales practices and the restriction of credit, the state discouraged participation by the poor in the distribution of large estates. The primary beneficiaries were wealthy and influential merchants, landowners, army contractors, and Revolutionary leaders. The democratizing effect came later when speculators realized large profits by parceling former Tory holdings into small tracts and selling them to tenant farmers. Includes five appendixes on Loyalist claims and the sale of forfeited estates.

A combination of natural conservatism, military pressure, and economic self-interest was responsible for the large number of Loyalists in the county, which lay just across the Hudson River from New York City. Only 47 of the 275 recorded Loyalists pursued occupations other than farming and only 10 held political office before the war.

George, John A. Virginia Loyalists, 1775-1783. In Richmond College historical papers. v. 1, no. 2; 1916. Richmond. p. 173-221. F221.R53, v. 1

8232

Harrell, Isaac S. Loyalism in Virginia; chapters in the economic history of the Revolution. Durham, N.C., Duke University Press, 1926. vii, 203 p. (Duke University publications) E277.H32

Issued also as thesis (Ph.D.)—University of Pennsylvania.

"Selected bibliography": p. [183]-191.

Analyzes economic issues that divided Virginians during the Revolution. Stressing conflict between the commercial and agricultural classes, Harrell finds that merchants, usually Loyalists, depended upon protection from the crown, whereas planters, most of whom were patriots, sought debt relief and fresh western lands denied them by British policy after 1763. After the war Virginia planters objected to a peace settlement that required them to honor debts to British merchants and restore Loyalist property; many also became Anti-Federalists, opposing the U.S. Constitution because it created a government capable of enforcing that document's unpopular clauses.

8236

DeMond, Robert O. The Loyalists in North Carolina during the Revolution. Durham, N.C., Duke University Press, 1940. viii, 286 p. (Duke University publications) E277.D35

Thesis (Ph.D.)—Duke University, 1938.

Bibliography: p. [262]-268.

Reprinted in Hamden, Conn., by Archon Books (1964).

Describes the local grievances—disputes between governors and the assembly over control of the judiciary and the purse—that led to revolt by a minority and discusses the emergence of Loyalist sympathies among the majority, especially the Regulators, after the Battle of Alamance in 1771. DeMond also treats the formation of Committees of Public Safety, the military struggle between Loyalists and patriots, anti-Loyalist legislation, the confiscation of Loyalist property, their exodus, and British compensation for property lost. Four lists are appended: names of Loyalist soldiers and civilians, data on land confiscated, claims for reimbursement, and pension rolls.

Gt. Brit. Commission Appointed to Enquire Into the Losses of American Loyalists, 1783-1789. United Empire Loyalists; enquiry into the losses and services in consequence of their loyalty. Evidence in the Canadian claims. [Toronto, L. K. Cameron, Printer to the King's Most Excellent Majesty, 1905] 2 v. (1436 p.) (Second report of the Bureau of Archives for the Province of Ontario, 1904. pts. [1]-2)

F1056.O49, 1904

Includes the evidence taken from 1,245 Loyalist exiles who suffered losses during or served in the Revolutionary War along with the proceedings of the special commissioners (Col. Thomas Dundas, Jeremy Pemberton, and Robert MacKenzie) appointed by Parliament to process their claims. Of the total sum of £305,725.6.4 claimed, £66,124.14.11 was allowed. The original manuscripts are preserved in the Library of Congress.

"Chapter references": p. [273]-317.

The author's thesis (Ph.D.), with the same title, was submitted to Harvard University in 1969.

Of the 60,000 to 80,000 Loyalists who fled the colonies during and after the war, the author investigates the problems faced by the 7,000 refugees in England. Many had sought imperial reform in the 1760's, but when the issue became independence, these conservatives demurred. Their inability to comprehend the thoughts and actions of the rebels, Norton argues, illuminates the radical nature of the Revolution. The exiles expected recognition in London and wished to contribute to a reconciliation with the colonies, but they were either misunderstood or, more often, simply ignored. In response to the financial plight of the Loyalists the British government awarded to 2,291 claimants £3,033,091 or 37 percent of the total estimate of their losses. While some of the Loyalists chose to remain in England after the war, others migrated to Canada or returned, where permitted, to the United States.

## CHAPTER EIGHT

### *Diplomacy and Other International Aspects of the Revolution*

#### *General Histories*

8331

Bemis, Samuel F. *The diplomacy of the American Revolution*. New York: D. Appleton-Century Co. [1935] xiii, 293 p. fold. maps. (*His The foundations of American diplomacy, 1775-1823*, [v. 1]) E183.7.B48, v. 1 E249.B44

"Bibliographical note": p. 265-273.

To Bemis. European rivalries and entanglements made American independence possible. He therefore treats the Revolution as part of an international conflict in which American diplomatic efforts abroad were affected directly or indirectly by every shift in European policies and alignments. Ultimately, the American commissioners at Paris took advantage of conflicting European interests, ignored their instructions, and negotiated a separate peace with Britain that Bemis considers a diplomatic triumph.

8332

Brown, Weldon A. *Empire or independence; a study in the failure of reconciliation, 1774-1783*. University, La., Louisiana State University Press, 1941. ix, 388 p. E210.B9

Bibliography: p. 302-330.

Reprinted in Port Washington, N.Y., by Kennikat Press (1966).

The author's thesis (Ph.D.), *Attempts at Reconciliation Between Great Britain and her American Colonies*, was submitted to the University of North Carolina in 1936.

Investigates the conciliatory overtures of the Revolution—the American proposals of 1774-75, Lord North's "Olive Branch" of 1775, the Howe Commission of 1776, and the Carlisle Commission of 1778—that were urged and opposed by both sides largely out of momentary expediency. The Declaration of Independence, Saratoga, and the French alliance compelled Great Britain to yield nearly everything short of complete separation, but after 1778 Americans sought independence through military victory.

8333

Gilbert, Felix. *The "new diplomacy" of the eighteenth century*. World politics, v. 4, Oct. 1951: 1-38. D839.W37, v. 4

Argues that during the American and French revolutions there developed, in opposition to the realistic multi-state system of separate competing powers, an idealistic

alternative based on a sense of world community and the common purpose and values shared by an enlightened mankind.

Bibliography: p. 228-238.

Reprinted in New York by Russell & Russell (1967).

Contends that western questions centering on access to the Mississippi were vital in Revolutionary diplomacy. Allied war aims differed substantially. While France sought to enhance her prestige in Europe, Spain desired a colonial empire on the Gulf of Mexico. Vergennes, however, was unwilling to sacrifice U.S. interests in western lands to Spain, even though he did not support American claims to the Southwest or encourage the conquest of Canada. His difficulty in reconciling the views of his allies during the peace negotiations enabled Shelburne to woo the Americans from the French alliance. Phillips concludes that Franklin might have obtained Upper Canada for the United States had it not been for Jay's inexperience as a diplomat.

8336

Van Alstyne, Richard W. *Empire and independence; the international history of the American Revolution*. New York, Wiley [1965] ix, 255 p. map. (America in crisis) E208.V25

"Bibliography of original sources": p. 239-243.

Places the American Revolution into international perspective by examining internal politics and pressures in Britain and America and by relating them to the policies of western European nations, particularly France and Spain. Faulty British intelligence about the nature of the American opposition led to a prolongation of the war, according to Van Alstyne, while sea power determined its ultimate out-

come. The failure of the French and Spanish fleets to win decisively enabled Britain, through private negotiations, to make peace with a minimum loss.

### *American Diplomacy and Foreign Relations* GENERAL

8337

Augur, Helen. *The secret War of Independence*. New York, Duell, Sloan and Pearce [1955] 381 p.  
E208.A85

Bibliography: p. [343]-346.

Emphasizing the commercial, maritime, and diplomatic aspects of the Revolution, the author tells of the dramatic war at sea, especially as it was carried on by privateers, and the diplomacy it engendered. Benjamin Franklin and his associates in Paris first directed this program, one that effectively unbalanced and harassed British shipping, and used the feats of privateers to help persuade Vergennes to conclude the French Alliance.

8338

Bailey, Thomas A. *America's emergence as a world power: the myth and the verity*. *Pacific historical review*, v. 30, Feb. 1961: 1-16. F851.P18, v. 30

Contends that the United States became a world power in 1776, not in 1898, as is generally assumed.

8339

Bemis, Samuel F., ed. *The American secretaries of state and their diplomacy*. v. 1. New York, A. A. Knopf [1927] xx, 338 p. ports. E183.7.B46, v. 1  
Bibliographic notes appear on p. 299-323.

Composed of three extended essays on the administration of foreign affairs to 1790. In the first, James B. Scott traces the development of early foreign policy under the Continental Congress from 1775 to 1783. Milledge L. Bonham then describes Robert R. Livingston's organization and superintendence of the newly created office of secretary for foreign affairs for the Continental Congress from August 10, 1781, to June 6, 1783. In the third essay, the editor appraises John Jay's conduct of that office from September 21, 1784, to September 15, 1789.

F221.V91, v. 66

The chief responsibility for the conduct of foreign affairs from 1783 to 1789 rested upon Jay, the secretary for

foreign affairs, and Jefferson, minister plenipotentiary at the court of Louis XVI.

8342

Buuren, Hans van. *De consolidatie van de onafhankelijkheid der Verenigde Staten van Amerika, 1763-1795*. [Zeist, 1950] 266 p. maps. E313.B9  
Proefschrift—Utrecht.  
Bibliography: p. 249-250.

Includes chapters on wartime and Confederation diplomacy.

8343

Cooper, James L. *Interests, ideas, and empires: the roots of American foreign policy, 1763-1779*. 1964. ([657] p.)  
Mico AC-1, no. 64-13,864

Thesis (Ph.D.)—University of Wisconsin.

Abstracted in *Dissertation Abstracts*, v. 25, Jan. 1965, p. 4101-4102.

Two factions—the imperial federalists and the imperial confederationists—who applied their concept of the good society or proper empire to the reform of the British Empire before 1776 and to the organization of the American states and the planning of foreign policy thereafter competed for control of the Continental Congress between 1774 and 1779.

8344

Darling, Arthur B. *Our rising empire, 1763-1803*. New Haven, Yale University Press, 1940. 595 p.  
E301.D23

Bibliography: p. [555]-565.

Reprinted in Hamden, Conn., by Archon Books (1972).

In what is essentially a history of American diplomacy from the French Alliance to the Louisiana Purchase, the author emphasizes the expansionist cast of American relations and stresses attempts by the United States to secure the Mississippi Valley against the maneuverings of the Spanish, French, and British, all of whom wished to prevent the Americans from establishing a base of power in the West.

8345

Elliot, Jonathan, comp. *The American diplomatic code, embracing a collection of treaties and conventions between the United States and foreign powers from 1778-1834*. . . Also, A concise diplomatic manual containing a summary of the law of nations from the works of Wicquefort, Martens, Kent, Vattel, Ward, Story, &c. &c. Washington, Printed by J. Elliot, Jun., 1834. 2 v. JX231.E6

Reprinted in New York by B. Franklin (1970).

"Extracts from the correspondence of the diplomatic agents of the United States of America [1776-1827]": v. 2, p. 459-672.

8346

Foster, John W. *A century of American diplomacy; being a brief review of the foreign relations of the United*

States, 1776-1876. Boston, Houghton, Mifflin, 1900.  
xiii, 497 p. maps. JX1407.F7 1900

In his survey of the Revolutionary period (p. 1-102) the author concludes that the efforts of such American representatives as Franklin and Jefferson compared favorably with those of the most professional European diplomats.

8347

Gilbert, Felix. The English background of American isolationism in the eighteenth century. William and Mary quarterly, 3d ser., v. 1, Apr. 1944: 138-160.

F221.W71, 3d s., v. 1

The isolationist stance assumed by American leaders in the wake of the Declaration of Independence stemmed from policies formulated by Thomas Paine in *Common Sense*, principles derived in turn from the writings of English radicals in the previous half century.

8348

Gilbert, Felix. To the farewell address; ideas of early American foreign policy. Princeton, N.J., Princeton University Press, 1961. vii, 173 p. E310.7.G5

"Bibliographical essay": p. 149-169.

Believing that the isolationist views expressed in Washington's farewell address had roots in the Anglo-American colonial experience, the author examines the tension during the Revolutionary era between the Americans' desire to establish commercial ties with Europe and their wish to remain separate lest the evils of the Old World contaminate the New.

Kaplan, Lawrence S. Colonies into nation: American diplomacy, 1763-1801. New York, Macmillan [1972] xiii, 331 p. (American diplomatic history series)

E249.K32 1972

Bibliography: p. 307-321.

A synthesis in which the author reviews the diverse activities of colonial agents in England, the British reaction to American independence, the significance of the French alliance, the negotiations leading to the Treaty of Paris, and the relations between the U.S. government and various Indian tribes during the Confederation period. In the first instance, Kaplan points out that while the colonists focused on difficult-to-adjust constitutional issues in petitioning Great Britain for redress of grievances, their agents tended to emphasize more easily resolved economic questions. As the crisis deepened, many agents rejected the position taken by the colonial assemblies; those who continued to support it, like Benjamin Franklin and Arthur Lee, soon lost nearly all influence in Parliament.

U.S. Dept. of State. The diplomatic correspondence of the United States of America, from the signing of the definitive treaty of peace, 10th September, 1783, to the adoption of the Constitution, March 4, 1789. Being the letters of the presidents of Congress, the secretary for foreign affairs—American ministers at foreign courts, foreign ministers near Congress—reports of committees of Congress, and reports of the secretary for foreign

affairs on various letters and communications; together with letters from individuals on public affairs. Published under the direction of the secretary of state; from the original manuscripts in the Department of State, conformably to an act of Congress, approved May 5, 1832. Washington, Printed by F. P. Blair, 1833-34. 7 v. JX233.A2

A three-volume edition was published in Washington by J. C. Rives (1855. JX233.A22).

8367

U.S. Dept. of State. The Revolutionary diplomatic correspondence of the United States. Edited under direction of Congress by Francis Wharton, with preliminary index, and notes historical and legal. Published in conformity with act of Congress of August 13, 1888. Washington, Govt. Print. Off., 1889. 6 v. (50th Congress, 1st session. House. Misc. doc. 603)

E249.U583

Published as a supplement to Wharton's *Digest of the International Law of the United States, Taken From Documents Issued by Presidents and Secretaries of State* (Washington, 1886).

Correspondence from the records of the Department of State, family archives, and published memoirs. Designed to correct, complete, and enlarge the *Diplomatic Correspondence of the American Revolution* (Boston, 1829-30. 12 v.), published by Jared Sparks under the direction of Congress. For a critical review of the Sparks edition, see the article by John Bassett Moore "The Diplomatic Correspondence of the American Revolution" in the *Political Science Quarterly*, v. 8, Mar. 1893, p. 33-47.

Van Alstyne, Richard W. Genesis of American nationalism. Waltham, Mass., Blaisdell Pub. Co. [1970] 192 p. (Topics in the United States diplomatic history)

E169.12.V35

Includes bibliographic references.

Traces the development of America's imperial ambitions from their inception in the 17th century to the evolution of a national creed in the wake of the Monroe Doctrine. In the chapter on the ideology of the Revolution, the author presents generous excerpts from contemporary letters, pamphlets, and books that illustrate, in his view, the inner meaning of the war: America's preoccupation with empire and Britain's concern that France would emerge dominant.

8370

Van Alstyne, Richard W. *The rising American empire*. New York, Oxford University Press, 1960. ix, 215 p. fold. maps. E179.5.V32

Bibliographic footnotes.

Emphasizes the continuity of American expansionist impulses from the 18th to the 20th century. In his chapters on the American alliance with France between 1775 and 1800, Van Alstyne demonstrates the incompatibility of the allies' goals: while the Americans tried to extend their boundaries in all directions, the French sought to limit the new nation to a loosely knit federation along the Atlantic seaboard.

8371

Varg, Paul A. *Foreign policies of the Founding Fathers*. [East Lansing] Michigan State University Press, 1963 [i.e. 1964, 1963] ix, 316 p. E310.7.V3

Includes bibliographies.

Focusing on the contributions of John Adams, Alexander Hamilton, Thomas Jefferson, and James Madison, the author analyzes the interrelationships between domestic politics, economics, ideology, and foreign policy between 1774 and 1812. In the opening chapters Varg shows that the Founding Fathers formulated their early policy on the supposition that Europe was economically dependent on America and that a new international order would certainly benefit agrarian maritime nations. The most conspicuous failure of the confederation government, he observes, was its failure to meet European challenges to that policy.

8372

Weaver, William A. Review of an article of the *North American Review*, October, 1834. On *The Diplomatic Correspondence of the United States*, from 1783 to 1789, "published under the direction of the Secretary of State, at Washington." With an examination and comparison of the relative merit, truth, and plan of that work, contrasted with the *Diplomatic Correspondence of the Revolution*, edited by Jared Sparks, Boston. Washington, Printed by Blair and Rives, 1835. 23 p. JX235.A21W4

8373

Wood, George C. *Congressional control of foreign relations during the American Revolution, 1774-1789*. Allentown, Pa., H. R. Haas, 1919. x, 140 p. JX1412.W6

Thesis (Ph.D.)—New York University, 1918.  
"Bibliographical index": p. [131]-132.

The effort to conduct foreign relations through the congressional committee system during the war nearly proved disastrous, according to Wood, because it promoted the growth of congressional factions, led to a welter of confusing directives to representatives abroad, and placed inordinate power over American diplomacy in the hands of the French minister to the United States. The breakdown of the committee system and the centralization of power in the Department of Foreign Affairs, established in 1783, resulted in more successful negotiations, especially with Spain, and led eventually to the creation of the Department of State under the Constitution.

Rosenthal, Lewis. America and France: the influence of the United States on France in the XVIIIth century. New York, H. Holt, 1882. 302 p.

[DC158.8.R7]

Micro 33192D

In a survey of the period 1776-94, the author describes colonial and French society on the eve of the American Revolution, discusses the formation of the alliance, and examines postwar relations. Rosenthal emphasizes the impact of the American state constitutions and the writings of the Founding Fathers on French opinion in the 1780's and concludes that the American Revolution was a proximate cause of the French Revolution.

Bibliography: p. 215-240.

The author's thesis (Ph.D.), *The French-American Alliance in American Politics, 1778-1783*, was submitted to the University of Michigan in 1967 (Micro AC-1, no. 67-15,702).

Examines the implementation of the French alliance in the United States and the ways in which American leaders viewed and dealt with the alliance in formulating military and foreign policy after 1778. French ministers Gérard and Luzerne, who were w. . . to use pulpit and press to engineer an enthusiastic acceptance of the alliance despite prevalent anti-French and anti-Catholic feeling, successfully employed such leaders as Samuel Cooper, Thomas Paine, and Gen. John Sullivan to publish propaganda and influence policy. The alliance was an unparalleled success because it

insured independence, gained the western lands and the North Atlantic fishery for the United States, and provided needed instruction in diplomatic exchange for the leaders of the new nation. Viewed by most Americans as an expedient, however, the alliance quickly expired after the cessation of hostilities in 1783.

Burt, Alfred L. The United States, Great Britain and British North America from the Revolution to the establishment of peace after the War of 1812. New Haven, Yale University Press, 1940. vii, 448 p. maps (part fold.) (The relations of Canada and the United States [a series of studies prepared under the direction of the Carnegie Endowment for International Peace, Division of Economics and History]) E183.8.G7G9

Bibliographic footnotes.

Running title: *Anglo-American Relations, 1775-1820*. Reprinted in New York by Russell & Russell (1961).

In a survey of relations between Canada and the United States, 1781-89, the author discusses at length the Treaty of Paris and its violation by both parties. Burt rejects the contemporary view that the English retained possession of trading posts in American territory because they wished to control the fur trade and argues that Britain held the forts in the belief that Americans on the Atlantic seaboard were about to give up their claim to free navigation on the Mississippi River. A position of strength in the Great Lakes area, he observes, would have been of great advantage to a power that contemplated expansion into the Mississippi Valley.

## WITH OTHERS

8422

Baldwin, Simeon E. Franklin and the rule of free ships, free goods. In *American Antiquarian Society, Worcester, Mass. Proceedings*, new ser., v. 25, Oct. 1915: 345-357. E172.A35, n.s., v. 25

The American treaty with Prussia in 1785 included a proposal for the abolition of privateering and a prohibition against the forfeiture of contraband.

8423

Barnby, H. G. The prisoners of Algiers: an account of the forgotten American-Algerian War, 1785-1797. London, New York, Oxford University Press, 1966. xiii, 343 p. facsim., plates, ports. E183.8.A6B3 1966

Bibliography: p. [319]-321.

In the chapters on the period 1785-92, the author presents a dramatic account of the capture and enslavement of 21

American seamen and summarizes the unsuccessful efforts made by U.S. officials to ransom the 12 who were unable to arrange their own release.

8424

Bernstein, Harry. Origins of inter-American interest, 1700-1812. Philadelphia, University of Pennsylvania Press, 1945. ix, 125 p. F1418-B486

Issued also as thesis (Ph.D.)—Columbia University. Bibliography: p. 102-118.

Reprinted in New York by Russell & Russell (1965 [i.e. 1966])

Studies the evolution of economic, political, and cultural relations essentially between Boston, New York, Philadelphia, and the Latin American countries from the beginning of contraband trade in the West Indies to the extension of contacts throughout the southern hemisphere. By the end of the 18th century over 60 percent of all trade with the Spanish Empire was carried on directly with South America. Although the major political export of the United States—liberal republicanism—found receptive audiences to the south, cultural interchange was confined to relatively small groups.

Savalle, Max. The American balance of power and European diplomacy, 1713-78. In *The era of the American Revolution; studies inscribed to Evarts Boutell Greene*. Edited by Richard B. Morris. New York, Columbia University Press, 1939. p. 140-169. E203.E74

Nearly every colonial war fought in America during the 18th century was fought to maintain an equilibrium among empires. By trying to reestablish international prestige and deprive Great Britain of colonies during the Revolution, France made American independence a reality.

8445

Savalle, Max. The origins of American diplomacy: the international history of Angloamerica, 1492-1763. With the assistance of Margaret Anne Fisher. New York, Macmillan [1967] xiii, 624 p. maps. (American diplomatic history series) E188.S3

Bibliography: p. 555-598.

Focusing upon the colonies in the intricate development of European balances of power, Savalle systematically traces the evolution of Anglo-American diplomatic principles—freedom of trade, freedom of the seas, free ships make free goods, and the doctrine of continuous voyage—that became an integral part of American diplomatic principle after the Revolution. The doctrine of the two spheres, he shows, served as a precedent for the Monroe Doctrine. In his discussion of 18th-century diplomacy, Savalle indicates that European fear of English commercial aggression in the New World produced antipathies that led ultimately to the system of alliances that made American independence possible.

8446

[Schlitz genannt von Görtz, Johann Eustach, graf von] The secret history of the armed neutrality. Together with memoirs, official letters & state-papers, illustrative of that celebrated confederacy: never before published. Written originally in French by a German nobleman. Gorman, Thomas K. America and Belgium; a study of the influence of the United States upon the Belgian Revolution of 1789-1790. London, T. F. Unwin [1925] xii, 316 p. E249.3.G67

Issued also as thesis, Louvain.

"List of sources and works cited in the text": p. 293-308.

Using accounts found in Belgian newspapers between 1765 and 1790, the author first traces the origin and growth of Belgium's interest in the American Revolution and then considers the impact of the American example upon Belgian politics beginning in 1787. Newspapers, personal contacts, and trade fostered Belgian enthusiasm for the American precedents that helped sustain Belgium's spirit when she

revolted against Austria. Adopting political theories championed in the New World, Belgians used the Declaration of Independence and Articles of Confederation as models and saw parallels between their heroes and Franklin and Washington.

Acomb, Frances D. Anglophobia in France, 1763-1789; an essay in the history of constitutionalism and nationalism. Durham, Duke University Press, 1950. xii, 167 p. (Duke University publications) DC59.8.G7A6

Bibliography: p. [129]-161.

The author's thesis (Ph.D.), *Anti-English Opinion in France, 1763-89*, was submitted to the University of Chicago in 1943.

Studies the evolution of liberal and conservative opinion before, during, and after French participation in the American War of Independence. The author concludes that Frenchmen believed France entered the war in 1778 to secure freedom from British naval and commercial monopolies, leading many idealistic young Frenchmen to join with the Americans in battle against the modern Carthage. Acomb also contends that radical political sentiment was a result rather than a cause of French intervention and that hostility to aristocratic rule, an important aspect of anglophobia after

1783, was an expression of nationalism that contributed to the outbreak of the French Revolution.

Corwin, Edward S. French policy and the American alliance of 1778. Princeton, Princeton University Press, 1916. ix, 430 p. E249.C83

"Bibliographical note": p. 379-383.

Reprinted in Gloucester, Mass., by P. Smith (1969) and in New York by B. Franklin (1970).

The author's thesis (Ph.D.), *The Attitude of France Towards Her Alliance With the United States in the American Revolution*, was submitted to the University of Pennsylvania in 1905.

Covering the period from 1774 to 1783, the author

discusses the activities of Gérard and Luzerne in America; the diplomacy of Jay, Adams, and Franklin at the French court; and Vergennes' difficulties in reconciling the American alliance with the Family Compact between France and Spain. France looked upon the alliance as a means of regaining hegemony in Europe and, to placate Spain, attempted to sacrifice American interests at Paris in 1782. Alert American commissioners, however, violated their instructions and met secretly with the British, thus defeating French plans.

Echeverria, Durand. Mirage in the West; a history of the French image of American society to 1815. Foreword by Gilbert Chinard. Princeton, Princeton University Press, 1957. xvii, 300 p. E169.1.E23

"Bibliographical note": p. 283-285.

Reprinted in New York by Octagon Books (1966).

Surveying the opinions of French travelers, philosophers, statesmen, and men of letters, the author follows the shift between 1760 and 1815 in their view of the American experiment. At first, some thought that colonists, like Indians, were inferior products of an unfavorable climate. Following Lexington and Concord, however, Frenchmen began to attribute to things American qualities they found lacking in their own country—liberty, virtue, prosperity, and enlightenment. The Revolution enabled large numbers of Frenchmen to visit the United States, while the Treaty of Paris allowed Americans to communicate directly with the non-British world.

"Chronology of direct literary sources": p. 112-114.

Examines French verse, fiction, drama, and literary essays for their treatment of events of the Revolutionary War, especially French intervention and Anglo-French naval warfare. The author also devotes a section to an analysis of the attitudes, values, and influences reflected in the writings. Many French authors used the subject as an inspiration

toward higher political ideals or as a weapon of revolt. Throughout the period of the study American leaders such as Washington and Franklin were depicted as models of statecraft and patriotism.

Reprinted in New York by AMS Press (1968).

In the first part of his work the author observes that the American Revolution helped to undermine France's old colonial system by creating competition for West Indian trade between the mother country and the new republic, by stimulating among French colonials resistance to imperial regulation, and by strengthening antiexpansionist opinion in France. Lokke then examines the development of reform opposition to West Indian slavery and trade monopolies in the early days of the French Revolution and the growing movement to substitute Egypt for the West Indies as a more desirable colonial possession.

Bibliography: p. 187-189.

Analyzing the works of selected groups of contemporary writers, journalists, and poets, the author discovers that while the American Revolution had only a superficial impact on the literature of Germany, it created widespread awareness of new political forms and led to considerable agitation over the export of German mercenaries. In the main, however, the influence of the American Revolution was overwhelmed by the much greater impact of the French Revolution.

8561

Bemis, Samuel F. The Hussey-Cumberland mission and American independence: an essay in the diplomacy of the American Revolution. Princeton, Princeton University Press, 1931. vii, 195 p. maps (on lining papers) E249.B45

Reprinted in Gloucester, Mass., by P. Smith (1968).

Investigates the secret negotiations of 1779-81 between England and Spain that threatened to disrupt the Franco-American Alliance. Spain indicated that she was willing to break the Family Compact with France and make a separate peace, but her price—Gibraltar—proved too high for George III. Bemis concludes that it was the stubbornness of the British monarch in these negotiations as well as his refusal to discuss the American colonies in negotiations with other hostile European powers that saved the Revolutionary cause and made it possible for the Americans to secure complete independence.

8562

Bemis, Samuel F., ed. Secret intelligence, 1777: two documents. *Huntington Library quarterly*, v. 24, May 1961: 233-249. Z733.S24Q, v. 24

Includes instructions from Lord North to Admiral Howe, dated October 28, 1777, with an accompanying summary of diplomatic intelligence by William Eden, undersecretary of state, concerning the flow of French contraband goods to the American army. The two documents, drafted before news of Burgoyne's surrender at Saratoga reached England, shows that the British government was very well informed of American efforts to obtain European aid.

Ritcheson, Charles R. Aftermath of revolution; British policy toward the United States, 1783-1795. Dallas, Southern Methodist University Press [1969] xiv, 505 p. E313.R5

Bibliography: p. 471-493.

Rejects the nationalistic view first aired by John Quincy Adams in an 1827 essay that Great Britain's policy toward the United States in the wake of the Revolution was one of "supercilious neglect." Ritcheson finds that disagreements over Loyalist claims, prewar debts, and British occupation of the Northwest forts were in fact the fault of both sides. He sees the rapid expansion of Anglo-American trade, British investment in the U.S. national debt, and widespread smuggling in the face of trade bans as evidence of a natural Anglo-American community that such wise statesmen as William Grenville, Alexander Hamilton, and John Jay tried to promote. Although delayed in its coming by Jefferson's unnatural pro-French policy, Jay's Treaty was not only fair, honorable, and reasonable but provided substantial advantages to both nations.

Reprinted in New York by AMS Press (1971).

The author's thesis (Ph.D.), *The Relations of the Dutch Republic to the American Revolution*, was submitted to George Washington University in 1910.

Because of their own rebellion against Spanish rule, the Dutch were sympathetic to the American cause and, under the guise of neutrality, greatly increased their commerce with both France and the United States. By 1780 the prospect of Dutch entry into the League of Armed Neutrality and the discovery of Henry Laurens' mission gave England a pretext to declare war which resulted in the ruin of Dutch commerce, an unfavorable treaty, and subsequent dependence upon England. The Dutch, Edler concludes, were the real and only victims of the American Revolution.

E249.P92 Rare Bk. Coll.

This project for a future treaty of commerce had been secretly arranged at Aix-la-Chapelle in 1778 between Jean de Neufville, a merchant professing to act under the instructions of Van Berckel, pensionary of Amsterdam, and William Lee, an American commissioner to Berlin. In October 1780, when Henry Laurens was captured by the British while on his way from America to Holland, a draft of it was found among his papers, and although it was neither authorized nor sanctioned by the States-General nor by Congress, it served as a pretext for England's declaration of war against the Netherlands.

Bolkhovitinov, Nikolai N. Stanovlenie russkoamerikanskikh otnoshenii, 1775-1815. [The establishment of Russian-American relations, 1775-1815] Moskva, Nauka, 1966. 638 p. ports. E183.8.R9B6  
On leaf preceding title page: Akademiia nauk SSSR. Institut istorii.  
Table of contents also in English.  
Bibliography: p. 601-[625]

Treats diplomatic, economic, and cultural contacts from 1775-1815. In the first section the author concentrates on the *raison d'état* that guided Russian diplomacy during the American Revolution, the attitude of Russian society toward the Revolution, and the experiences of the first Russian visitors to the United States and the first Americans in Russia. He finds that educated Russians received a steady flow of information concerning the American war, the new nation, and its leaders through the pages of such journals as *Moskovskie vedomosti*, published by N. I. Novikov. Increased diplomatic and cultural contacts in the postwar period led to a rapid expansion in commercial relations.

8603

Golder, Frank A. Catherine II and the American Revolution. *American historical review*, v. 21, Oct. 1915: 92-96. E171.A57, v. 21  
Concludes that her interest in American affairs was dictated by the effect of the Revolution upon English and European politics.

Griffiths, David M. An American contribution to the Armed Neutrality of 1780. *Russian review*, v. 30, Apr. 1971: 164-172. DK1.R82, v. 30  
The attacks in 1778 of the American privateer *General Mifflin*, captained by Daniel MacNeil, on ships carrying Russian goods to Great Britain prompted Catherine to arm the Russian fleet the following year and to adopt the maritime principle of free ships, free goods.

8605

Griffiths, David M. Nikita Panin, Russian diplomacy, and the American Revolution. *Slavic review*, v. 28, Mar. 1969: 1-24. D377.A1A5, v. 28  
Designed to preserve the status quo in Europe, the Northern System, constructed by Russia's minister of foreign affairs, served as the touchstone of Catherine II's policy as Panin sought, through Russian mediation, a peaceful settlement of the war and the recognition of American independence. By 1781, however, Russia's aggressive designs upon the Turkish Empire, which the empress sought to divide with Austria, resulted in Panin's dismissal and a reversal of policy as new ministers preferred to keep European nations preoccupied with a continuing war.

Madariaga, Isabel de. Britain, Russia, and the Armed Neutrality of 1780; Sir James Harris's mission to St. Petersburg during the American Revolution. With a foreword by Samuel Flagg Bemis. New Haven, Yale University Press, 1962. xiv, 496 p. ports.

D295.M23

"Based on a study . . . submitted to the University of London . . . for . . . the degree of Doctor of Philosophy." Bibliography: p. 464-482.

A detailed analysis of Russian policy toward Britain in the period 1777-83. The author concludes that the League of Armed Neutrality was an important device conceived and successfully used by Catherine II to enhance Russia's economic and political independence. Explaining that the conduct of the war in America had little effect on the course of diplomatic relations between Russia and Britain, Madariaga identifies Catherine's interests as a reduction in Russia's dependence on British trade, an expansion of Russia's trade with France, a balanced resolution of the Anglo-Dutch conflict, and the preservation of good relations with Britain. To serve these interests, Catherine sought a protected status for neutral shipping, assumed the role of armed neutral rather than armed mediator as proposed by Britain, decided not to mobilize the league in defense of the Dutch, and declined to recognize the independence of the United States.

Whitaker, Arthur P. The pseudo-Aranda memoir of 1783. *Hispanic American historical review*, v. 17, Aug. 1937: 287-313. F1401.H66, v. 17

Discusses the secret memoir purportedly written by the conde de Aranda, Spain's ambassador to France, which he submitted to Charles III of Spain at the close of the Revolution. The memorialist feared that an expansive United States would soon become a menace to the Spanish dominions and proposed a defensive reorganization of the Spanish Empire in America to guard against such a contingency. Reviewing scholars attacks upon the memorial as a forgery. Whitaker supports the view that Aranda was not the author and contends that he would have repudiated most of the important statements of fact and opinion contained in it. Taking a different position in his article "The Aranda Memorial: Genuine or Forged?" appearing in v. 18, Nov. 1938, p. 445-460, Almon R. Wright argues that the evidence presented to date favors Aranda's authorship, but that final judgment must be suspended.

Morris, Richard B. The peacemakers: the great powers and American independence. New York, Harper & Row [1965] xviii, 572 p. illus., facsim., maps, ports.

E249.M68

Bibliographic references included in "Notes" (p. 467-552).

A comprehensive analysis of the tangled negotiations that led to the Treaty of Paris. Morris emphasizes the basic agreement among the American representatives and their perseverance in pursuing common goals—American independence and a national domain. Willing to sacrifice nonessentials, Jay, Franklin, Adams, and Laurens succeeded largely because they adopted the Machiavellian practices of their counterpart, violated the spirit of the French alliance, and negotiated a separate peace. The portraits of the protagonists are strongly etched. John Jay emerges as the key figure among the Americans.

French reformers saw in the American Revolution a confirmation of their own ideas.

8662

Arendt, Hannah. On revolution. New York, Viking Press [1963] ciii, 343 p. JC491.A68

Bibliography: p. 327-334.

Analyzes the modern revolutionary tradition through an extended comparison of the American and French revolutions. The author credits American leaders with superior wisdom in political theory and practice, but feels they were aided immeasurably by their experience in self-government and the absence in America of mass poverty and a tradition of monarchical absolutism. Arendt asserts that the American Revolution succeeded because it remained true to its original goal of political freedom while the French Revolution failed as a result of preoccupation with social reformation. She concludes that the Constitution was the culmination of the revolutionary process in America, arguing that the profound impact of the French Revolution upon American politics in the 1790s led to the erroneous view that the Constitution had been generated by counterrevolutionary forces.

8664

Brinton, Clarence Crane. The anatomy of revolution. [Rev. ed.] New York, Prentice-Hall [1952] xi, 324 p. JC491.B7 1952

Bibliography: p. [295]-315.

First edition published in 1938.

Analyzes the English, American, French, and Russian revolutions in search of uniform patterns among them. The author concludes that each began in an expanding society rent by bitter inter- or intraclass struggle and was shaped in its early phase by a desertion of the established order by the intellectuals. Moderates who seized power initially were soon replaced by extremists who instituted a reign of terror and "virtue," only to fall victim themselves to counterrevolutionary forces during a period of Thermidorian reaction. The results of each revolution were similar—widespread institutional change, increased governmental efficiency, and an amalgamation of revolutionists and elements of the old privileged order into a new ruling class. Noting exceptions, Brinton explains that a true reign of terror did not develop in America, despite the violence directed toward the Loyalists,

and that, in general, the moderates maintained control of the new state governments.

8668

Edwards, Lyford P. The natural history of revolution. Chicago, University of Chicago Press [1927] xvii, 229 p. (The University of Chicago sociological series) HM283.E4

"Selected references" at end of each chapter.

Reprinted, with a new foreword by Morris Janowitz, in Chicago by the University of Chicago Press (1970).

A precursor of Crane Brinton (see *Anatomy of Revolution*, no. 8664), the author reaches similar conclusions concerning the necessary conditions and the developmental patterns of social and political upheavals such as the Puritan, American, French, and Russian revolutions. According to Edwards the revolutionary cycle began in each case when attempts on the part of moderates to bring about peaceable change in the established order led to conflict with the favored classes who were unwilling to accept new conditions. Their resistance led to the seizure of power by radical elements who dismantled the old order by violent means. Ultimately, however, the destruction phase resulted in a new equilibrium in which the moderates assumed institutional control. The American Revolution, which Edwards considers to be mildest and most merciful of the great revolutions, did not end until 1787-88 when the citizenry finally

accepted the Federal Constitution as a permanent blueprint for government.

Godechot, Jacques L. France and the Atlantic revolution of the eighteenth century, 1770-1799. Translated by Herbert H. Rowen. New York, Free Press [1965] vii, 279 p. DC138.G543

Translation of *Les Révolutions, 1770-1799*.

Bibliography: p. 249-274.

Explores the thesis that the movements for social and political change that took place in America, Great Britain, Geneva, the Low Countries, and France after 1770 were fundamentally interrelated and sprang from similar needs and ideas. Godechot discusses the common origins and features of the "Revolution of the West," the particular form that it took in each of the regions examined, the achievements of the French Revolution to 1792, and the effects of counterrevolutionary impulses throughout Europe and America during the next seven years.

8677

Morris, Richard B. The emerging nations and the American Revolution. New York, Harper & Row [1970] xiii, 238 p. E208.M873

Includes bibliographic references.

Defining the American Revolution as a war of decolonization and a movement for broad social change and reform, the author assesses its impact on 19th-century Europe and Latin America and its usefulness as a model for contemporary new nations. Morris concludes that it was the American rather than the French Revolution that inaugurated the age of revolutions and that numerous analogies can be drawn between the American experience, both past and present, and that of the newly emerging nations of Latin America, Africa, and Asia.

8678

Palmer, Robert R. The age of the democratic revolution; a political history of Europe and America, 1760-1800. Princeton, N.J., Princeton University Press, 1959-64. 2 v. D295.P3

Contents: [1] The challenge.—[2] The struggle.

Maintains that Atlantic or Western civilization was swept after 1760 by a single revolutionary impulse against monarchy and aristocracy, a movement that denied any person the right to rule when that prerogative was derived solely from family membership, tradition, or absolute political principle. Turning to America, the author finds that the War for Independence added greatly to existing revolutionary sentiment in Europe; it increased desire for a reconstruction of government and society in order to secure participation by groups previously excluded. Comparing the number of exiles per capita and the amount of land redistributed in each nation, he concludes that the American Revolution was just as disruptive politically and socially as the French. Palmer discusses his conceptual approach to what he calls the 18th-century revolution in "Generalizations About Revolution: a Case Study," published in *Generalization is the Writing of History; a Report of the Committee on Historical Analysis of the Social Science Research Council* (Chicago)

763

## CHAPTER NINE

# *The Confederation and the Consolidation of the Revolution in the States*

### *The Confederation Period, 1781–1789*

#### GENERAL

##### 1. PRINTED PRIMARY SOURCES

8687

Adams, John. A defence of the constitutions of government of the United States of America. London, Printed for C. Dilly, 1787. 2 v.

JK171.A2 1787 Rare Bk. Coll.

Vol. 2 printed for C. Dilly and J. Stockdale.

A continuation was published in 1788.

A reprint in three volumes (including the continuation of 1788) was issued in New York by DaCapo Press (1971).

A third edition was published under the title *A Defence of the Constitutions of Government of the United States of America, Against the Attack of M. Turgot in His Letter to Dr. Price, Dated the Twenty-second Day of March, 1778* (Philadelphia, Printed by Buel and Bartram for William Cobbett, opposite Christ Church, 1797. 3 v. JK171.A2 1797).

8688

American archives: consisting of a collection of authentick records, state papers, debates, and letters and other notices of publick affairs, the whole forming a documentary history of the origin and progress of the North American colonies; of the causes and accomplishment of the American Revolution; and of the Constitution of government for the United States, to the final ratification thereof. In six series. By Peter Force. Prepared and published under authority of an act of Congress. [Washington, 1837–53] 9 v. E203.A51

No more published. The first, second, and third series never appeared. The fifth series, left unfinished, ends with the year 1776.

Contents: 4th ser. Containing a documentary history of the English colonies in North America, from the king's message to Parliament, of March 7, 1774, to the Declaration of Independence by the United States. 6 v.—5th ser. Containing a documentary history of the United States of America, from the Declaration of Independence, July 4, 1776, to the definitive treaty of peace with Great Britain, September 3, 1783. 3 v.

Reprinted in New York by Johnson Reprint Corp. (1972).

Includes extensive excerpts from the journals, papers, and correspondence of the Continental Congress; the proceedings, papers, and letters of state assemblies, conventions, committees of correspondence, and councils of safety; new spapers, individual letters; and the debates of the British parliament, from March 1774 to December 1776.

8689

Cobbett, William. A summary view of the politics of the United States from the close of the war to the year 1794. *In his Porcupine's works*; containing various writings and selections, exhibiting a faithful picture of the United States of America. v. 1. London, Printed for Cobbett and Morgan, 1801. p. [33]–120.

E310.C65, v. 1

A jaundiced reflection upon the Confederation government and the motives of American revolutionaries.

8690

[Inglis, Charles] *Bp. of Nova Scotia*. The letters of Papinian: in which the conduct, present state and prospects, of the American Congress, are examined. A correct ed., with a preface & emendations. New York, Printed by H. Gaine, 1779. v, 130 p.

E211.I51 Rare Bk. Coll.

First printed in Rivington's *Royal Gazette* and afterwards reprinted in Gaine's *New York Gazette*.

Letters 1–3 are addressed to Henry Laurens; letters 4, 6–8 to John Jay; and letters 5, 9 to "the people of North America."

8691

Mably, Gabriel Bonnot de. Remarks concerning the government and the laws of the United States of America: in four letters, addressed to Mr. Adams. From the French of the Abbé de Mably: with notes, by the translator. London, Printed for J. Debrett, 1784. 280 p.

E249.A214 Rare Bk. Coll.

JK136.M16

Reprinted in New York by B. Franklin (1968).

8692

McDonald, Forrest, and Ellen S. McDonald, comps. Confederation and Constitution, 1781–1789. Colum-

bia, University of South Carolina Press [1968] viii, 222 p. Documentary history of the United States].

E303.M33

Bibliographic footnotes.

A compilation of 42 documents arranged under five subject headings with an historical introduction.

8693

Morris, Richard B., comp. Basic documents on the Confederation and Constitution. New York, Van Nostrand Reinhold Co. [1970] xiv, 231 p. Anvil original, no. 126. E303.M88

A selection of 50 documents from the period 1783-88 arranged under 13 subject headings.

8694

[Murray, William Vans.] Political sketches, inscribed to His Excellency John Adams, Minister Plenipotentiary from the United States to the court of Great Britain. By a citizen of the United States. London, Printed for C. Dilly, 1787. 96 p. E303.M198

A reply to Abbe Mably's *Remarks Concerning the Government and Laws of the United States*. One of the six essays, edited by Alexander DeConde, appeared under the title "William Vans Murray on Freedom of Religion in the United States, 1787" in the *Maryland Historical Magazine*, v. 50, Dec. 1955, p. 282-290.

8695

Paine, Thomas. The American crisis. London, J. Watson, 1850. 145 p. [E211.P1177] Micro 33214 E

This edition contains all 16 essays (13 of which are numbered) published between December 23, 1776, and December 9, 1783. The three unnumbered essays, "The Crisis Extraordinary. On the Subject of Taxation," "Super-numerary Crisis. To Sir Guy Carleton," and "A Super-numerary Crisis. To the People of America," are inserted in chronological order.

The seventh essay, "To the People of England" (dated November 21, 1778) is incorrectly numbered VIII.

8696

Paine, Thomas. Letter addressed to the Abbe Raynal on the affairs of North-America. In which the mistakes in the Abbe's account of the Revolution of America are corrected and cleared up. Philadelphia, Printed; Boston, Re-printed by Benjamin Edes & Sons, in Cornhill, Near the Market. 1782. 70 p. E211.R2804 Rare Bk. Coll.

8697

Paine, Thomas. A letter to the Earl of Shelburne, on his speech, July 10, 1782, respecting the acknowledgment of American independence. Philadelphia, Printed; London, Reprinted for J. Stockdale, 1783. 28 p. E211.P1142 1783 Rare Bk. Coll.

Originally published in 1782 as no. 12 of the *American Crisis*.

8698

Paine, Thomas. Thoughts on the peace, and the probable advantages thereof to the United States of America. Philadelphia, Printed; London, Reprinted for J. Stockdale, 1783. 18 p. E211.P1148

Originally published in 1783 as no. 13 of the *American Crisis*.

8699

The Political establishments of the United States, 1784. William and Mary quarterly, 3d ser., v. 23, Apr. 1966: 286-308. E221.W71, 3d s., v. 23

An anonymous pamphleteer proposes a strong central government. Introduction and notes by Edmund S. Morgan.

8700

[Sherman, Roger] Remarks on a pamphlet, entitled *A Dissertation on the Political Union and Constitution of the Thirteen United States of North-America*, by a citizen of Philadelphia. With some brief observations, whether all the western lands, not actually purchased or conquered by the crown of Great-Britain, antecedent to the late cession, made to the thirteen United States of North-America, ought not to be considered as ceded to the thirteen states jointly--and whether all the confiscated estates of those people, by some termed Loyalists, are to be considered as forfeited to the states in which they were resident, or to all the states included in the Confederation. By a Connecticut farmer. [New-Haven] Printed [by T. and S. Green] 1784. 43 p. JK136.W454 Rare Bk. Coll.

8701

[Stevens, John] Observations on government, including some animadversions on Mr. Adam's *Defence of the Constitutions of Government of the United States of America*; and on Mr. De Lolme's *Constitution of England*. By a farmer, of New Jersey. New York, Printed by W. Ross, in Broad-Street, 1787. 56 p. JK291.S75 Rare Bk. Coll.

For authorship, see Turnbull, p. 90-91.

A manuscript note in Jefferson's hand, on the title page of a second copy in LC, attributes the work to "John Stevens of N. Jersey."

Formerly attributed to William Livingston.

For a discussion of the influence of the translated and heavily annotated work in France, where it appeared under the title *Examen du gouvernement d'Angleterre comparé aux constitutions des États-Unis*, see Joyce O. Appleby's *An American Pamphlet in Paris*, which was submitted as the author's thesis (Ph.D.) to the Claremont Graduate School in 1966 (Micro AC-1, no. 67-9495) and abstracted in *Dissertation Abstracts*, v. 28A, Oct. 1967, p. 1364.

8702

Webster, Noah. Plan for the Union of the American States. "Plan of policy for improving the advantages and perpetuating the Union of the American States": the fourth section of Webster's "Sketches of American policy." 1785. [Boston, Directors of the Old South Work,

1923, 24 p. (Old South leaflets. [General ser., v. 8] no. 197. E173.O44, v. 8)

Correspondence with James Madison on the origin of the Constitution appears on pp. 18-23.

8723

Webster, Noah. Sketches of American policy. Hartford. Printed by Hudson and Goodwin, 1785. 48 p.

JK136.W38 Rare Bk. Coll.  
AC901.W7, v. 4 Rare Bk. Coll.

Contents: 1. Theory of government.—2. Governments on the eastern continent.—3. American states; or the principles of the American constitutions contrasted with those of European states.—4. Plan of policy for improving the advantages and perpetuating the union of the American states.

A facsimile reprint, with introduction and bibliographical note by Harry R. Warfel, was published in New York by S. Scholars' Facsimiles & Reprints (1937).

8724

[Webster, Pelatiah]. A dissertation on the political union and constitution of the thirteen United States, of North-America: which is necessary to their preservation and happiness, humbly offered to the public, by a citizen of Philadelphia. Philadelphia, Printed and sold by T. Bradford, in Front-Street, three doors below the Coffee-House, 1783. 47 p.

AC901.M5, v. 757 Rare Bk. Coll.

Reprinted as *The Political Union of the United States* in Boston by the Directors of the Old South Work in 1907 (28 p. Old South leaflets. [General ser., v. 8] no. 186. E173.O44, v. 8; E303.W43).

## 2. SECONDARY WORKS

8725

Davis, Joseph L. Sections, factions, and political centralism in the Confederation period, 1774-1787. 1972. (584 p.) Micro AC-1, no. 72-29,477

Thesis (Ph.D.)—University of Wisconsin

Abstracted in *Dissertation Abstracts International*, v. 33A, Feb. 1973, p. 4283.

8726

Dutcher, George M. The rise of republican government in the United States. *Political science quarterly*, v. 55, June 1940: 199-216. H1.P8, v. 55

Finds that republican government developed in 1775 and 1776 from political necessity and not from political theory or public agitation.

8727

Farrand, Max. The fathers of the Constitution: a chronicle of the establishment of the Union. New Haven, Yale University Press, 1921. xii, 246 p. plates, ports. (The *Chronicles of America* series, v. 13)

E173.C55, v. 13

E303.F24

Appendix: The Declaration of Independence. Articles of Confederation. The Northwest territorial government. Constitution of the United States.

"Notes on the proceedings of members of the federal convention who signed the Constitution, by Victor Hugo Palisits": p. 225-238.

"Bibliographical note": p. 219-233.

An essay covering the Treaty of Paris, industry and trade during the Confederation period, the Northwest Ordinance, and the Constitutional Convention.

8728

Ferguson, Elmer James. The Nationalists of 1781-1783 and the economic interpretation of the Constitution. *Journal of American history*, v. 56, Sept. 1969: 241-261. E171.J87, v. 56

Argues that the relationship between economic goals and political reform was organic and not a contrived issue of 1787-88; the Nationalists began the movement to reorganize the central government at the end of the war, not later.

8729

Fiske, John. The Critical period of American history, 1783-1789. Boston, Houghton, Mifflin, 1888. xviii, 368 p. E303.F54

"Bibliographical note": p. 351-356.

A narrative of events during the Confederation era in which the author explains the origin and provisions of the Articles, summarizes political and social developments within individual states, and describes the westward movement and the establishment of a national domain. Emphasizing the inability of Congress to provide for defense, to control emissions of paper money, to regulate trade, and to prevent a general drift toward anarchy, Fiske contends that the nation faced political, economic, and moral collapse in the years after the war. Those who supported the movement for a new constitution, however, recognized that only a strong, federal Union could bring order out of the chaos of the Critical period.

8710

Fiske, John. [The United States after the Revolutionary War] *Atlantic monthly*, v. 57, Mar., May 1886: 351-362, 577-589; v. 58, July, Sept., Nov. 1886: 77-88, 376-385, 648-666; v. 59, Feb., June 1887: 225-240, 817-832; v. 60, Nov. 1887: 673-691.

AP2.A8, v. 57-60

Contents: The United States after the Revolutionary War.—Weakness of the United States under the Articles of Confederation.—Failure of American credit after the Revolutionary War.—The paper money craze of 1786 and the Shays Rebellion.—The germs of national sovereignty in the United States.—The Federal Convention.—Completed work of the Federal Convention.—The adoption of the Constitution.

8711

"List of references": p. 381-397.

8713

Hofstadter, Richard. The idea of a party system; the rise of legitimate opposition in the United States, 1780-1840. Berkeley, University of California Press, 1969. xiii, 280 p. (Jefferson memorial lectures) JK2262.H73

Bibliographic footnotes.

Considers in the first chapter the antiparty views dominant before the Revolution and in the second the role that hostility to parties played in the drafting of the Constitution. Hofstadter concludes that the emergence of a recognized system of partisan opposition in the 1790's marked a net gain in the sophistication of political thought and practice.

8714

Jensen, Merrill. The American Union, its interpretation and its historic origins; an inaugural lecture delivered before the University of Oxford on 21 February 1950. Oxford, Clarendon Press, 1950. 30 p. JK34.J4

Bibliographic footnotes.

Discusses the origin and nature of the governments established under the Articles of Confederation.

8715

Jensen, Merrill. The idea of a national government during the American Revolution. Political science quarterly, v. 58, Sept. 1943: 356-379. H1.P8, v. 58

Demonstrates that the ideas and plans of the nationalists for a strong central government were not a product of post-Revolutionary chaos and governmental weakness but were fully formed by the end of the war.

8716

Jensen, Merrill. The new nation; a history of the United States during the Confederation, 1781-1789. New York, Knopf, 1950. xvii, 433, xi p. E.03.J45 1950

"Essay on the sources": p. 429-432.

Synthesizes political, economic, diplomatic, social, and intellectual developments from the ratification of the Articles to the call for a constitutional convention. Unlike John Fiske, who accepted uncritically the arguments of those who supported the new constitution, Jensen stresses the accomplishments of the Confederation period, viewing it as an era marked by healthy optimism, economic recovery, political reform, and active humanitarianism. Pre-war political development continued as members of the revolutionary group, the real Federalists, struggled with remnants of the old ruling class for control of the various states and of the national government. Despite obvious weaknesses, the Confederation government reduced the war debt, created a national domain, and developed a body of trained civil servants. Ultimately, however, the efforts of the Federalists to amend and strengthen the Articles, regarded by them as the

embodiment of the democratic principles contained in the Declaration of Independence, were subverted by the conservative Nationalists, who later dominated the strong central government under the Constitution.

A spirited survey that focuses on the weaknesses of the Articles of Confederation and on the events leading up to the drafting of the Constitution. The author contends that a fragile national spirit, developed during the Revolution, eroded when republicans pushed state interests against national by effectively denying Congress the ability to tax. MacDonald praises the nationalists who, in his view, were a creative minority that saved the nation and protected the average American from his own excesses.

"Critical essays on authorities": p. 318-336.

An abridged edition, with an extensive foreword by Henry Steele Commager, was published by Collier Books in 1962.

During the war the Continental Congress faced the same task that had confronted the Grenville administration a dozen years before—the task of "imperial organization." The transition from colonial to independent status was complicated by the demoralizing experience of war, the exile of talented leaders, and the conflicting concepts over the relationship between the freedom of the citizen and the imperatives of government. Although the Articles of Confederation were in many respects models of what they ought to be, they did not provide Congress with the much needed powers to raise money, regulate commerce, and enforce its orders. The experiences of the Confederation government in financial, commercial, and diplomatic matters, the question of the West, and Shays' Rebellion paved the way for a more national government under the Constitution.

"Bibliographical notes": p. 393-400.

In a synthesis of recent scholarship on the development of the mechanisms of self-government in the United States, the author stresses in the first half of his work the importance of both continuity and improvisation as he discusses colonial and Confederation politics, the Constitutional Convention, and the establishment of the federal government. Nichols contends that early party groups were temporary associations formed for specific purposes yet lacking necessary organizational and structural features. The modern two-party system was not institutionalized, he concludes, until the 1840's.

Bibliographic references in footnotes.  
The author's thesis (Ph.D.), with the same title, was submitted to the University of Wisconsin in 1934.

Viewing the first constitution from the vantage point of those who wrote it, the author finds that the greatest change that occurred between 1776 and 1787 was not in ideas or attitudes but in the distribution of power. Forced by events to accept independence, the conservative remnants of the old ruling class demanded a strong central government that would serve as a bulwark against internal revolution, aid the merchant class, and control western lands. Their desires were overridden, however, by democratic radicals who created a "league of sovereignties" under the Articles designed to prevent the national government from infringing upon the rights of the states. The Confederation ultimately failed not because of weaknesses or inadequacies but because the radicals, who shifted their attention to state reform, failed to maintain their political strength and organization at the national level. In a new foreword to the third printing in 1970, Jensen clarifies his interpretation in the light of questions raised by reviewers.

Bibliographic references included in preface (p. v–xiv).

Relates in full detail the principal activities of Congress from its first meeting in September 1774 until the resignation of its secretary, Charles Thomson, in July 1789. Whether tracing the troubled relations between Congress and the states, the congressional handling of foreign affairs, domestic currency and prices, the army, the framing and ratification of the Articles of Confederation, Indian relations, or the cession of western lands, Burnett demonstrates that Congress was the "central stage" of the Revolutionary drama.

Coleman, John M. *How "continental" was the Continental Congress? History today*, v. 18, Aug. 1968: 540–550. map, ports. D1.H818, v. 18

Under the skillful guidance of a small clique, Congress asserted its control early in the war. Coleman explains, by adopting revolutionary activities begun at the local level and seizing the initiative in military, economic, and diplomatic affairs.

8768

Collins, Varnum L. *The Continental Congress at Princeton*. Princeton, N.J., University Library, 1908. xiii, 295 p. illus., facsimis., plates, ports. JK1033.C7 F144.P9C39

"List of principal sources and authorities": p. 278-279.

Recounts events surrounding the June 1783 mutiny in Philadelphia of elements of the Pennsylvania Line, the decision of the Continental Congress to withdraw to Princeton for its own safety, and the halfhearted and dilatory deliberations that took place at the Princeton session between June 30th and November 1st. Collins concludes that the flight to Princeton signaled the nadir of the Confederation government and triggered among many national leaders the realization that a stronger, more centralized union of the states was of utmost necessity.

Historical Records Survey. *New York (City)*. The atlas of congressional roll calls. v. 1. The Continental congresses and the congresses of the Confederation, 1777-1789. [Copperstown, N.Y.] New York State Historical Association, 1943. viii, 32, [203] p. maps.

G1201.F9H 1943a G&amp;M

Bibliography: p. 19-25.

The first half of the volume reproduces the Columbia University Ph.D. thesis of the editor Clifford Lee Lord, which was also published separately under the title *The Atlas of Congressional Roll Calls for the Continental Congresses, 1777-1781* (Cooperstown, N.Y., New York State Historical Association, 1943. viii, 32, [116] p. JK1033.H5; G1201.F9H 1943 G&M).

Contains 1,585 maps that portray, by a uniform legend, all roll call votes from August 13, 1777, when Congress decided after a bitter debate to print in its journal the yeas and nays, up to October 10, 1788, the last day that Congress transacted business. Each map is accompanied by a summary or analysis of the motion, its maker, the vote totals, a roll call by state and delegate, and the source from which the summary and roll call were taken. A 10-page index includes subjects and names.

Further volumes in the series, which were intended to cover the 1st-72d Congresses, were never published despite the fact that research was complete for some phases of the project. The manuscript maps, map analyses, vote summaries, and roll calls for the projected years of coverage, 1789-1933 (77 percent complete for the House and 28 percent complete for the Senate), are on deposit at the Center for Political Studies at the University of Michigan.

Holmes, Oliver W. Shall stagecoaches carry the mail? An essay. Washington, 1972. xv, 104 p. illus., port. HE203.H57

"With a supplement of documentary accounts of travel in America and abroad in the stagecoach era, furnished by various hands. The whole constituting a tribute from his friends to the executive director of the National Historical Publications Commission upon the occasion of his retirement."

The essay, "Shall Stagecoaches Carry the Mail? A Debate of the Confederation Period," was originally published in the *William and Mary Quarterly*, 3d ser., v. 20, Oct. 1963, p. 555-573.

While Postmaster General Ebenezer Hazard thought them expensive and inexpedient, Congress decided to have stagecoaches carry the mail in an effort to encourage intercourse among the sections of the country.

Sanders, Jennings B. Evolution of executive departments of the Continental Congress, 1774-1789. Chapel Hill, University of North Carolina Press, 1935. ix, 213 p.

JK411.S32

Bibliography: p. [193]-203.

Reprinted in Gloucester, Mass., by Peter Smith (1971).

The author's thesis (Ph.D.), with nearly the same title, was submitted to the University of Chicago in 1928.

Unravels the threads of congressional politics in order to reveal the origin, function, and interaction of the War, Foreign Affairs, and Treasury departments, the Post Office, and the secretary of Congress. Critics insisted that the special committee system established by Congress in 1774 was inefficient and demanded centralization of authority under several executives. Rejecting compromises, they gradually acquired enough strength to overturn an improved committee system and established the departments, beginning with the Treasury in 1778.

Bibliography: p. 73-76.

Reprinted in Gloucester, Mass., by P. Smith (1971).

Describes the duties of the office and the education, economic status, influence, and performance of the 14 men who held it.

8803

Small, Albion C. The beginnings of American nationality: the constitutional relations between the Continental Congress and the colonies and states from 1774 to 1789. 1889.

Thesis (Ph.D.)—Johns Hopkins University.

While full publication of the dissertation was evidently planned, only the first three chapters ever appeared. These were issued, under the same title, as number 1-2 in the eighth series of the Johns Hopkins University Studies in Historical and Political Science (Baltimore, Johns Hopkins Press, 1890. 77 p. H31.J6, ser. 8, no. 1-2; E210.S62). In these chapters, Small studies congressional-state relations through July 1775 and concludes that Congress derived its authority solely from the states, that it was a recommending body, and that the state assemblies, by adopting its suggestions, achieved a measure of coordination among themselves.

8834

Starkey, Marion L. A little rebellion. New York, Knopf, 1955. 258 p. F69.S85  
"A note on sources": 255-258.

Brings to life the drama of Shays' Rebellion and its impact upon the movement for a stronger government in Massachusetts, 1782-86. After describing the plight of farmers during the postwar depression, Starkey tells of protests in the county conventions, of mobs closing the courts, and of the rise and gradual collapse of the rebellion. She also portrays the character of leaders on each side, including Daniel Shays, Job Shattuck, Eli Parson, Governor Bowdoin, and General Lincoln.

8835

Reprinted in New York by Da Capo Press (1971).

The author's thesis (Ph.D.), *Democracy in the American Revolution*, was submitted to Yale University in 1949.

Studies attempts by less privileged farmers and artisans—democrats—to gain from the established Revolutionary leadership—Whigs—a larger voice in their respective governments during the writing of the state constitutions between 1776 and 1783. Using conservative New York, Maryland, and South Carolina as yardsticks to measure the progress of reform elsewhere, the author finds that the democrats scored only limited gains in Massachusetts, Pennsylvania, and North Carolina. Douglas suggests that the democrats, who sought to restructure society according to the ideals embodied in the Declaration of Independence, failed to achieve a social revolution mainly because the Whigs formulated governments sufficiently responsive to mute effective protest.

Reprinted in New York by Haskell House (1968).

The author's thesis (Ph.D.), with the same title, was submitted to Yale University in 1900.

Investigates the origins, character, and performance of the institution in each colony during the transition from province to state, mainly from 1774 to 1778. The committees of safety, which usually consisted of Revolutionary leaders within the assemblies, advised the legislatures and, when those bodies were not in session, acted as chief executives. They were granted wide authority, yet their actions were circumscribed by internal dissension and legislative factionalism. During the early years of the war, however, the committees raised armies, fed and clothed them, and otherwise gave substance to the desires of the assemblies.

A study of the office in which the author investigates the governor's constitutional status, legislative duties, administrative practices, role in state politics, and relations with Congress. In the absence of a strong central government, the 46 governors made a vital contribution to the war effort by recruiting soldiers, raising militia units, and supplying clothing as well as food to the Continental Army.

Main, Jackson T. Government by the people: the American Revolution and the democratization of the legislatures. *William and Mary quarterly*, 3d ser., v. 23, July 1966: 391-407. F221.W71, 3d s., v. 23

Examining the economic status of representatives to state legislatures between 1765 and 1785, Main finds that the lower houses were dominated by local elites before the Revolution, but during the war ordinary citizens began to play an increasing role in politics just as political theorists began to extol the virtues of popular government.

Analyzes the social and economic backgrounds of more than 1,100 placemen, local elite, and elected members of the colonial councils and state senates, and surveys the effect of the Revolution on the composition and function of these upper houses. Main describes the colonial councils as small, conservative bodies that were representative of the provincial aristocracy, defensive of royal prerogative, and dominated by wealthy, well-educated urban merchants and lawyers from the coastal regions. Active in the legislative process, the councils performed a useful function. The post-Revolutionary senates were deliberately made less democratic in structure than the new lower houses through provisions for property requirements, longer terms, and smaller memberships. In contrast to the earlier councils, the state senates were larger, reflected a better geographical balance, and comprised a larger proportion of self-made men with fewer merchants, lawyers, and well-educated members. Most senators were chosen for limited terms by an electorate composed of small property holders. With the exception of those in Maryland and South Carolina, the senates represented economic and political interests very similar in their variety and origins to those present in the new assemblies.

Thesis (Ph.D.)—University of Wisconsin.

Abstracted in *Dissertation Abstracts International*, v. 31A, Aug. 1970, p. 714.

Compares the colonial elite of 1774 with those politicians who assumed power under the new state governments—a total of 487 men—according to age, place of birth, social origins, religious affiliation, education, occupation, kinship ties, and offices held. More than 77 percent of the colonial elite were replaced in 1775-76 by a Revolutionary elite that was younger, possessed less wealth or formal education, and had fewer family ties, but who had greater experience in and orientation toward local as opposed to imperial government and thus were more willing to sever ties with Great Britain.

Following a review of the process by which each province overturned British rule, the author correlates events and trends within the individual states, treating such subjects as state constitutions, political developments, religious freedom, humanitarian concerns, fiscal problems, relations with Congress, and interstate cooperation, jealousy, and conflict. The states preserved the British colonial heritage, Nevins believes, thus providing continuity for political and social

institutions threatened with the dislocations of war. The states also experimented with constitutions and governments during the Revolutionary and Confederation periods, gaining wider experience in self-government as well as preparing themselves to draft a federal constitution.

Bibliography: p. [251]-265.

Reprinted in Port Washington, N.Y., by Kennikat Press (1970).

Explores the state's political, economic, and social development between 1774 and 1783. By the war's end, the executive no longer dominated the other two branches of government, and the number of eligible voters increased significantly despite a conservative reaction. The war freed American enterprise from British control, thus aiding economic expansion, while both public and private finance benefited from a sound currency. By eroding conservative authority, the ideals of the Revolution encouraged social change, such as the overthrow of restrictive land tenure laws.

Handlin, Oscar, and Mary F. Handlin, eds. The popular sources of political authority; documents on the Massachusetts Constitution of 1780. Cambridge, Mass., Belknap Press of Harvard University Press, 1966. xi, 962 p. map (on lining papers) (A Publication of the Center for the Study of the History of Liberty in America, Harvard University) JK3125.1780.H27

"Appendix. The Massachusetts towns of 1780": p. [931]-942.

Consists primarily of the replies of town meetings to the constitutions proposed by the General Court in 1778 and the Massachusetts Constitutional Convention in 1780. The people of the towns rejected the constitution of 1778 because of its imperfections and because many disagreed with its provisions on representation, control of the militia, and protection of property, and its lack of a bill of rights. Their acceptance of the work of the constitutional convention, however, revealed widespread agreement about the polity, colonial precedent, and the use of power. Although no precise statistical account of opponents and proponents is possible from the evidence, the compilers conclude that the participation of local citizens in the search for legitimate government was more explicit and conscious in Massachusetts than in any other state. Several of the town-meeting replies are also presented in Robert J. Taylor, *Massachusetts, Colony to Commonwealth: Documents in the Formation of Its Constitution, 1775-1780* (Chapel Hill, Published for the Institute of Early American History and Culture at Williamsburg, Va., by the University of North Carolina Press [1961] 166 p. LL), along with representative excerpts from pamphlets, diaries, and memoirs.

Cushing, Harry A. History of the transition from provincial to commonwealth government in Massachusetts. New York, 1896. 281 p. (Studies in history, economics, and public law, v. 7, no. 1) JK3116.C8 1896  
"List of titles": p. 280-281.  
Reprinted in New York by AMS Press (1970).

Analyzes pre-Revolutionary conflicts between the colonial legislatures and the royal governors, the last years of provincial government, the work of the revolutionary provincial congress, the abortive state constitution of 1778, and the constitution of 1780. The author emphasizes the significance of the political experience derived from participation in town government and the contribution that Massachusetts made to the development of the concepts of popular sovereignty and constitution making by constituent convention.

East, Robert A. The Massachusetts conservatives in the Critical period. In *The era of the American Revolution; studies inscribed to Evarts Boutelle Greene*. Edited by Richard B. Morris. New York, Columbia University Press, 1939. p. 349-391. E203.E74

The failure of conservative policies launched in the early 1780's brought bitter domestic reaction. Those seeking po-

litical and fiscal reform identified ultimately with the movement for federal reform.

Hall, Van Beck. Politics without parties: Massachusetts, 1780-1791. [Pittsburgh] University of Pittsburgh Press [1972] xvii, 375 p. F69.H3

Includes bibliographic references.

The author's thesis (Ph.D.), *The Commonwealth in the New Nation, 1780-1790*, was submitted to the University of Wisconsin in 1964 (Micro AC-1, no. 64-13,882).

A quantitative study of voting constituencies that uses the town rather than the political party as the basic unit of analysis. Arranging 343 towns according to their economic and cultural status, the author divides them into three groups nearly equal in population. He finds that the 54 towns in the most commercial-cosmopolitan group dominated the state's political life, sponsored the financial measures of 1780-86, opposed tariff and land reform, favored repression of Shays' Rebellion, and supported the federal Constitution; the 201 towns in the least commercial-cosmopolitan group took the opposite side of each issue. Hall concludes that the debate over the Constitution did not foster new political divisions in Massachusetts but merely climaxed the struggles of the Confederation period.

Bates, Frank G. Rhode Island and the formation of the Union. New York, Published for Columbia University by the Macmillan Co., 1898. 220 p. (Studies in history, economics and public law, v. 10, no. 2) H31.C7 F79.B32

Bibliography: p. 217-220.

The author's thesis (Ph.D.), with the same title, was submitted to Columbia University in 1899.

After surveying the development of the state to 1780, the author investigates Rhode Island's relations with the Continental Congress, problems concerning the use of pa-

per money, and delays in accepting the Constitution. Bates concludes that congressional threats of coercion and the ongoing movement for a bill of rights eventually induced Rhode Island to ratify.

"Authorities examined": p. [i]-vi.

Examines official records to determine which colony was first in formally declaring its independence from Great Britain. The Rhode Island assembly passed on May 4, 1776, an act terminating the colony's allegiance to the British crown.

8984

Polishook, Irwin H. Rhode Island and the Union, 1774-1795. Evanston, Northwestern University Press, 1969. x, 268 p. map. (Northwestern University studies in history, no. 5) F83.P63

Bibliography: p. 245-259.

The author's thesis (Ph.D.), *Rhode Island and the Union, 1774-1790: A Study in State History During the Confederation Period*, was submitted to Northwestern University in 1961 (Micro AC-1, no. 61-5346)

Reviews the state's political and economic background and explains its opposition to the impost, its controversies over paper money, and its reluctance to approve the federal Constitution. Rhode Islanders supported the Confederation until 1781, when they united against the impost—a tax to be levied by Congress—because they needed an unfettered commerce in order to regain their prewar leadership. Factions developed in Rhode Island during the depression of 1784-86 when the merchant group, a Federalist minority centered in Providence and Newport, reversed its position by suggesting that Congress regulate trade. The Anti-Federalist majority, mainly agrarian debtors from inland towns whose representatives controlled the general assembly, issued a flood of paper money, paid state obligations, and supported ratification of the Constitution only after Rhode Island was threatened with dismemberment.

8985

Staples, William R. Rhode Island in the Continental Congress, with the journal of the convention that adopted the Constitution. 1765-1790. Edited by Reuben Aldridge Guild. Providence, Providence Press Co., Printers to the State, 1870. xlviii, 725 p. JK1033.S8  
Reprinted in New York by Da Capo Press (1971).

Consists primarily of 310 letters written by the state's governors and by members of the Continental and Confederation congresses arranged in chronological order. The compiler provides connecting narratives and includes documents from the convention of 1790 as well as instructions to the delegates of 11 towns and the instrument of ratification.

A new edition, with a foreword by S. Hugh Brockunier, was published in Middletown, Conn., by the Wesleyan University Press (1963. 305 p. F99.P98 1963).

The author's thesis (Ph.D.), with the same title, was submitted to Yale University in 1916.

Relating political conflicts and changing institutions to evolving democratic thought, the author discovers that in Connecticut the transition from a paternalistic church-and-state oligarchy to a genuine democracy was very gradual. Connecticut not only failed to frame a new constitution during the war but lagged behind other states in the reform of election laws. Despite proclamations of religious freedom and the Bill of Rights, Connecticut's quasi-established Congregational Church retained its privileged status and exercised considerable political power for 42 years after the Declaration of Independence.

9023

New York (State). *Legislature*. Journals of the Provincial Congress, Provincial Convention, Committee of Safety and Council of Safety of the state of New York. 1775-1776-1777. Albany, Printed by T. Weed, Printer to the State, 1842. 2 v. J87.N7 1775-1777b Rare Bk. Coll.

Contents: v. 1. Journals.—v. 2. Correspondence.

The *Calendar of Historical Manuscripts, Relating to the War of the Revolution, in the Office of the Secretary of State* (Albany, Weed, Parsons, Printers, 1868. 2 v. E263.N6N6) arranges in chronological order miscellaneous papers, including credentials of delegates, petitions, proceedings of the military committee, and military returns, that were omitted from *Journals of the Provincial Congress*.

9024

The New York directory for 1786, illustrated with a plan of the city, prefaced by a general description of New York by Noah Webster, also with an appendix consisting of Annals of New York City 1786, compiled for this work. N[ew] Y[ork] Trow City Directory Co. [1889] xxii, 215 p. facsim., fold. map.

F128.2.A 1786 Rare Bk. Coll.

A facsimile report (p. 1-82) of *The New York Directory, Containing a Valuable and Well Calculated Almanack* (New York, Printed by S. Kollock, 1786), by David Franks, together with the "Annals of New York City . . . 1786, Compiled From Newspapers of the Day," by William Kelby (p. [83]-215).

A description, by Charles G. Herbermann, of the contents of Franks' original directory appears in the *Historical Records and Studies of the United States Catholic Historical Society*, v. 5, pt. 1 (New York, 1907), p. 52-72.

9025

Rombout Precinct, *Dutchess Co., N.Y. Committee of Observation*. Minutes of Rombout Precinct Committee of Observation, July 13-September 9, 1775. In New York State Historical Association. Quarterly journal, v. 12, July 1931: 295-310. F116.N865, v. 12

Notes by Peter Nelson.

The chief function of the committee was to secure respect for the authority and obedience to the orders of the Continental and provincial congresses.

9026

Schenectady, N.Y. *Committee of Correspondence*. Minute book of the Committee of Safety of Schenectady during the Revolution [May 6, 1775-May 27, 1776] American

historian, and quarterly genealogical record, v. 1, July 1875–Apr. 1876: 1–22, 46–65, 81–99, 133–140.

E171.A45, v. 1

Publication of the minute book was to continue in volume 2, but no more issues of the journal appeared. Minutes for the periods January 15, 1777–February 7, 1778 and June 15–August 18, 1779, taken from documents in the Peter Force Collection at the Library of Congress and from a transcribed copy in the New York State Library were added to this first section and published in volume 2 of the *Minutes of the Albany Committee of Correspondence, 1775–1778* (no. 9005).

9027

Tryon Co., *N.Y. Committee of Safety*. The minute book of the Committee of Safety of Tryon County, the old New York frontier. Now printed verbatim for the first time; with an introduction by J. Howard Hanson, and notes by Samuel Ludlow Frey. New York, Dodd, Mead, 1905. xv, 151 p. facsim., map, plates.

F123.S75

Bibliography: p. [289]–315.

Reprinted in Port Washington, N.Y., by I. J. Friedman (1963).

The author's thesis (Ph.D.), *Clintonian Democracy and Reconstruction in New York, 1783–88*, was submitted to Harvard University in 1930.

Concentrates on the ongoing political struggle between democratic yeomen and tenant farmers, led by Gov. George Clinton, and proprietors and aristocratic merchants, headed by Alexander Hamilton, that culminated in the state's ratification of the federal Constitution by the narrow margin of three votes. After discussing at length the influence of

trade, the manorial system, the professions, the paper money issue, the Loyalist problem, and relations with Congress upon party development, the author points out that the Federalists, a minority at the state convention, triumphed only when the delegates learned that the ninth state, Virginia, had already ratified. When the issue became one of remaining independent or joining the Union, moderate Anti-Federalists deserted Clinton because they feared economic reprisals from other states as well as the secession of commercial sections of their own state. For a discussion of Spaulding's thesis, see Linda G. De Pauw's "E. Wilder Spaulding and New York History," in *New York History*, v. 49, Apr. 1968, p. 142-155.

"Bibliographical essay": p. 596-617.

The author's thesis (Ph.D.). *The Democratic Republican movement in New York State, 1788-1797*, was submitted to Northwestern University in 1958 (Micro AC-1, no. 58-5797).

Using as his principal focus the policies and actions of state government during George Clinton's six terms of office

(1777-95), the author traces the complex evolution of party politics in New York from the Revolution to Washington's second administration. Carefully qualifying his conclusions, Young nonetheless stresses the continuity of leadership: the popular Whigs of the 1770's became the Clintonians or Anti-Federalists of the 1780's and the Democratic Republicans of the 1790's, while the conservative Whigs of the 1770's developed into the nationalists of the 1780's and the Federalists of the 1790's. He reveals, however, that state rather than national issues were central to party development in New York and that class and economic interests were so varied and fragmented that they had meaning only in sections or regions.

The author's thesis (Ph.D.), with the same title, was submitted to the University of Pennsylvania in 1948.

Provides details on the state's politics, government, finances, business, social and cultural life, and response to the federal Constitution. The author believes that New Jersey's financial problems were mainly a consequence of the central government's weakness under the Articles of Confederation. The state's heavily burdened citizens, therefore, welcomed the tax relief promised by the Constitution. Even so, McCormick concludes that progress rather than disorder and disintegration characterized New Jersey under the Confederation. He cites such evidence as the rebuilding of war-ravaged areas, the renewal of educational, social, and religious organizations, and an increase in the vitality of society.

Aldrich, James M. A quantitative reassessment of the effects of sectionalism in Pennsylvania during the War for Independence. *Pennsylvania history*, v. 39, July 1972: 334-361. illus. F146.P597, v. 39

Tests the validity of the thesis that there was a significant division between the settled eastern area and the western frontier region between 1777 and 1783. Aldrich finds that radicals came from all sections of the state while conservatives were more heavily concentrated in the eastern and central portions. Sectional loyalties appear to have had little to do with political divisions in the assembly.

Studies the vicissitudes of state politics from the adoption of a democratic constitution in 1776 to the replacement of that document by a more conservative one in 1790. Radicals, under the leadership of George Bryan and Joseph Reed, rose to power between 1776 and 1780, feeding upon the discontent of the lower classes who blamed conservatives for the inflation then rampant. When the radicals failed to solve the economic problems of the state, conservatives like Robert Morris and Frederick Muhlenburg won election to the assembly and demonstrated their ability to govern, first with the radicals and, after 1786, as the majority party.

The author's thesis (Ph.D.), with the same title, was submitted to the University of Pennsylvania in 1958 (Micro AC-1, no: 58-1848).

In a close study of Pennsylvania politics from May through September 1776, the author dramatizes the actions of a small band of radicals who, with the aid of moderate independents, overthrew the existing state government and drafted a democratic constitution. Pennsylvanians were motivated to revolt not by class or sectional grievances, but by classic Revolutionary techniques—mass meetings, propaganda, slogans, and name-calling—used by the coalition in its successful effort to undermine the authority of the assembly. The activists, led by James Cannon, Christopher Marshall, Timothy Matlack, Thomas Paine, Benjamin Rush, and Thomas Young, were helped by such members of the Continental Congress as John and Samuel Adams—outsiders who entered local politics in order to unseat opponents of colonial independence.

Reviews the events, beginning in the early 18th century, that led to the call for a constitutional convention, describes the political alignments formed there, explains the mechanics of the document it produced, and summarizes the organization of the new government. To many Pennsylvanians, an internal struggle between two economic groups—an alliance of farmers, artisans, mechanics, and congressional radicals versus the ruling merchant, banker, and commercial

cial class—was more important than the war against Britain. While the state constitution established a more democratic form of government in Pennsylvania, according to Selsam, the state's contribution to the larger Revolutionary cause was substantially reduced by the attention paid local politics.

F168.M8

Bibliography: p. 269-275.

The author's thesis (Ph.D.), *Delaware in the Revolutionary Era, 1775-1815*, was submitted to the University of Pennsylvania in 1947.

In the first section the author uses a topical approach in surveying the cultural, social, and economic life of the new state as well as concurrent political and military developments there. Above all else, Delaware was conservative. It held back when the war began and joined the patriots only because of strong leadership by Caesar Rodney and the combative nature of the Scotch-Irish in New Castle County. While it was slow to accept the Confederation, it led all states in ratifying the Constitution once it obtained an equal voice in the Senate.

## THE SOUTH

### 1. GENERAL

9152

Alden, John R. The first South. Baton Rouge, Louisiana State University Press [1961] 144 p. (The Walter Lynwood Fleming lectures in Southern history)

F213.A39

"Bibliographical note": p. 135-140.

Reprinted in Gloucester, Mass., by P. Smith (1968).

Argues that a sectional consciousness, based upon a distinctive climate, soil, economy, and social atmosphere, developed between 1775 and 1789 in the "First South"—Maryland and the southern states east of the Mississippi. While acknowledging that nationalism triumphed at the Philadelphia Convention, Alden calls attention to the many sectional conflicts, such as the disputes over fisheries, the slave trade, and the Mississippi question, that surfaced during the Confederation period.

9153

Boyd, William K. The American Revolution and reform in the South. *In North Carolina. State Literary and Historical Association. Proceedings.* 1922. Raleigh, 1923. p. 14-32.

F251.N95, 1922

Considers the effect of the Revolution on the institutional and social structure of the South and the conflict between conservatism and radicalism.

9154

Green, Fletcher M. Constitutional development in the South Atlantic states, 1776-1860; study in the evolution of democracy. Chapel Hill, University of North Carolina Press, 1930. xiv, 328 p. [The University of North Carolina. Social study series]

JK2413.G7

Thesis (Ph.D.)—University of North Carolina, 1927. Bibliography: p. [305]-324.

Reprinted in New York by Da Capo Press (1971).

In the first three chapters Green considers the colonial background, the writing of the first state constitutions, their weaknesses, and the revisions and readjustments made.

Bond, Beverley W. State government in Maryland, 1777-1781. Baltimore, Johns Hopkins Press, 1905. 118 p. (Johns Hopkins University studies in historical and political science, ser. 23, no. 3-4) H31.J6, ser. 23, no. 3-4 E263.M3B7

"List of manuscripts": p. [117]-118.

Examines the accomplishments of the young government and the relationship between the state and Congress during the pre-Confederation period. Bond finds that the new administration, with its differentiated executive, legislative, and judicial functions, aided the Continental Army, implemented fiscal reforms, and suppressed Tory disturbances. Since Maryland thwarted congressional meddling in state affairs and carried on its own foreign relations, Bond concludes that sovereignty passed from the crown to the state in 1777.

9171

Crowl, Philip A. Maryland during and after the Revolution; a political and economic study. Baltimore, Johns Hopkins Press, 1943. 185 p. map. (The Johns Hopkins University studies in historical and political science, 61st ser., no. 1) H31.J6, 61st s., no. 1 F185.C7 1943a

Investigates problems related to government organization, confiscation of British property, currency, debt collection, and ratification of the federal Constitution. The author finds that the old ruling class—a small group of planters, lawyers, and merchants—maintained political and economic control after the war, that anarchy never threatened, and that social stability was maintained in spite of petitions for debt relief and the issuance of paper money. Crowl also believes that Maryland's ratification was critical in determining the course of the struggle in Virginia.

9172

Main, Jackson T. Political parties in Revolutionary Maryland, 1780-1787. Maryland historical magazine, v. 52, Mar. 1967: 1-27. F176.M18, v. 52

Concentrates on the activities of local committees and groups in Montgomery, Frederick, and Washington counties during the early years of the war.

9176

Sullivan, Kathryn. Maryland and France, 1774-1789. Philadelphia, University of Pennsylvania Press, 1936. xi, 195 p. E263.M3S89  
Issued also as thesis (Ph.D.)—University of Pennsylvania.

Bibliography: p. [149]-181.

Providing generous quotations from contemporary sources, the author explores the rapprochement between Maryland and France during the Revolutionary and Confederation periods. Maryland needed arms and loans; in return, it supplied French troops with food, especially flour, as well as clothing and transportation. When Frenchmen became absorbed in their own revolution, Maryland turned again to English thought and trade.

Focuses upon Patrick Henry and the events of 1775 that carried Virginia to the brink of war.

9204

Eckenrode, Hamilton J. The Revolution in Virginia. Boston, Houghton Mifflin Co., 1916. 311 p.

E263.V8E2

Reprinted in Hamden, Conn., by Archon Books (1964).

Covering the period between 1774 and 1783, the author describes the struggle at Norfolk in 1775 between Lord Dunmore and the Revolutionary government, the activities of the county committees of correspondence and the committee of safety, and the difficulties encountered by governors Patrick Henry and Thomas Jefferson and the council while administering affairs in the state under the constitution of 1776. In the beginning, loyalism was centered in the east, while the west enthusiastically supported the Revolution. Increasingly, however, hardships on the frontier after 1777 fed discontent so that by 1781 jails were filled with suspected Loyalists, and mobs terrorized the countryside. The state government was saved only by the British surrender at Yorktown.

E263.V8L7

Bibliography: p. [214]-218.

Reprinted in New York by AMS Press (1967).

Following a brief discussion of the colonial background, the author emphasizes the continuity of the independence movement between 1774 and 1776 when the leaders of the House of Burgesses in an orderly fashion assumed control and led the province to statehood. During this period, Virginians adopted a constitution, revised colonial laws, and disestablished the Anglican church.

F226.R8

The state experienced a sharp economic recovery after the war, but Robert Morris' manipulation of the French tobacco market brought depression in 1786. Virginia Federalists took advantage of discontent to secure ratification of the Constitution even though they knew that a stronger central government could not alter the problems of an agricultural community dependent upon the exportation of a single major cash crop.

Bacot, D. Huger. The South Carolina up country at the end of the eighteenth century. *American historical review*, v. 28, July 1923: 682-698. E171.A57, v. 28.

The sparsely settled hill country from the fall line to the Appalachian mountain system.

9268

Barnwell, Joseph W. Dual governments in South Carolina. In *South Carolina Historical Society. Collections*. v. 5. Charleston, 1897. p. i-xx. F266.S71, v. 5

Compares the revolutions of 1719 and 1776 when the inhabitants of the colony established rival governments that contended for control with those of the established authorities.

9269

Easterby, James H., ed. Wadboo Barony, its fate as told in Colleton family papers, 1773-1793. Columbia, University of South Carolina Press, 1952. xv, 29 p. facsim., map. (South Caroliniana; sesquicentennial series, no. 3) F272.E3

Bibliographic footnotes.

On the disposition of the 12,724-acre proprietary manor seized from the Colleton family during the war.

9270

McCowen, George S. The Charles Town Board of Police, 1780-1782: a study in civil administration under military occupation. In *South Carolina Historical Association. Proceedings*. 1964. Columbia, S.C. p. 25-42. F266.S58, 1964

9271

Nadelhaft, Jerome J. The Revolutionary era in South Carolina, 1775-1788. 1965. ([344] p.) Micro AC-1, no. 65-6228

Thesis (Ph.D.)—University of Wisconsin.

Abstracted in *Dissertation Abstracts*, v. 25, June 1965, p. 7229.

Despite challenges from backcountry settlers and Charleston mechanics, the prewar aristocracy remained politically dominant. By 1787 many South Carolinians felt that a strong central government was the only means of combating Britain's discriminatory economic policies and lifting South Carolina out of its economic doldrums.

9272

Phillips, Ulrich B. The South Carolina Federalists. *American historical review*, v. 14, Apr.-July 1909: 529-543, 731-743. E171.A57, v. 14

Traces the growth and decline of Federalist sentiment in two periods: 1765-89 and 1789-1815.

9273

Reynolds, Emily B., and Joan R. Faunt. Biographical directory of the Senate of the state of South Carolina, 1776-1964. Columbia, South Carolina Archives Dept., 1964. ix, 358 p. maps. JK4276.R4 1964

Includes lists of members for the first to the eighth general assemblies, 1776-90 (p. 15-22) and rosters of senators by election district, 1776-90 (p. 110-116). Biographical sketches appear on pages 170-340.

Lists of senators for the first to eighth general assemblies (1776-90) and rosters of senators by election districts (1776-90) are on pages 15-22 and 109-115.

9275

Salley, Alexander S. Delegates to the Continental Congress from South Carolina, 1774-1789, with sketches of the four who signed the Declaration of Independence. Columbia, S.C., Printed for the Commission by the State Co., 1927. 36 p. illus., ports. (Bulletins of the Historical Commission of South Carolina, no. 9) F266.S48, no. 9

Includes sketches of Edward Rutledge, Arthur Middleton, Thomas Heyward, and Thomas Lynch.

9276

Schaper, William A. Sectionalism and representation in South Carolina. In *American Historical Association. Annual report*. 1900. v. 1. Washington, 1901. p. 237-463. maps. E172.A60, 1900, v. 1

Thesis (Ph.D.)—Columbia University.

Bibliography: p. 225-227.

Reprinted, with a new foreword by E. M. Lander, Jr., in New York by Da Capo Press (1968).

Documents the marked social, economic, and religious differences separating the low-country and up-country regions as well as the success of tidewater interests in seizing control of the new state government, 1774-90, and retaining a dominant position through the Civil War.

9277

Singer, Charles G. South Carolina in the Confederation. Philadelphia, 1941. viii, 183 p. maps. E263.S7S53 1941

Thesis (Ph.D.)—University of Pennsylvania, 1940.

Bibliography: p. 169-177.

Investigating the state's relations with Congress, the author finds that South Carolina encouraged central control of foreign trade, attempted to enforce Congress' Indian policy as it affected Georgia, and contributed more specie to levies than any other state south of Pennsylvania. Singer attributes South Carolina's support of congressional policies to the state's exposed geographical position, the large Continental war debt held by its citizens, and, most important, to the desire of Charleston merchants to offset the power of their New England competitors.

JK4316.W3

Bibliography: p. 199–206.

Surveying the origins and development of the eight Georgia constitutions adopted between 1777 and 1945, the author indicates that the state's first constitution was a minimal, short-term charter that gave overweening power to the unicameral legislature while the constitution adopted in 1789 provided for a more conservative system patterned after the new federal Constitution.

(2) Secondary Works . . . . .	1289-1295
b. Local . . . . .	1296-1323
3. New Hampshire	
a. General	
(1) Printed Primary Sources . . . . .	1324-1329
(2) Secondary Works . . . . .	1330-1336
b. Local . . . . .	1337-1396
4. Vermont	
a. General	
(1) Printed Primary Sources . . . . .	1397-1398
(2) Secondary Works . . . . .	1399-1420
b. Local . . . . .	1421-1439
5. Massachusetts	
a. General	
(1) Printed Primary Sources . . . . .	1440-1441
(2) Secondary Works . . . . .	1442-1454
b. Local . . . . .	1455-1640
6. Rhode Island	
a. General	
(1) Printed Primary Sources . . . . .	1641
(2) Secondary Works . . . . .	1642-1650
b. Local . . . . .	1651-1667
7. Connecticut	
a. General . . . . .	1668-1678
b. Local . . . . .	1679-1746

## Middle Atlantic Region.

1. New York	
a. General	
(1) Printed Primary Sources . . . . .	1747-1752
(2) Secondary Works . . . . .	1753-1772
b. Local . . . . .	1773-1880
2. New Jersey	
a. General	
(1) Printed Primary Sources . . . . .	1881-1882
(2) Secondary Works . . . . .	1883-1902
b. Local . . . . .	1903-1958
3. Pennsylvania	
a. General	
(1) Printed Primary Sources . . . . .	1959-1973
(2) Secondary Works . . . . .	1974-2000
b. Local . . . . .	2001-2104
4. Delaware	
a. General	
(1) Printed Primary Sources . . . . .	2105-2106

	<i>Entry</i>
(2) Secondary Works . . . . .	2107-2110
b. Local . . . . .	2111
The South . . . . .	
1. General . . . . .	2112-2119
2. Maryland . . . . .	
a. General . . . . .	
(1) Printed Primary Sources . . . . .	2120-2127
(2) Secondary Works . . . . .	2128-2139
b. Local . . . . .	2140-2162
3. Virginia . . . . .	
a. General . . . . .	
(1) Printed Primary Sources . . . . .	2163-2165
(2) Secondary Works . . . . .	2166-2195
b. Local . . . . .	2196-2248
4. North Carolina . . . . .	
a. General . . . . .	
(1) Printed Primary Sources . . . . .	2249-2252
(2) Secondary Works . . . . .	2253-2276
b. Local . . . . .	2277-2313
5. South Carolina . . . . .	
a. General . . . . .	
(1) Printed Primary Sources . . . . .	2314-2316
(2) Secondary Works . . . . .	2317-2337
b. Local . . . . .	2338-2358
6. Georgia . . . . .	
a. General . . . . .	
(1) Printed Primary Sources . . . . .	2359-2365

Shays' Rebellion . . . . .	8813-8837
The Consolidation of the Revolution in the States, 1775-1789	
General . . . . .	8838-8867
New England	
1. General . . . . .	8868-8871
2. Maine . . . . .	8872-8874

	Entry
3. New Hampshire	
a. Printed Primary Sources . . . . .	8875-8885
b. Secondary Works . . . . .	8886-8894
4. Vermont	
a. Printed Primary Sources . . . . .	8895-8918
b. Secondary Works . . . . .	8919-8930
5. Massachusetts	
a. Printed Primary Sources . . . . .	8931-8946
b. Secondary Works . . . . .	8947-8972
6. Rhode Island	
a. Printed Primary Sources . . . . .	8973-8978
b. Secondary Works . . . . .	8979-8985
7. Connecticut	
a. Printed Primary Sources . . . . .	8986-8990
b. Secondary Works . . . . .	8991-9004
Middle Atlantic Region	
1. New York	
a. Printed Primary Sources . . . . .	9005-9027
b. Secondary Works . . . . .	9028-9056
2. New Jersey	
a. Printed Primary Sources . . . . .	9057-9068
b. Secondary Works . . . . .	9069-9074
3. Pennsylvania	
a. Printed Primary Sources . . . . .	9075-9102
b. Secondary Works . . . . .	9103-9141
4. Delaware	
a. Printed Primary Sources . . . . .	9142-9144
b. Secondary Works . . . . .	9145-9151
The South	
1. General . . . . .	9152-9154
2. Maryland	
a. Printed Primary Sources . . . . .	9155-9167
b. Secondary Works . . . . .	9168-9177
3. Virginia	
a. Printed Primary Sources . . . . .	9178-9191
b. Secondary Works . . . . .	9192-9228
4. North Carolina	
a. Printed Primary Sources . . . . .	9229-9236
b. Secondary Works . . . . .	9237-9247
5. South Carolina	
a. Printed Primary Sources . . . . .	9248-9265
b. Secondary Works . . . . .	9266-9280
6. Georgia	
a. Printed Primary Sources . . . . .	9281-9293
b. Secondary Works . . . . .	9294-9306

## CHAPTER TEN: THE MAKING OF THE CONSTITUTION 1787-1789

Historiography . . . . .	9307-9329
General Works . . . . .	9330-9366

	Entry
Intellectual and Political Origins of the Constitution . . . . .	9367-9417

## OVERVIEW: THE PRESERVATION AND PUBLICATION OF DOCUMENTARY SOURCES ON THE AMERICAN REVOLUTION

1437

## INDEX

1469

## ADVISORY COMMITTEE

1672

## PREFACE

SINCE ITS ESTABLISHMENT in 1800 the Library of Congress has become, through purchase, copyright deposit, exchanges, the acquisition of special collections, and the donations of benefactors, the largest repository of Americana in the world. As the Bicentennial of American independence approached, the Library began to plan a publication program that would reveal the breadth of its resources for the study of one of the major events in the American experience. When Congress approved the Library's general plan in 1968, several historians, all specialists in early American history, were added to the staff. Their task was to prepare guides to original sources, bibliographies, facsimile reproductions of historic prints and documents, exhibits, and other special programs. Since then, more than two dozen volumes have been published, among them *Manuscript Sources in the Library of Congress for Research on the American Revolution* (1975), *The American Revolution in Drawings and Prints; a Checklist of 1765-1790 Graphics in the Library of Congress* (1975), and *Maps and Charts of North America and the West Indies, 1750-1789; a Guide to the Collections in the Library of Congress* (1981).

*Revolutionary America, 1763-1789; a Bibliography* is a guide to the more important printed primary and secondary works in the Library's collections. Compiled over a ten-year period, the bibliography represents a comprehensive review of monographs, doctoral dissertations, collected works, festschriften, pamphlets, and serial publications in both general and special collections. It is intended to serve a wide audience, whether professional historians seeking new fields of inquiry, students examining various aspects of the Revolution for the first time, or librarians, journalists, and other interested readers searching for specific information on a limited topic. Because the Revolution has been variously treated as the culmination of the colonial experience, as the beginning of American national life, and as an event to be compared instructively with other revolutionary movements of the modern era, the selection policy was designed to encompass as many interests, needs, and approaches as space permitted. To introduce the user to the preserva-

tion and publication programs that have served as the bedrock of twentieth-century historiography, the compiler has included, at the end of volume 2, an essay entitled "The Preservation and Publication of Documentary Sources on the Revolution," which contains more than four hundred cross references to the major series of published primary sources listed in the bibliography. When compilation began, it was decided to include only materials published through December 1972. The establishment of a firm cutoff date ensured that the search and annotation procedures would not be interrupted by the continued need to update the files and that the user would have a well-defined starting point for further bibliographic investigation. Moreover, it was felt that the literature produced during the Bicentennial era would be voluminous and discrete enough to merit a separate publication.

**SEARCH AND SELECTION PROCEDURES.** To be certain that *Revolutionary America* would reflect accurately the Library's holdings, a three-year search of LC catalogs and bibliographies was undertaken, and two thirty-six-thousand-card working files (main entry and subject) were assembled. The compiler and staff members of the Bibliography Section reviewed thousands of trays of cards under appropriate subject headings in the Main Catalog, by classification categories from A to Z in the LC Shelflist, and through a variety of approaches in the special collection catalogs of the Law Library, Local History and Genealogy Reading Room, Geography and Map Division, Rare Book Collection, and Microform Reading Room. Library of Congress card stock was ordered for all potential entries selected. For doctoral dissertations, the staff surveyed and typed nearly two thousand cards for likely entries in Warren F. Kuehl's *Dissertations in History* (entry 520) and *Dissertation Abstracts International* and its antecedents (entry 519). The assembled files were then compared with listings in more than two hundred published bibliographies in the Library's collections, such as the *Writings on American History* (entry 63), that touch on some

phase of the American Revolution. Nearly fifteen thousand cards for additional monographs, pamphlets, and especially periodical articles were typed during the process. After the amassed subject file was arranged by call number, a four-year shelf search was undertaken to discover new material not identified in the review of catalogs and bibliographies, to verify the accuracy of the available bibliographic information, and to identify those entries that required annotation. During the process, 910 serials were sampled or searched volume by volume for relevant citations. Final selections were made from well over one hundred thousand separate items reviewed by the compiler and staff. Criteria such as research value, uniqueness of coverage, and historiographical significance were employed in making the selections. As compiled, *Revolutionary America* lists more than twenty thousand titles in 14,810 numbered entries.

Before the search and selection procedure began, certain exceptions were made in the coverage of material. Most of these relate to eighteenth-century publications. Given the large number of contemporary pamphlets, tracts, and broadsides in the Rare Book and Special Collections Division (over seven thousand for the period 1763-89) and the availability of comprehensive guides to eighteenth-century imprints (see entries 358 and 365), only about five hundred pamphlets of advocacy that were important in shaping political and constitutional thought during the Revolution were included. Second, because most early state records have been microfilmed (see entry 616), the bound journals, minutes, and proceedings or the session laws of the colonial and state assemblies, councils, and senates in the collections of the Rare Book and Special Collections Division and the Law Library were also excluded. The same was true of the eighteenth-century newspapers in the Serial and Government Publications Division and the rare book collection. A checklist of eighteenth-century newspapers at the Library of Congress (entry 470) was already available, and most early American newspapers have been widely distributed on either microfilm or microcard (see entry 471).

**ARRANGEMENT OF ENTRIES.** The arrangement of entries into twelve topical-chronological chapters is relatively straightforward. As the table of contents indicates, a listing of bibliographies, guides to eighteenth-century imprints and manuscript collections, and maps, atlases, and geographical aids serves as a starting point for inquirers. All general studies of the Revolutionary period, whether historiographical or

narrative, are grouped together in chapter 2. Since the writing of purely local history has passed out of fashion in the past half-century, information about Revolutionary events in many regions, counties, and towns can be found only in the local histories that appeared in great number between the Civil War and the First World War. These are arranged by place rather than author under each of the states from Maine to Georgia. Works that focus on Great Britain and the empire during the Revolutionary era, especially the imperial connection between the mother country and the North American and Caribbean colonies, can be found in chapter 3. The first of the chronological chapters, chapter 4 treats pre-Revolutionary events up to the Declaration of Independence. Chapters 6, 9, and 10 continue the sequence, dealing in detail with the War of Independence, the establishment of revolutionary governments in the states, the efforts of the Continental Congress to respond to events during the Confederation period, and the drafting and ratification of the Constitution. Works on the frontier and early developments in the territories of the Old Northwest and the Old Southwest are located in chapter 5, while studies of the Loyalists in the colonies and later in Canada, Great Britain, and the West Indies are in chapter 7. Although many treatments of Revolutionary diplomacy and international relations are linked directly to wartime events or internal politics in Europe and America, they are grouped together with general diplomatic histories in chapter 8. Chapter 11 includes material on nearly all aspects of Revolutionary life and culture, such as commerce and shipping, money and finance, slavery, law and legal institutions, demography, ethnic groups, religion, education, science, medicine, literature, and the fine arts. Chapter 12, which contains one-third of the titles in the bibliography, is a unique listing of works by and about 2,138 participants in the Revolutionary struggle. One of its notable features is a system of cross references in the headnotes to those persons for whom there is a biographical sketch in the *Dictionary of American Biography* (entry 12577), the *Dictionary of National Biography* (entry 12655), or both. The headnotes themselves were compiled primarily to identify the subjects by their geographical locations, occupations, and activities, and to provide terms that would make them more accessible through the index.

Under the topical headings in each chapter, entries are arranged alphabetically by author and title. Exceptions to this format occur in chapters 2 and 12. Because most users searching for regional and local histories

would be more likely to know the place names than the names of the authors, the secondary works in chapter 2, "Regional, State, and Local Histories and General Document Collections," are arranged alphabetically by the name of the region, county, parish, or town given in the title. In chapter 12, entries under the name of each individual figure are divided into two categories. Works written by the subject are listed first and are arranged alphabetically by title. Biographical studies about the subject are listed second and are arranged alphabetically by author.

**CONSTRUCTION OF ENTRIES AND BIBLIOGRAPHIC STYLE.** Entries in the bibliography are constructed according to the general rules established in *Bibliographical Procedures & Style; a Manual for Bibliographers in the Library of Congress* (Washington, 1954), as modified to accord with the 1967 *Anglo-American Cataloging Rules*. The purpose of this bibliographic style is to provide references that can be readily identified in Library of Congress catalogs and, by extension, in the many other institutions throughout the United States where Library of Congress catalog cards are used and where the Library's published catalogs are available. Authors' names are based on the form in which the Library's catalogers have established them. Long titles, particularly in eighteenth-century pamphlet literature, have frequently been shortened by the omission of subtitles or repetitious wording. The form of the publisher's name in imprints follows in general the practices recommended in the 1967 *Anglo-American Cataloging Rules*. In describing pagination, references to preliminary pages numbering fewer than five have been omitted. Call numbers have been included as a further aid to exact identification. Items in the Library's collections that were uncataloged at the time of compilation are indicated by the symbol D.I.C. Although many reprint notes have been included, no attempt was made to provide comprehensive coverage. The user should refer to the *Guide to Reprints* and other standard bibliographic sources for fuller or more recent information.

Brackets have been used in bibliographic entries to indicate information supplied by catalogers and bibliographers that does not appear on the recto of the title page or in the body of the work. For example, if the author of an anonymous or pseudonymous eighteenth-century pamphlet has been identified, the name, enclosed in brackets, will precede the title. Brackets have also been commonly used around series information or dates of publication not found on the

title page. In this bibliography bracketed call numbers indicate that the work cited is no longer available in printed form in the Library's collections but has been replaced by microfilm or microfiche. The Microform Reading Room call number invariably follows such a bracketed classification number. Finally, pagination figures derived from a source such as *Dissertation Abstracts International*, which is known to combine separately paged sections of the work it described, have also been placed in brackets.

**ANNOTATIONS.** Both bibliographic and descriptive annotations have been written to aid users in determining which works may best meet their needs. Because of the limitations of time and space, annotations were restricted to studies of unquestionable historiographic significance, to representative monographs or articles that provide a broad treatment of a particular subject, to interpretive works that present a unique point of view, and to studies with unclear or misleading titles. Annotations were also supplied to explain how works covering a far broader period are useful for the study of some phase of the Revolution. Slightly more than 40 percent of the entries in chapters 1-11 received annotations ranging in length from a single sentence to several paragraphs. Most often they were restricted to 125 words or less. These annotations and notes were not written as reviews; they are more nearly abstracts intended to reflect the author's own opinion or approach. To avoid the use of extensive quotations, they are in many cases a paraphrase of the author's words. The length of the annotation bears no direct relationship to the importance of the work annotated. The content of well-known studies may be self-evident, while less conspicuous books or articles may require more detailed description to place them in proper relation to the subject or subjects with which they deal.

**ACKNOWLEDGMENTS.** Throughout the preparation of this bibliography, the compiler benefited from the experience and knowledge of other Library of Congress staff members, especially those in the Shelflisting Section of the Subject Catalog Division, the Rare Book and Special Collections Division, the Law Library, the Geography and Map Division, the Manuscript Division, the Microform Reading Room, and the Loan Division. Within the General Reading Rooms Division itself (formerly the General Reference and Bibliography Division), many members of the staff, who were either permanently or temporarily

assigned to the Bibliography Section during the past ten years, contributed various amounts of time to searching, filing, translating, annotating, proofreading, and indexing. They are Donald Baskerville, Edward Cambio, Madlein Csiffary, Judith Farley, Judith Furash, Mary Jane Gibson, James Gilreath, Ted Johnson, Carolyn Larson, Jane Lindley, Anita Nolen, Diana Ramsey, Frances Reynolds, Stanley Rubenstein, Balba Seefer, and Harry Wrenn. Those who typed, photocopied, and numbered the manuscript are Charlotte Bolton, Cheryl Bowser, Toni Carter, Patricia Garrison, Deborah Jones, Mary McSwain, Nathan Moore, Cheryl Powell, Teena Siggers, Pamela Smith, Richelle Tyson, Kim Wallace, and Joani Ward. The compiler is especially grateful for the contributions of eight others. Robert Land, former chief of the division, guided and supported the project through its

early stages. Ellen Hahn, the present chief, and Judith Austin, head of the Bibliography Section, expedited the final production. Richard Address assisted diligently in the compilation of the original file of thirty-six-thousand working cards. Roy Thomas prepared most of the annotations for chapter 1 and drafted dozens of others for later chapters. Dr. Marguerite Bloxom, in addition to innumerable other tasks, researched the headnotes and arranged the entries for chapter 12. Dr. Marvin Kranz provided counsel on the organization of entries within the subject chapters. And Ruth Freitag, associate chief bibliographer, reviewed and edited every entry with respect to its technical bibliographic details.

Brown, Robert E. Charles Beard and the Constitution, a critical analysis of "An Economic Interpretation of the Constitution." Princeton, Princeton University Press, 1956. 219 p.  
JK146.B53B7  
Bibliographic footnotes.

A chapter-by-chapter critique of Beard's *Economic Interpretation of the Constitution* in which Brown argues that Beard's evidence does not support his thesis that the framers of the Constitution were motivated by selfish economic interests or that it was foisted undemocratically upon an unsuspecting populace. According to Brown, the delegates to the convention represented a wide spectrum of conflicting interest groups. They were too practical, moreover, to draft an instrument that favored any one segment of society, for they knew that their constituents would not ratify such a document. Since the majority of adult white males were middle-class property owners who could and did vote on

matters that concerned them, the small number of votes cast in the ratification process indicates apathy and possibly consent rather than disfranchisement.

Elkins, Stanley M., and Eric L. McKittrick. The Founding Fathers: young men of the Revolution. Washington, Service Center for Teachers of History [1962] 28 p. (Service Center for Teachers of History, Publication no. 44)  
JK146.E4

"Selected bibliography": p. 28.

An earlier version of the essay appeared in the *Political Science Quarterly*, v. 76, June 1961, p. 181-216.

Beginning with the work of Charles A. Beard, the authors review interpretations of the struggle over the drafting and ratification of the Constitution. Elkins and McKittrick contend that the dispute was not between competing economic groups or those holding differing ideologies or even between some favoring localism and others espousing nationalism. Instead, it was a contest between a lethargic older generation of revolutionists—Anti-Federalists whose careers were launched before 1776 and who remained state-oriented—and an energetic group of younger politicians—Federalists who rose to positions of authority during the Revolution and who identified with the continental war effort and with a national government that would uphold the underlying commitments of their culture: republicanism and capitalism.

Murphy, William P. The triumph of nationalism; state sovereignty, the Founding Fathers, and the making of the Constitution. Chicago, Quadrangle Books [1968, 1967] xiii, 434 p. JK316.M8  
Bibliography: p. [419]-422.

Describes political conditions under the Articles of Confederation, the opinions of the delegates to the Convention of 1787 on questions relating to the issue of a national versus a federal government, and the drafting and ratification of the Constitution. The author concludes that the doctrine of state sovereignty has no basis in the national charter as it was originally established.

9354

Nevins, Allan. The Constitution makers and the public, 1785-1790. An address before the conference of the Public Relations Society of America, Statler Hilton Hotel, November 13, 1962, Boston, Mass. McIlwain.—The theory of balanced government, by Stanley Pargellis.—European doctrines and the Constitution, by R. M. MacIver.—The concepts of democracy and liberty in the eighteenth century, by Gaetano Salvemini.—The appeal to reason and the American Constitution, by Roland Bainton.—The Puritan background of the First Amendment, by William Haller.—Philosophical differences between the Constitution and the Bill of Rights, by Herbert W. Schneider.—Historiography and the Constitution, by Charles A. Beard.

9358

Schuyler, Robert L. The Constitution of the United States; an historical survey of its formation. New York, Macmillan Co. 1923. viii, 211 p. JK268.S45

An examination of early American experiments in federalism, the Confederation, and the framing, adoption, and launching of the Constitution. Schuyler credits the success of the Constitution to commercial prosperity, patriotism, the silence of the document on selected controversial issues, the support of clergy, lawyers, and teachers, and the lack of public knowledge of the process through which it was constructed.

9359

Scott, James B. The United States of America: a study in international organization. New York, Oxford University Press, 1920. xix, 605 p. (Publications of the Carnegie Endowment for International Peace. Division of International Law) JK116.S3

Following a brief survey of the idea of union from the Mayflower Compact to the Philadelphia Convention, the author analyzes the nature and provisions of the federal system and draws parallels between the situation confronted by the Founding Fathers in 1787 and by western leaders in 1918. An extended appendix includes texts of various plans of union for the American colonies and states, the Northwest Ordinance of 1787, and documents from which the Constitution evolved.

While Revolutionary leaders used examples from ancient and modern European history to justify separation from Great Britain, those who drafted the Constitution turned to American experience and practice in their debates.

9383

Hofstadter, Richard. A constitution against parties: Madisonian pluralism and the anti-party tradition. *Government and opposition*, v. 4, summer 1969: 345-366. JA8.G6, v. 4

Madison and the Founding Fathers believed that political parties, in the British sense, were anathema to liberty. They sought to protect liberty under the Constitution by creating a system of legislative checks. Madison felt that majorities would be formed within the Senate and House of Representatives as weak, shifting coalitions united to promote single causes or issues only to dissolve again upon accomplishing their purpose. He never envisioned a system in which political parties themselves would serve as the instruments of pluralistic forces within society.

9397

McLaughlin, Andrew C. The foundations of American constitutionalism. New York City, New York University Press, 1932. vii, 176 p. (New York University. Stokes Foundation. Anson G. Phelps lectureship on early American history)

JK268.M25

Stressing the continuity of thought from the early New England covenants and colonial charters to the federal Constitution, the author analyzes such concepts as the social compact, government by consent, the legitimacy of resistance to usurpation, judicial review, and federalism. McLaughlin concludes that the major achievement of the American Revolution was the insistence of the Founding Fathers upon constitutionally limited government.

9398

Marks, Frederick W. American pride, European prejudice, and the Constitution. *Historian*, v. 34, Aug. 1972: 579-597.

D1.H22, v. 34

Finds that a major consideration in the replacement of the Articles of Confederation with an invigorated Union lay in the desire of the nationalists to prevent the further humiliation of the newly united states by European powers.

9399

Marks, Frederick W. The impact of foreign affairs on the United States Constitution, 1783-1788. 1968 ([245] p.)

Micro AC-1, no. 69-2352

On the title page of v. 4: With a general index by David M. Matteson.

First published in three volumes in 1911.

9439

U.S. *Constitutional Convention, 1787*. Secret proceedings and debates of the Convention assembled at Philadelphia, in the year 1787, for the purpose of forming the Constitution of the United States of America. From notes taken by the late Robert Yates, Esquire, chief justice of New York, and copied by John Lansing, Jun., Esquire, late chancellor of that state, member of that Convention. Including "The genuine information," laid before the Convention by William L. Martin, Esquire, then attorney-general of that state, and member of the same Convention. Also, other historical documents, relative to the federal compact of the North American Union. Louisville, Ky., A. Mygatt, 1844. xi, 335 p. JK141 1787b

Bibliographical sketch of Robert Yates: p. [329]-335.

First published in 1821.

9440

U.S. *Constitutional Convention, 1787*. To secure these blessings; the great debates of the Constitutional Convention of 1787, arranged according to topics, by Saul K. Padover. New York, Washington Square Press [1962] 464 p. illus., facsim., ports. KF4510.P3 1962

Reprinted in New York by Kraus Reprint Co. (1970).

9441

U.S. *Library of Congress. Legislative Reference Service*. Documents illustrative of the formation of the union of the American states. Washington, Govt. Print Off., 1927. x, 1115 p. facsim. (69th Congress, 1st session. House. Doc. 398) JK11 1927

Running title: *Formation of the United States.*

Selected, arranged and indexed by Charles C. Tansill.

Reprinted under the title *The Making of the American Republic; the Great Documents, 1774-1789* in New Rochelle, N.Y., by Arlington House (1972. E303.T3 1972).

Contains the texts of major official documents from the declaration and resolves of the First Continental Congress to the Bill of Rights. The bulk of the text is taken up with James Madison's reports of the debates in the federal Convention with the added notes of Robert Yates, Rufus King, William Paterson, Alexander Hamilton, and James McHenry.

9446

Beard, Charles A. An economic interpretation of the Constitution of the United States. New York, Macmillan Co., 1913. vii, 330 p. map. JK146.B5 1913

Surveys the economic interests of the delegates to the Constitutional Convention and suggests that these men sought to enhance their own large holdings of "personalty"—public securities, manufacturing, and trade—when they spearheaded the movement for a new government and dominated the ratification process. The federal Constitution, essentially an economic document intended to protect property rights from the whims of the multitude, was opposed by small farmers—holders of "realty"—and debtors, who were either disfranchised or outmaneuvered in the state ratification battles, especially in New York, Massachusetts, New Hampshire, Virginia, and South Carolina.

9450

Bowen, Catherine D. Miracle at Philadelphia; the story of the Constitutional Convention, May to September, 1787. Boston, Little, Brown [1966] xix, 346 p. illus., ports. JK146.B75

In a detailed narrative of the proceedings, the author pictures a company of high-minded statesmen who sincerely believed that disaster would ensue if the Convention failed to remedy the ills of the Confederation by creating a better instrument of government. Operating in the hot, sticky, summer atmosphere of Philadelphia, they worked hard at their task under the chairmanship of Washington and compromised when necessary. Bowen provides short character sketches of the delegates and presents a contemporary portrait of America as seen by foreign visitors.

9451

Brown, David W. The commercial power of Congress, considered in the light of its origin. The origin, development, and contemporary interpretation of the commerce clause of the federal Constitution, from the New Jersey representations, of 1778, to the embargo laws of Jefferson's second administration, in 1809. New York, G. P. Putnam's Sons, 1910. ix, 284 p. KF4606.B7

Discusses in chapters 1-9 (p. 1-152) the efforts to enlarge the commercial powers of the Continental Congress and the origins of the commerce clause in the federal Constitution.

9452

Brown, Robert E. Reinterpretation of the formation of the American Constitution. Boston, Boston University Press [1963] 63 p. (The Gaspar G. Bacon lectures on the Constitution of the United States) JK119.B7

Bibliographic footnotes.

Contends that the Constitution did not represent the interests of a narrow, undemocratic elite but appealed pri-

marily to the middle-class property owners who made up the bulk of the population and who had fought the Revolution to preserve a society based on the natural rights of life, liberty, and property.

9453

Burke, Joseph C. Max Farrand revisited: a new look at southern sectionalism and slavery in the federal Convention. *Duquesne review*, v. 12, fall 1967: 1-21.

AS30.D8A2, v. 12

Contents that Farrand misread the records of the federal Convention that he edited between 1911 and 1937 by concluding in his historical writings that western lands rather than slavery was the primary concern of the delegates in Philadelphia.

McDonald, Forrest. We the people; the economic origins of the Constitution. Chicago, University of Chicago

Press [1958] x, 436 p. (A Publication of the American History Research Center) JK146.M27

Bibliographic footnotes.

The author's thesis (Ph.D.), *The Economic Interpretation of the Constitution*, was submitted to the University of Texas in 1955.

Rejects the thesis that the framers of the Constitution were a close-knit economic group and contends that they represented a geographic, political, and economic cross section of state officeholders. Investigating the backgrounds of delegates to both the Philadelphia and the state ratifying conventions, the author finds that realty instead of "personalty" formed the major part of their holdings. McDonald argues that there was no simple, clearly defined relationship among the supports of the Constitution, that conflicts between sectional groups and individual interests within each state turned the ratification struggle into 13 separate contests, and that any hypothesis about the economic origins of the Constitution must take into account a multitude of explanatory factors in order to accommodate the available data. Ultimately, the more prosperous states inclined toward an independent status, while those that found it difficult to stand alone favored a strong central government.

Nott, Charles C. The mystery of the Pinckney draught. New York, Century Co., 1908. 334 p. JK148.P5N7  
Attempting to revive the discredited Pinckney plan, the author argues that the lost draft submitted by Pinckney to the Convention on May 29, 1787, was in fact used by the Committee of Detail as the basis for the Constitution.

Ohline, Howard A. Republicanism and slavery: origins of the three-fifths clause in the United States Constitution. William and Mary quarterly, 3d ser., y. 28, Oct. 1971: 563-584. F221.W71, 3d s., v. 28

The clause resulted from a compromise between those who favored legislative supremacy and those who regarded the people as sovereign. It was not intended as an endorsement of slavery or a repudiation of Revolutionary ideals.

Rossiter, Clinton L. 1787: the grand Convention. New York, Macmillan [1966] 443 p. illus., ports. (The New American history series) JK146.L68

Bibliography: p. [337]-348.

Using the Convention as his setting, the author discusses the abilities of the framers, explains the intricacies of the proceedings, and appraises the document drafted. Rossiter maintains that skillful, pragmatic politicians created a fundamental law that was the logical culmination of the war and thereby formalized the legacies of independence, republicanism, and union.

9502

Simon, Paul L. The appointing powers of the President. *Cithara*, v. 3, Nov. 1963: 41-55. AS36.S2, v. 3

Discusses the debates in the Constitutional Convention and the questions raised during the ratification process in Virginia and North Carolina.

9503

Smith, David G. The Convention and the Constitution: the political ideas of the Founding Fathers. New York, St. Martin's Press [1965] 120 p. (St. Martin's series in American politics) JK146.S55

Bibliography: p. [113]-116.

Examines the theories of government and society that influenced the authors of the Constitution, analyzes their intentions and divisions, and assesses the system that they established. Smith emphasizes the delegates' concern about providing for the future and their hardheaded prudence regarding the fundamentals of government.

9504

Teiser, Sidney. The genesis of the Supreme Court. *Virginia law review*, v. 25, Feb. 1939: 398-421. LL

Describes the evolution of the concept of a Supreme Court from the beginning of the Revolutionary period to its embodiment in the Constitution.

Published also as thesis (Ph.D.)—Johns Hopkins University, 1922.

Bibliographic-footnotes.

Reprinted in New York by Da Capo Press (1969) and reissued, with an introduction by Herbert J. Storing, in Baltimore by Johns Hopkins Press (1969).

Though the separation of powers may have been important to some of the delegates at the Constitutional Convention, most felt that the single executive could more effectively combat both the legislative excesses and the malaise that they had witnessed at the state and congressional levels during the preceding decade. Thach considers James Wilson, who based his plan on the successful New York experience, to be the key advocate of an independent executive.

Van Doren, Carl C. The great rehearsal: the story of the making and ratifying of the Constitution of the United States. New York, Viking Press, 1948. xii, 336 p. illus., ports. JK146.V3 1948a

"Sources and acknowledgments": p. 321-322.

A synthesis that traces the history of the Convention, sketches the character of its participants, and shows how the great compromises were achieved. Van Doren describes the ratification struggles in the states and, in an appendix, reprints important documents.

9513

Warren, Charles. *The making of the Constitution*. Boston, Little, Brown, 1928. xii, 832 p. — JK31.W35

"Books containing letters quoted . . . except when specific authorities are cited in the footnotes": p. [807]

Reprinted in New York by Barnes & Noble (1967).

After introducing the delegates, the public, and the press and examining their fears of disunion under the Confederation, Warren provides a day-by-day narrative of events both inside and outside of the Convention, mainly by quoting from contemporary letters and newspaper stories. He also attempts to trace each important clause in the document to its source and explores the controversies over ratification.

9514

Watson, Paul B. *Our Constitution, as adopted by the Constitutional Convention and ratified by the thirteen original states*. Cambridge, Mass., University Press, 1946, v, 166 p. — JK146.W3

Taking most of his material from the 1937 edition of Farrand's *Records of the Federal Convention*, the author presents a narrative of the debates on various provisions in the Constitution, giving particular attention to the three most controversial matters: the senate, the President, and commerce.

9515

Wehtje, Myron F. *Rufus King and the formation of the Constitution*. *Studies in history and society*, v. 1, Apr. 1969: 17-31. — D1.S86, v. 1

Studies King's role in support of a strong central government in both the Philadelphia Convention and the Massachusetts ratifying convention.

"Authorities consulted": p. 105.

Reprinted, with an introduction by Robert P. Wilkins, in *Grand Forks by the University of North Dakota Press* (1969) and in New York by B. Franklin (1969).

Finds that approval of the Constitution followed a regional, economic pattern. More densely settled urban and commercial areas favored ratification, whereas opposition came from interior or sparsely settled districts where non-commercial agriculture predominated. Eastern capitalists and creditors felt that adoption of the Constitution would lead to specie payment for debts, internal taxation, and the enforcement of contractual obligations; hard-pressed rural farmers, on the other hand, sought paper money, tax relief, and debt control measures.

9523

Marks, Frederick W. *Foreign affairs: a winning issue in the campaign for ratification of the United States Constitution*. *Political science quarterly*, v. 86, Sept. 1971: 444-469. — H1.P8, v. 86

The constitutional provisions for a standing army and navy, which would reduce the likelihood of invasion and

increase the United States' ability to wage war, proved the key to consensus in many areas.

9524

Nettels, Curtis P. The American merchant and the Constitution. In *Colonial Society of Massachusetts, Boston. Publications. v. 34. Transactions, 1937/42. Boston, 1943. p. 26-37.* F61.C71, v. 34

Focuses upon Pelatiah Webster, who was representative of a class that supported the Constitution 18 to 1.

9525

Powell, John H. The grand federal processions [February-July 1788] In *his* General Washington and the jack ass, and other American characters in portrait. South Brunswick [N.J.] T. Yoseloff [1969] p. 191-212.

Bibliography: p. 209–212.

Includes selections from contemporary documents and appraisals by historians.

9542

[Lee, Richard Henry] Observations leading to a fair examination of the system of government, proposed by the late convention; and to several essential and necessary alterations in it. In a number of letters from the Federal Farmer to the Republican. [New York] Printed in the year 1787. 40 p. JK146.L45 Rare Bk. Coll.

Printed by Thomas Greenleaf.

— An additional number of letters from [sic] the Federal Farmer to the Republican; leading to a fair examination of the system of government, proposed by the late convention; to several essential and necessary alterations in it; and calculated to illustrate and support

the principles and positions laid down in the preceding letters. [New York] Printed in the year 1788. [45]-181 p. JK146.L4 Rare Bk. Coll.

Printed by Thomas Greenleaf.

Paged continuously with his *Observations Leading to a Fair Examination of the System of Government*, and contains letters 6-18.

The *Additional Number of Letters* has been reprinted, together with *Observations on the New Constitution, and on the Federal and State Conventions, by a Columbian Patriot*, in Chicago by Quadrangle Books (1962. [45]-181, 19 p. JK146.L4 1962).

Gordon Wood has recently questioned the attribution of these pamphlets to Lee in his article, "The Authorship of the *Letters from the Federal Farmer*," in the *William and Mary quarterly*, 3d ser., v. 31, Apr. 1974, p. 299-308.

9543

Lewis, John D., comp. *Anti-Federalists versus Federalists; selected documents*. San Francisco, Chandler Pub. Co. [1967] xi, 423 p. (Chandler publications on political science) JK155.L4

Bibliography: p. 411-413.

Contents: pt. 1. Minority reports from the Philadelphia Convention.—pt. 2. General defenses of the Constitution.—pt. 3. The debate over ratification: Anti-Federalist arguments.—pt. 4. Defense of the Constitution by *The Federalist*.

84 contemporary letters and essays.

9544

Martin, Luther. The genuine information, delivered to the legislature of the state of Maryland, relative to the proceedings of the general convention, lately held at Philadelphia; by Luther Martin, Esquire, attorney general of Maryland, and one of the delegates in the said convention. Together with a letter to the Hon. Thomas Deye, speaker of the House of Delegates, an address to the citizens of the United States, and some remarks relative to a standing army, and a bill of rights. Philadelphia, Printed by Eleazer Oswald, 1788. viii, 93 p. JK171.M3 Rare Bk. Coll.

9545

Observations on the proposed constitution for the United States of America, clearly shewing it to be a complete system of aristocracy and tyranny, and destructive of the rights and liberties of the people. Printed in the state of New-York, 1788. 126 p. JK171.O2

"Address and reasons of dissent of the minority of the convention of . . . Pennsylvania," dated Dec. 12, 1787, at Philadelphia, and signed by 21 members: p. 3-30.

"Letter of . . . Edmund Randolph, esq. on the federal Constitution": p. 30-45.

Nine letters on the Constitution, addressed to the people of Pennsylvania and signed Centinel: p. 46-111.

Appendix, Constitution of the United States: p. [112]-126.

KF4541.Z9Y6

Bibliography: p. 55-[56]

Presents a sampling of opinions focused on New York and Virginia using selections from the writings of James Madison, Patrick Henry, Alexander Hamilton, Melancthon Smith, Thomas Jefferson, and Thomas Paine. Issues relating to states' rights, representation, and proposed amendments are highlighted.

## THE AUTHORSHIP AND PHILOSOPHY OF THE FEDERALIST PAPERS

9557

Adair, Douglass G. The authorship of the disputed Federalist Papers. *William and Mary quarterly*, 3d ser., v. 1, Apr.-July 1944: 97-122, 235-264.

F221.W71, 3d s., v. 1

Contents that the disputed numbers of *The Federalist* claimed by both Hamilton and Madison, numbers 49-58, 62, and 63, were all written by Madison.

9558

Adair, Douglass G. *The Federalist Papers*, a review article. *William and Mary quarterly*, 3d ser., v. 22, Jan. 1965: 131-139.

F221.W71, 3d s., v. 22

Discusses four editions of *Publius* issued in 1961: *The Federalist Papers*, selected and edited by Roy P. Fairfield; *The Federalist*, edited with an introduction by Benjamin F. Wright; *The Federalist*, edited with an introduction and notes by Jacob E. Cooke; and *The Federalist Papers*, with an introduction, table of contents, and index of ideas by Clinton Rossiter.

9559

Adair, Douglass G. The tenth Federalist revisited. *William and Mary quarterly*, 3d ser., v. 8, Jan. 1951: 48-67.

F221.W71, 3d s., v. 8

In tracing Madison's famous theory of government as it developed before the Philadelphia Convention, the author shows that Charles Beard not only lifted Madison's doctrine of class struggle out of context but erroneously argued that Madison believed theories were unimportant in politics. Instead, Adair contends that Madison's theory, as purely abstract thought, played a key role in the writing and ratification of the Constitution.

9560

Adair, Douglass G. "That politics may be reduced to a science": David Hume, James Madison, and the tenth *Federalist*. *Huntington Library quarterly*, v. 20, Aug. 1957: 343-360.

Z733.S24Q, v. 20

Madison's theory of factions, based in part on his reading of Hume, made obsolete the system of mixed government advocated by Hamilton and Adams at Philadelphia.

9561

Albertini, Mario. Che cose e' il federalismo. *Politico*, v. 21, Dec. 1956: 580-597.

JA18, P65, v. 21

Seeks a practical definition of federalism through an analysis of Alexander Hamilton's views on government as expressed at the Philadelphia Convention and in the *Federalist*.

Thesis (Ph.D.)—University of Chicago.

Bibliography: leaves 277-296.

9563

Bourne, Edward G. The authorship of *The Federalist*. American historical review, v. 2, Apr. 1897: 443-460. E171.A57, v. 2

Investigates the disputed authorship of 15 of the papers: numbers 18-20, 49-58, and 62-63.

9564

Bourne, Edward G. Essays in historical criticism. New York, C. Scribner's Sons, 1901. xii, 304 p. (Yale bicentennial publications) E173.B77

Partial contents: The authorship of *The Federalist*.—Mr. Paul Leicester Ford on the authorship of *The Federalist*.—*The Federalist* abroad.—Madison's studies in the history of federal government.

9565

Brant, Irving. Settling the authorship of *The Federalist*. American historical review, 67, Oct. 1961: 71-75. E171.A57, v. 67

Feeling that all other essays have been properly attributed by other scholars, Brant presents evidence indicating that Madison and not Hamilton was the author of numbers 62 and 63.

9566

Cooke, Jacob E. Alexander Hamilton's authorship of the "Caesar" letters. William and Mary quarterly, 3d ser., v. 17, Jan. 1960: 78-85. F221.W71, 3d s., v. 17

Argues against the common assertion that Hamilton authored the two letters defending the Constitution that appeared in the New York *Daily Advertiser* on October 1 and 15, 1787.

9567

Crane, Elaine F. Publius in the provinces: where was *The Federalist* reprinted outside New York City? William and Mary quarterly, 3d ser., v. 21, Oct. 1964: 589-592. F221.W71, 3d s., v. 21

9568

Diamond, Martin. Democracy and *The Federalist*: a reconsideration of the framer's intent. American political science review, v. 53, Mar. 1959: 52-68. JA1.A6, v. 53

9569

Dietze, Gottfried. The Federalist, a classic on federalism and free government. Baltimore, Johns Hopkins Press [1960] ix, 378 p. JK155.D5

Bibliography: p. 355-358.

The author's thesis (Ph.D), *The Political Theory of the Federalist*, was submitted to Princeton University in 1952 (Micro AC-1, no. 10,881).

Surveys the origin and influence of *The Federalist Papers* and analyzes their purpose and their contribution to political theory. Dietze concludes that Hamilton, Jay, and Madison were principally interested in federalism as a means of protecting individual freedoms against the possible tyrannies of democratic majorities in the states, that the major original contribution of their work lies in the exposition of

judicial review, and that as a treatise on limited government based on popular rule, *The Federalist* significantly broadened the concept of federalism.

9570

Dietze, Gottfried. Madison's *Federalist*—a treatise for free government. Georgetown law journal, v. 46, Nov. 1957: 21-51. LL

9571

Ford, Paul L. The authorship of *The Federalist*. American historical review, v. 2, July 1897: 675-682. E171.A57, v. 2

In reply to an article by Edward G. Bourne in the previous issue, Ford contends that Madison probably wrote numbers 49-51, and Hamilton numbers 52-58 and 62-63. Bourne's remarks appear on pages 682-687.

Introduction and notes by Philip H. Jordan.

9588

Heslin, James J. "Amendments are necessary." In New York Historical Society. *Quarterly*, v. 43, Oct. 1959: 425-439. facsim., ports. F116.N638, v. 43

Concerning communication among Virginia and New York Anti-Federalists, especially George Mason and George Clinton.

9589

Kenyon, Cecelia M. Men of little faith: the Anti-Federalists on the nature of representative government. *William and Mary quarterly*, 3d ser., v. 12, Jan. 1955: 3-43. F221.W71, 3d s., v. 12

Holding the same pessimistic conception of human nature as the Federalists, the Anti-Federalists feared the malignant effects of power from whatever source it might come—the people, corrupt political factions, or the proposed federal government. Their version of the Constitution would have contained more, not fewer, checks and balances. Although they followed democratic principles within the sphere of state government, the Anti-Federalists lacked both the vision and the faith to extend their principles to the nation at large.

9590

Lynd, Staughton. Anti-Federalism in Dutchess County, New York; a study of democracy and class conflict in the Revolutionary era. Chicago, Loyola University Press, 1962. ix, 126 p. F127.D8L9  
Bibliography: p. 109-117.

Studies the economic and political interest of opposing forces during three conflicts in Dutchess County—the tenant riots of 1776, the disputes over the confiscation and sale of Loyalist property, 1780-85, and the debate concerning ratification of the federal Constitution. Lynd argues that loyalty on both sides in each struggle derived from access to the ownership of land, that Anti-Federalists in 1788 were united by a common hostility to aristocratic, landholding families, and that middle-class, Anti-Federalist delegates differed from their constituents, who were or feared they might become tenants.

9592

Main, Jackson T. The Antifederalists; critics of the Constitution, 1781-1788. Chapel Hill, Published for the Institute of Early American History and Culture at Williamsburg, Va., by the University of North Carolina Press [1961] xv, 308 p. JK116.M2  
"Historiographical and bibliographical essay": p. 293-297.

The author's thesis (Ph.D.), *The Anti-Federalist Party, 1781-1788*, was submitted to the University of Wisconsin in 1948.

Following a survey of politics and society, the impost controversy, and opposition to a central government before 1787, the author concentrates upon Anti-Federalist activity during the Constitutional Convention and the ratification process. Main contends that the dispute over ratification was essentially a disagreement between commercial and non-

commercial segments of the population. Federalist ranks included merchants and other urban dwellers, farmers dependent upon the important cities, and those who exported their surplus production. The Anti-Federalists were less concerned with or did not recognize their dependence upon the mercantile community and foreign markets, usually were less wealthy, and lived outside the areas of commerce, often in isolation. They lost the struggle against centralization, he concludes, because they lacked party organization and leadership, had little control over publicity, and devised few plans for strengthening the Confederation.

9593

Mason, Alpheus T. The states rights debate; antifederalism and the Constitution. 2d ed. New York, Oxford University Press, 1972. ix, 210 p. JK316.M3 1972

Bibliography: p. 207-210.

First edition published in 1964.

Presents three essays and 35 supplementary documents outlining Anti-Federalist arguments from 1774 to 1790.

9594

Rutland, Robert A. The ordeal of the Constitution; the Antifederalists and the ratification struggle of 1787-1788. Norman, University of Oklahoma Press [1966] xiii, 329 p. facsim., ports. KF4541.R8

Includes bibliographic references.

Analyzes the campaign strategies of the opposing forces, explores the personalities, problems, and hopes of the Anti-Federalists, and explains their defeat. To secure a second convention amendments that would hamstring the central government, the Anti-Federalists attempted to capitalize upon sectional differences, the fears of selfish provincial leaders, and a real desire to preserve freedom. They were unsuccessful because they lacked effective leadership and could not agree on tactics or the amendments to be proposed.

Reprinted in New York by Da Capo Press (1970. JK161.M4 1970).

Examines conflicts in the convention of 1788. While the aristocratic and commercial elements in the state favored ratification, Harding finds that widespread popular concern over aristocratic control and fear of delegated power generated extensive opposition to the proposed Constitution. He considers in detail the contributions of Samuel Adams and Gov. John Hancock in developing proposed amendments and securing a decision for ratification.

9620

De Pauw, Linda G. The eleventh pillar; New York State and the federal Constitution. Ithaca, N.Y., Published for the American Historical Association [by] Cornell University Press [1966] xvi, 328 p. map.

JK161.N7 1966

Bibliography: p. 304-322.

The author's thesis (Ph.D.), with the same title, was submitted to Johns Hopkins University in 1964.

In her interpretation of the political contest over ratification, the author examines the common desires of the Federalists and Anti-Federalists to augment the power of the central government, the role of moderates in constructing a compromise for ratification, and the rapid disappearance of antifederalism after the adoption of the Bill of Rights. De Pauw concludes that the conflict was over the time and conditions under which the amendments demanded by the Anti-Federalists would be passed rather than the acceptance or rejection of the Constitution itself.

9621

Dyess, George A. M. The conflict over the ratification of the federal Constitution in the state of New York. [New York? 1901] 36 p. JK161.N7 1901

Reprinted in New York by AMS Press (1967. JK161.N8 1967).

Investigates the struggle between Federalists and Anti-Federalists in the conventions of 1788 and 1789. Ratification failed at first because agrarians, who were concerned mainly with local affairs, outnumbered the commercial group in the east. Tariff and navigation laws passed by the first U.S. Congress, however, convinced a majority of the delegates at the second convention that agricultural and commercial interests were interdependent.

## THE BILL OF RIGHTS

9686

Antieau, Chester J., and others. Freedom from federal establishment; formation and early history of the first amendment religion clauses. Milwaukee, Bruce Pub. Co. [1964] xiv, 272 p. KF4783.A95  
Bibliography: p. 249-266.

Attempting to determine the intention of those who proposed and adopted the first amendment, the authors examine such topics as colonial establishment, areas of church-state accommodation during the Confederation period, the ban on religious test oaths by the Philadelphia Convention, and the proposals for religious amendments by the state conventions that ratified the Constitution. They conclude that the amendment's religious guarantees were meant to incorporate existing state standards and practices into the Constitution and to prevent the development of federal persecution or prejudice on the basis of religion.

Thesis (Ph.D.)—Boston College.

9688

Brant, Irving. The Bill of Rights; its origin and meaning. Indianapolis, Bobbs-Merrill [1965] vi, 567 p. KF4749.B7

"Bibliographical notes": p. 527-544.

Identifying 24 assertions of positive rights or restraints upon governmental action in the Constitution of 1787 and an additional 39 in subsequent amendments, the author analyzes the intentions of their creators and the implications of the guarantees. In the half of the volume devoted to developments before 1789, Brant emphasizes the contrast between the more constricted view of individual rights under English common law and the direct and more expansive protections included in even the original provisions of the federal Con-

stitution. He concludes that the American statements of rights are clear, the prohibitions on government action explicit, and the commands to preserve specific liberties categorical.

"Table of cases": p. 145-147.

"Table of statutes": p. 149-150.

Reprinted in New York by Da Capo Press (1970).

Reviews English precedents, with particular attention to the case of John Wilkes (1765) and the use of Writs of Assistance in the colonies and by the Continental Congress. The author considers the specific development of the amendment through an examination of pertinent debates in the state ratifying conventions of 1787-88 and in the first Congress during 1789.

9695

Levy, Leonard W. Legacy of suppression; freedom of speech and press in early American history. Cambridge,

Mass., Belknap Press of Harvard University Press, 1960. xiv, 353 p. JC591.L2

Bibliography: p. [321]-339.

Focusing on the period 1776-91, the author concludes that the Revolutionary generation did not intend the First Amendment to serve a broad libertarian theory of freedom of expression. Instead, the framers accepted the common-law tradition of the right of the state to suppress seditious libel. Not until the conflict over the Sedition Act of 1798 was a justification for a more extensive protection of freedom of speech and press devised.

Bibliographic footnotes.

Appendixes (p. [231]-235): A. The Virginia Declaration of Rights.—B. The federal Bill of Rights.

The author's thesis (Ph.D.), *The Movement for Bills of Rights, 1776-1791*, was submitted to Vanderbilt University in 1953 (Micro AC-1, no. 6472).

Studies the emergence of bills of rights on both state and federal levels and discusses precedents derived from English common law, colonial charters, legislation, and experience. Rutland argues that possession of a bill of rights became a political tradition among Americans. When the Constitution as drafted failed to meet this need, public opinion forced its supporters to endorse an addition of a Bill of Rights to ensure its ratification.

Williamson, René de Visme. Political process or judicial process: the Bill of Rights and the framers of the Constitution. *Journal of politics*, v. 23, May 1961: 199-211. JA1.J6, v. 23

Argues that the framers omitted a bill of rights from the Constitution because they were convinced that it would not accomplish the purposes for which it was intended. The real foundation of civil rights, they believed, was political rather than legal.

## CHAPTER ELEVEN

# Economic, Social, and Intellectual Life in Revolutionary America

### The Economy

#### BUSINESS AND THE ECONOMY

##### 1. GENERAL

9704

Baldwin, Simeon E. American business corporations before 1789. In *American Historical Association. Annual report*. 1902. v. 1. Washington, 1903. p. 253-274.

E172.A60, 1902, v. 1

Also published in the *American Historical Review*, v. 8, Apr. 1903, p. 449-465.

Examines the origin and activities of the six corporations created by colonial assemblies from 1675 to 1772 and those established under the Articles of Confederation and the new state constitutions. Baldwin attributes the small number of charters granted to ill-defined rights of incorporation and a general fear of monopoly.

9705

Baxter, William T. Accounting in colonial America. In Littleton, Ananias C., and Basil S. Yamey, eds. *Studies in the history of accounting*. London, Sweet & Maxwell, 1956. p. 272-287.

Davis, Joseph S. Charters for American business corporations in the eighteenth century. In *American Statistical Association. Quarterly publications*, v. 15, Dec. 1916: 426-435.

HA1.A6, v. 15

Characterizes by date, source, and general type the 335 charters issued to business corporations in the United States between 1781 and 1800.

9711

Davis, Joseph S. Essays in the earlier history of American corporations. Cambridge, Harvard University Press, 1917. 2 v. (Harvard economic studies, v. 16)

HD2785.D3

The author's dissertation (Ph.D.) was submitted to Harvard University in 1913.

Contents: v. 1. Corporations in the American colonies. William Duer, entrepreneur, 1747-99. The "S.U.M.": the first New Jersey business corporation.—v. 2. Eighteenth century business corporations in the United States. Bibliography (p. 347-395).

Reprinted in New York by Russell & Russell (1965).

In a series of four extended essays the author examines (1) the legal basis and use of the corporate form in colonization and for municipal, business, ecclesiastical, charitable, and educational purposes, (2) the entrepreneurial activities of William Duer (1747-99) of New York, (3) the operations of the Society for Establishing Useful Manufactures in New Jersey, and (4) the nature and practices of some 300 late 18th-century corporations involved in banking, inland navigation, toll bridges, turnpikes, insurance, water supply, and manufacturing. The author concludes that the Revolution broke down psychological barriers and established rela-

tionships among men of affairs that made great combinations of American capital practicable for the first time.

9712

Diamond, Sigmund. Values as an obstacle to economic growth: the American colonies. *Journal of economic history*, v. 27, Dec. 1967: 561-575.

HC1C.J64, v. 27

Because transplanted European values hindered economic production, colonial leaders voluntarily granted concessions that weakened the corporate restraints of the first social order. Eventually, position in the new society became largely a function of direct economic activity, not of birth or privilege.

9713

Dorfman, Joseph. The economic mind in American civilization, 1606-1865. v. 1. New York, Viking Press, 1946. xii, 499, xxxi p. HB119.A2D6, v. 1

Bibliographic references included in "Notes" (p. i-xxxi).

Reprinted in New York by A. M. Kelley (1966).

In chapters on the 18th century, the author explores the relationships between politics and economics, especially as they were affected by imperial policies; discusses the role of paper money in disputes with England and between colonies; compares the outlook of Benjamin Franklin, practical businessman, with that of John Woolman, Quaker humanitarian; and explains the methods of financing the Revolution advocated by Americans. The struggles over economic policy derived, according to Dorfman, from rivalries between mercantile groups rather than between socioeconomic classes. Although American economic thought was tempered by humanitarian ideals, it was basically pragmatic and opportunistic.

9714

East, Robert A. Business enterprise in the American Revolutionary era. New York, Columbia University Press, 1938. 387 p. (Studies in history, economics and public law, no. 439)

H31.C7, no. 439

HC105.E24 1938a

Issued also as thesis (Ph.D.)—Columbia University.

Bibliography: p. 330-356.

Reprinted in Gloucester, Mass., by P. Smith (1964) and in New York by AMS Press (1969).

Analyzes changes that took place in business organization, investment, and stock speculation during and after the war. The author also describes the activities of Robert Morris, Jeremiah Wadsworth, and other capitalists, explaining their innovations in business practice during the transition from personally supervised investments to a more highly developed capitalism in which such enterprises as textile factories, land speculation companies, and commercial banks came under impersonal, institutional management.

HC103.M67

Includes bibliographies.

Chapters 6-11 (p. 129-250) deal with the Revolutionary period.

9721

Nettels, Curtis P. The emergence of a national economy, 1775-1815. New York, Holt, Rinehart and Winston [1962] xvi, 424 p. illus., maps, ports. (The Economic history of the United States, v. 2)

HC103.E25, v. 2

Bibliography: p. 341-380.

For the Revolutionary and Confederation periods, the author examines such topics as shipping and trade, taxation and finance, paper money and banking, and manufacturing and agriculture. The Revolution fostered America's first national economy, one that was then threatened, Nettels

believes, by state measures enacted to overcome a postwar depression. As a consequence, the framers of the Constitution deliberately attempted to create an instrument that would provide stable government and encourage the development of a unified economy.

9722

North, Douglass C., and Robert P. Thomas, *comps.* The growth of the American economy to 1860. Columbia, University of South Carolina Press [1968] vii, 251 p. [Documentary history of the United States] HC103.N63 1968b

Includes 38 documents on imperial regulation of the colonial economy, growth of the factors of production, increases in colonial per capita income, and economic problems of the new nation.

9723

Cochran, Thomas C. New York in the Confederation; an economic study. Philadelphia, University of Pennsylvania Press, 1932. ix, 220 p. maps. F123.C66  
Issued also as thesis (Ph.D.)—University of Pennsylvania.  
Bibliography: p. 195-212.  
Reprinted in Port Washington, N.Y., by I. J. Friedman (1970) and in Clifton, N.J., by A. M. Kelley (1972).  
Emphasizing economic measures passed by the Continental Congress and their effect upon New York, the author investigates such topics as paper money, requisitions, the land question, taxation, and the fiscal strategy of Robert Morris. Cochran finds that financial relations between the state government and Congress were more successful than between the state legislature and its constituents. Ultimately, New York Federalists supported the Constitution not because they wished to strengthen America's trade or diplomatic position, as advocated by the followers of Hamilton and Schuyler, but because security holders hoped to provide for repayment of the public debt, thus bolstering the credit of the new government.

Sellers, Leila. Charleston business on the eve of the American Revolution. Chapel Hill, University of North Carolina Press, 1934. xi, 259 p.

HC108.C3S4 1934a

Bibliography: p. [236]-244.

Issued also as thesis (Ph.D.)—Columbia University.

Reprinted in New York by Arno Press (1970).

Describes the influence of geography, class structure, immigration, and slavery upon commercial practices in Charleston. Although the larger mercantile houses tended to support the imperial system, smaller factors or merchants objected strongly to the regulations and enforcement procedures invoked after 1763. A dramatic increase in smuggling, hitherto of negligible importance, and the organization of nonimportation groups marked the onset of the Revolution in Charleston.

Bibliography: p. 154-163.

Reprinted in New York by B. Franklin (1970).

The author's thesis (Ph.D.), *The American Policy of Commercial Legislation Before 1789*, was submitted to Cornell University in 1908.

Analyzes and explains the background of import and export duties, of bounties, inspection laws, and embargoes, of tonnage duties and port regulations, and of commercial legislation enacted by the states and Confederation. The author concludes that commercial regulation diminished as trade declined during the Revolution, but after the war the now sovereign states found that England's trade policy was enforced against them. They retaliated, Giesecke continues, by encouraging home industries in the northern states and by supporting them with protective legislation.

First edition published in 1947.

In the section on the transition from royal government to statehood, the authors survey the changes that occurred in the people's view of governmental power and the relation of government to industry. The Handlins conclude that John Adams merely formalized, in the constitution of 1780, ideas then current—commonwealth interests transcend individual interests and government ought to regulate the economic life of the state. Massachusetts early used its authority to inspect

products, grant franchises, provide bounties, and authorize tax exemptions.

"Notes and bibliography": p. [399]-442.

Contents that Georgia began as a planned economy and that a program of constructive social liberalism (group action) prevailed over laissez-faire liberalism (individual initiative) until the Civil War despite the fact that various pressures had modified initial public policy by 1800. Revolutionary egalitarianism removed some restraints in the governance of land, education, welfare, and transportation, according to Heath, but such excesses as the Yazoo affair restored the trend toward humanism and a common sense of social values.

Reprinted in Hamden, Conn., by Archon Books (1968).

Concentrating upon the mechanics of the trade, the author studies the characteristics of the entrepreneurs and investigates the relationships between prices, outbound and return cargoes, markets, ports, and ships. Pares concludes with an examination of the role of West Indian commerce in

the North American economy. He believes that the trade contributed to the formation of capital in the 13 original colonies and promoted transatlantic commerce by facilitating the payment of debts in Europe. After the introduction of the sugar cane economy, merchants from Boston, Newport, New York, and Philadelphia dominated the colonial branch of the trade, which consisted primarily of exchanging provisions, lumber, and horses for molasses, rum, and sugar. Issued also as thesis (Ph.D.)—University of Pennsylvania.

Bibliography: p. 261-280.

In the section on the years before 1789, the author studies diplomatic and legislative policies that were intended to enlarge America's foreign trade at the expense of the established colonial powers. Since the United States had no colonies, it attempted to persuade other nations that commerce ought to be free from restraint, negotiated reciprocal trade agreements where possible, and retaliated in kind against nations that rejected its offers. American policy, the author contends, was one of attack.

Shepherd, James F., and Gary M. Walton. Shipping, maritime trade, and the economic development of colonial North America. Cambridge [Eng.] University Press, 1972. ix, 255 p. illus. HF3025.S717

Bibliography: p. 246-252.

The authors' theses (Ph.D.), *A Balance of Payments for the Thirteen Colonies, 1768-1772* and *A Quantitative Study of American Colonial Shipping*, were submitted to the University of Washington in 1966 (Micro AC-1, no. 67-7677 and 67-2202).

Focusing on overseas trade and improvements in transportation from 1675 to 1775, the authors examine sources for change in the productivity of shipping and distribution and intensively analyze the colonial balance of trade in the period 1768-72. Shepherd and Walton conclude that the growth of capital resources in America resulted basically from domestic savings rather than trade surpluses or capital inflow from Great Britain and that commodity exporting declined in its relative economic importance. They further conclude that because of British civil and military expenditures in the colonies and "invisible" earnings from shipping, the colonial balance of payments deficit was not as critical on the eve of the Revolution as historians have generally implied. An

analysis of the methodology employed and tables of the data used are presented in extensive appendixes.

"Bibliographical note": p. [221]–231.

The author's thesis (Ph.D.), *Newburyport, Massachusetts, during the American Revolution, 1764–1790*, was submitted to Harvard University in 1957.

In the first section of the work, the author studies in detail merchants who profited from the carrying trade within the empire yet supported both independence and the federal Constitution. Dominating political as well as economic and social life, these men led the protest against British measures that began in 1765 and developed a militant American nationalism that overshadowed their economic ties with England. Losing their fortunes during the war or the depression that followed it, they gave way to a new generation of mercantile leaders who espoused a narrow sectionalism and opposed the War of 1812.

AS36.S7, v. 24

Thesis (Ph.D.)—Columbia University, 1942.

Bibliography: p. 269–274.

Studies the commerce—mainly an exchange of agricultural surpluses for imported goods—of East Hartford, Hartford, Middletown, and Wethersfield, Conn., as well as Northampton and Springfield, Mass. The author also investigates the business methods of such merchant capitalists as Jeremiah Wadsworth and Silas Deane, who carried on trade primarily with the West Indies, and Jonathan Dwight and Levi Shepard, who depended upon the coasting trade to acquire manufactures. Although the nonimportation agreements of the 1760's and 1770's caused interruptions, Connecticut River trade prospered until the wartime blockade.

Most river merchants, unlike those in the seaports who had strong ties with England, supported the rebel cause. Although postwar depression and fiscal chaos ruined some, nearly all favored the Constitution.

An institutional study of the mercantile profession between 1750 and 1775 that stresses its economic and procedural aspects. The author treats such subjects as the merchant in provincial life, the organization and conduct of business, overseas and colonial trade, and relations with government. While merchants united with radicals in an economic protest against such laws as the Sugar Act that harmed trade, their concern for law and order prevented them from supporting such violent measures as the Stamp Act riots. See also the author's essay, "The Place of the Merchant in New York Colonial Life," in the New York State Historical Association's *New York History*, v. 13, Oct. 1932, p. 366-380.

"Annotated bibliography": p. [298]-307.

The author's thesis (Ph.D.), with the same title, was submitted to the University of Wisconsin in 1954.

After reviewing the nature and growth of Philadelphia's trade with southern Europe, the "wine islands," Great Britain, the West Indies, and American ports, the author assesses the impact of British imperial policy after 1763 on this commerce and the role played by the city's merchants in the Revolutionary movement. Jensen finds that the reforms of 1766 satisfied the merchants' major grievances, which were almost entirely commercial in nature. Thereafter they became unwilling partners of radical leaders who chose commercial coercion to achieve political ends and used an aroused public to force the merchants to support nonimportation measures that injured them financially and were, they felt, unwise tactically.

"Bibliographical essay": p. [258]-276.

The author's thesis (Ph.D.), *The Quaker Merchants of Colonial Philadelphia: a Study in Social and Cultural History*, was submitted to Harvard University in 1947.

Adopting a topical approach, the author explores the economic, social, and intellectual activities of Quakers who risked defilement of their ideals by participating in business and community affairs. The "holy experiment" became so secularized and the Quaker merchants so fond of wealth and luxury that, in 1756-58, a thoroughgoing spiritual reformation was mounted within the jurisdiction of the Philadelphia Yearly Meeting, one that lasted through 1777. In that year, local meetings appointed visitation committees to encourage withdrawal as far as possible from worldly influences and a return to plain speech, behavior, and dress.

Bibliography: p. [171]-181.

The author's thesis (Ph.D.), *Transportation and Commerce in North Carolina, 1763-1789*, was submitted to Yale University in 1930.

Summarizes the geographic, political, economic, and fiscal conditions under which trade was carried on and assesses the effects of the Revolution upon North Carolina's commerce. Crittenden reports that the state prospered under the Navigation Acts and concludes that the scattered complaints against British trade regulations did not cause North Carolinians to revolt. Nonimportation agreements were not generally observed until 1774, and most merchants opposed the break with England. While the war threw the state's commerce into disorder, some merchants, including a few Loyalists, profited greatly. Peace brought both prosperity and inflation. To combat emissions of paper money and to enhance their trading position in London, the West Indies, and American ports, North Carolina's business community supported the federal Constitution.

- Kohlmeier, Albert L. The commerce between the United States and the Netherlands, 1783-1789. *In Indiana University. Studies in American history*, inscribed to James Albert Woodburn . . . by his former students. Bloomington, 1926. (Indiana University studies, v. 12, no. 66/68) p. [1]-47. E173.I56

The author's thesis (Ph.D.), *The Commercial Relations Between the United States and the Netherlands and Dutch West Indies, 1783-1789*, was submitted to Harvard University in 1916.

Contrary to the older view that British merchants regained almost complete control of American trade after the Revolution, Kohlmeier demonstrates that the amount of

commerce between the United States and the United Netherlands was much larger than supposed and that it contributed significantly to the economic reconstruction of the United States during the Critical period.

## MANUFACTURING AND THE EXTRACTIVE INDUSTRIES

### 1. GENERAL

9938

Bishop, John Leander. A history of American manufacturers from 1608 to 1860 . . . comprising annals of the industry of the United States in machinery, manufacturers, and useful arts, with a notice of the important inventions, tariffs, and the results of each decennial census. 3d ed., rev. and enl. Philadelphia, E. Young, 1868. 3 v. ports. TS23.B72

The first issue of volume 1 appeared in 1861. In 1862 Bishop entrusted the charge of the work to Edwin T. Fredeley, by whom it was completed, with the aid of Edward Young.

Reprinted, with an introduction by Louis M. Hacker, in New York by A. M. Kelley (1966).

Volume 1 traces in considerable detail the development of principal and secondary industries from their origins to 1790. The author concludes that the British controls on

colonial manufacturing and trade retarded the growth of American business-enterprise and compelled the colonists to declare their independence.

9939

Clark, Victor S. History of manufactures in the United States. v. 1. 1607–1860. Washington, D.C., Carnegie Institution of Washington, 1916. xii, 675 p. illus., maps, plates. HD9725.C5, v. 1

Bibliography: p. 624–650.

The first nine chapters deal with various facets of colonial manufacturing: the European background, British policy, colonial legislation, natural resources, transportation, markets, currency and prices, capital and labor, technology and organization, and contemporary accounts of domestic industries. In chapter 10 Clark discusses the political propaganda promoting nonimportation and home manufactures during the Revolution.

Stackpole, Edouard A. Whales & destiny; the rivalry between America, France, and Britain for control of the southern whale fishery, 1785-1825. [Amherst] University of Massachusetts Press [c1972] xii, 427 p. illus., facsim., map, ports. SH383.S7

Focuses on Nantucket's contribution to the survival of the American whale fleet between the Revolution and the War of 1812, especially the parts played by Francis and William Rotch and the Quaker merchants of the island. The Nantucketers not only established a French-supported colony at Dunkirk in 1786 but commanded half the ships in the London whaling fleet of that year and played an important role in opening Australia to settlement.

10022

Davis, Andrew M. Currency and banking in the province of the Massachusetts-Bay. New York, Published for the American Economic Association by the Macmillan Co. [1901] 2 v. facsim., plates. (Publications of the American Economic Association, 3d ser., v. 1, no. 4; v. 2, no. 2)  
HB1.A5  
HG513.M4D29

Contents: pt. 1. Currency.—pt. 2. Banking.  
Reprinted in New York by A. M. Kelley (1970).

Centering his study on the conflict between the governor and the assembly over the chronic currency problem, the author deals in the first volume with provincial bills and coinage, depreciation, adjustment of debts, inflation, and the emissions of neighboring governments in Rhode Island, Connecticut, and New Hampshire. Davis examines English and colonial banking practices in the second volume, taking as his principal topic the Land Bank of 1740 and the 30 years of litigation that followed its closure. He concludes that the currency question contributed significantly to the demand for independence and concurs with John Adams's view that the bank dispute had an even greater political effect in Massachusetts than the Stamp Act crisis.

10023

Gould, Clarence P. Money and transportation in Maryland, 1720-1765. Baltimore, Johns Hopkins Press, 1915. 176 p. (Johns Hopkins University studies in historical and political science, 33d ser., no. 1)

H31.J6, 33d s., no. 1  
HG513.M3G7

Focuses on the monetary system as the chief integrating force promoting trade. In successive chapters Gould discusses coinage, bills of exchange, tobacco as currency, paper money, and barter and concludes with a survey of roads, waterways, ferries, and the postal service as modes of transportation or communication that also encouraged economic intercourse.

10024

Gwyn, Julian. Money lending in New England: the case of Admiral Sir Peter Warren and his heirs, 1739-1805. New England quarterly, v. 44, Mar. 1971: 117-134.  
F1.N62, v. 44

Concludes that the war hardly affected the Warren interests, offering yet another indication of its conservative economic impact.

10025

Higgins, William Robert. A financial history of the American Revolution in South Carolina. 1970. ([313] p.)  
Micro AC-1, no. 71-10,383

Thesis (Ph.D.)—Duke University.  
Abstracted in *Dissertation Abstracts International*, v. 31A, Apr. 1971, p. 5319.

Discusses the three methods adopted by the state legislature to finance the war effort—fiat money, direct and indirect taxes, and private loans—and the problems faced in retiring the debt.

10026

Kaminski, John P. Paper politics: the northern state loan-offices during the Confederation, 1783-1790. 1972. ([310] p.)  
Micro AC-1, no. 72-15,361

Thesis (Ph.D.)—University of Wisconsin.  
Abstracted in *Dissertation Abstracts International*, v. 32A, June 1972, p. 6895

Investigates the efforts of pro-paper money forces in Rhode Island, New York, New Jersey, and Pennsylvania to ease the economic burden of debtors, redeem state debts, and assume national securities owned by their citizens.

10027

Sterns, Worthy P. The international indebtedness of the United States in 1789. *Journal of political economy*, v. 6, Dec. 1897: 27-53.  
HB1.J7, v. 6

A review of obligations incurred from the beginning of the 18th century leads the author to a tentative total indebtedness of \$82,500,000.

10028

Sumner, William G. The financier and the finances of the American Revolution. New York, Dodd, Mead, 1891. 2 v.  
HJ247.S8

List of authorities: v. 2, p. [307]-318.  
Reprinted in New York by A. M. Kelley (1968) and B. Franklin (1970).

Reviews the financial history of the Confederation period by studying the public service and personal affairs of Robert Morris. The author examines the early treasury system, taxation, commerce, coinage, paper currency, and European loans as well as the establishment of the Bank of Pennsylvania and the Bank of North America. Sumner considers each topic from the perspective of the several elective and appointive positions that Morris held in the Pennsylvania and Confederation governments, especially that of Superintendent of Finance from 1781 to 1784. He also summa-

rizes Morris's post-Revolutionary enterprises, concluding with his eventual bankruptcy and imprisonment.

## 2. BANKING

10029

[Barton, William] Observations on the nature and use of paper-credit; and the peculiar advantages to be derived from it, in North-America: from which are inferred the means of establishing and supporting it, including proposals for founding a national bank. 10042

Behrens, Kathryn L. Paper money in Maryland, 1727-1789. Baltimore, Johns Hopkins Press, 1923. 98 p.

(Johns Hopkins University studies in historical and political science, ser. 41, no. 1) H31.J6, s. 41, no. 1  
HG513.M3B4

Published also as thesis (Ph.D.)—Johns Hopkins University.

Bibliography: p. 95–96.

In tracing the history of paper money emissions, the author devotes primary attention to the Paper Currency Act of 1733 and the paper money issues of the Revolutionary period. Brehrens finds that the assembly generally maintained a sound policy regarding paper emissions, except for the period 1777–81 when inadequate security resulted in severe depreciation. She also reveals that the currency question was a significant issue in the contest over ratification of the federal Constitution.

10043

Breck, Samuel. Historical sketch of Continental paper money. In American Philosophical Society, *Philadelphia. Committee of History, Moral Science, and General Literature*. Transactions. v. 3; 1843. Philadelphia, Carey and Hart. p. [1]–40. E173.A75, v. 3

Reprinted separately in Philadelphia by J. C. Clark; reprinted by A. C. Kline (1863. 33 p. HG516.B7 Rare Bk. Coll.). Also reprinted under the title, "The Paper Money of the American Revolution," in the *Journal of American History*, v. 20, Apr. 1926, p. 121–159.

Includes bibliographies.

"An illustrated historical, statistical and descriptive compilation of data relating to American paper currency

from its inception in 1686 to its transformation by virtue of the ratification in 1789 of the Constitution of the United States, encompassing over 500 issues of the individual American colonies (1690-1776), the united colonies (1775-1777), the United States of America (1777-1785), the individual American states (1776-1788), banks, cities, counties, factories, and individuals (1686-1789). Supplemented by current market values of generally available bills as ascertained by Ben M. Douglas and Richard Picker."

Besides treating emissions in each of the thirteen colonies, the author provides appendixes that contain information on changes in the value of colonial and state shillings in relation to the Spanish dollar between 1740 and 1783, depreciation of currency during the Revolution, and wartime counterfeits.

HG336.U5S35

Bibliography: p. [265]-266.

Tells the story of men and women who produced bogus coins and bills for their own enrichment and of British attempts during the Revolution to use the same methods to undermine Continental currency. Counterfeiting increased steadily during the pre-Revolutionary period; authorities invalidated and recalled several emissions that had been duplicated widely, usually by organized gangs operating in each colony. Although most counterfeiters committed other crimes as well, some were otherwise respectable citizens.

ty Press [1949] (*Journal of economic history*. Supplement 8, 1948) p. 1-22. HC10.T3, no. 8, 1948

10102

Bezanson, Anne. Prices and inflation during the American Revolution; Pennsylvania, 1770-1790, by Anne Bezanson, assisted by Blanch Daley, Marjorie C. Denison [and] Miriam Hussey. Philadelphia, University of Pennsylvania Press, 1951. xvi, 362 p. (Industrial Research Dept., Wharton School of Finance and Commerce, University of Pennsylvania. Research studies, 35) HC107.P4B4

Bibliography: p. 347-351.

"The data in this final volume in the pre-Civil War commodity price history studies for the area of Philadelphia . . . complement . . . two previous publications which cover the years 1720 to 1775 and 1784-1861."

Provides a continuous record of prices during the Revolutionary period and discusses business behavior in the face of wartime inflation and postwar recession and recovery. Despite the difficulties presented by the simultaneous circulation of two, and often three, currencies and the instability of the ratio between paper and specie, Bezanson presents monthly indexes of wholesale prices of 15 domestic and imported commodities ranging from beef to wheat and less complete series for 10 others, including bread, rice, tobacco, and Madeira wine. She concludes that monetary influences were dominant factors in the extravagant rise in prices, although shortages of goods and increased costs also played a role in creating and maintaining the inflationary spiral.

10103

Bezanson, Anne, Robert D. Gray, and Miriam Hussey. Prices in colonial Pennsylvania. Philadelphia, University of Pennsylvania Press, 1935. xix, 445 p. (Industrial Research Department, Wharton School of Finance and Commerce, University of Pennsylvania. Philadelphia. Research studies, 26) HB235.U6B4

Bibliography: p. 434-438.

Analyzes wholesale prices of 22 commodities in Philadelphia for the period 1720-75. The data, drawn from newspapers and merchants' private records, reveal a strong upward trend in the prices of colonial staples but stability for the prices of British imports, thus indicating the source of capital accumulation in colonial Philadelphia. Graphs of the monthly and annual relative prices for each commodity are provided for the entire period using the monthly averages of 1741-45 as the base. Complete tables of average monthly prices for each year are included in an extensive tabular appendix.

HJ247.F4

Bibliography: p. 344-347.

The author's thesis (Ph.D.), *Revenue Power and the Movement for National Government, 1780-1790*, was submitted to the University of Wisconsin in 1951.

To preserve what they considered to be the essential element of their sovereignty, the states had denied the Continental Congress the right to tax in the Articles of Confederation. The pivotal issue during the period, therefore, was the manner in which the large domestic and foreign debt incurred in prosecuting the Revolutionary War would be paid. Because several colonies had successfully managed fiat money, agrarian interests generally favored similar expedients. Mercantile capitalists and their allies, on the other hand, demanded a uniform currency and a debt funded by Congress. After reviewing the various fiscal expedients to which Congress and the states resorted, the author shows how the nationalists, led by Robert Morris, finally achieved their goal in 1790 when Congress, exercising powers granted under the new Constitution, enacted Alexander Hamilton's funding program. For an analysis of Ferguson's thesis, see Stuart W. Bruchey's "The Forces Behind the Constitution; a Critical Review of the Framework of E. James Ferguson's *The Power of the Purse*" in the *William and Mary Quarterly*, 3d ser., v. 19, July 1962, p. 429-434. A rebuttal by Ferguson appears on p. 434-438.

Ferguson, Elmer James. Public finance and the origins of southern sectionalism. *Journal of southern history*, v. 28, Nov. 1962: 450-461. F206.J68, v. 28

Most of the issues that gave rise to sectional tensions in the 19th century—tariff, states rights, slavery—had their origins in the Confederation period and the reaction of the South to new federal policies.

10126

Ferguson, Elmer James. State assumption of the federal debt during the Confederation. *Mississippi Valley historical review*, v. 38, Dec. 1951: 403-424.

E171.J87, v. 38

An enlarged view of Confederation finances is not just one of Congress struggling to pay debts and being thwarted by the states. Most of the states made earnest efforts to pay federal debts as well as their own.

Morrill, James R. The practice and politics of fiat finance; North Carolina in the Confederation, 1783-1789. Chapel Hill, University of North Carolina Press [1969] 240 p. HJ612.M6

Bibliography: p. [223]-228.

The author's thesis (Ph.D.), *North Carolina Public Finance, 1783-1789: The Problems of Minimal Government in an Under-Developed Land*, was submitted to the University of North Carolina in 1967 (Micro AC-1, no. 68-2215).

Analyzes the state's financial policies as well as state-federal financial relations. The author concludes that an uncertain postwar economy resulting from an excessive dependence upon the sale of raw materials produced a specie drain that made fiat finance in debt redemption and currency emission unavoidable. North Carolina antifederalism was both a cause and a result of the state's decisions to issue fiat currency to pay the men of the Continental Line and to absorb that portion of the national debt held by its citizens:

## AGRICULTURE AND LANDHOLDING

### 1. GENERAL

10171

American husbandry. Containing an account of the soil, climate, production and agriculture of the British colonies in North-America and the West-Indies; with observations on the advantages and disadvantages of settling in them, compared with Great Britain and Ireland. By an American. London, J. Bew, 1775. 2 v. S441.A5 Rare Bk. Coll.

A new edition, edited by Harry J. Carman, was published in New York by Columbia University Press (1939).

Authorship not definitely established; evidence indicates that the author was either John Mitchell or Arthur Yound (see Carman's introduction to the 1939 edition).

10172

Bean, Walton E. War and the British colonial farmer: a re-evaluation in the light of new statistical records. *Pacific historical review*, v. 11, Dec. 1942: 439-448. F851.P18, v. 11

10173

Contributions to American economic history, [5].

"Classified and critical bibliography": p. 454-473.

"Alphabetical index of authors": p. 474-492.

Reprinted in New York by P. Smith (1941).

An encyclopedic description of land, labor, and the techniques of agricultural production. For the 18th century the authors pay particular attention to pioneer farming as a means of capital accumulation, the internal, coastal, and foreign trade in agricultural products, and the evolution from a liberal land policy to one of reckless prodigality after 1780.

10174

Bridgman, Richard. Jefferson's farmer before Jefferson. *American quarterly*, v. 14, winter 1962: 567-577. AP2.A3985, v. 14

Despite the celebration of the agrarian myth by Jefferson, Crèvecoeur, Freneau, and others following the Revolution, the author reports that more detached observers found the common American farmer to be lazy, slovenly, and debauched.
